PRODUCTS OF SPECIAL INTEREST TO THE EXPORTS OF
LESS-DEVELOPED COUNTRIES

Communication from Yugoslavia

The following communication has been received from the delegation of Yugoslavia.

In accordance with the decision taken by the Trade Negotiations Committee, I have the honour to transmit to you herewith a list of products of special interest to exports of my country and which it would not wish to see included in the exceptions lists of developed countries participating in the Kennedy Negotiations on the basis of the across-the-board reduction of customs duties.

I should like to add that the products underlined in the attached list are those for which my country would welcome a tariff reduction greater than the across-the-board rate, or even the complete elimination of customs duties.
