PRODUCTS OF SPECIAL INTEREST TO THE EXPORTS
OF LESS-DEVELOPED COUNTRIES

Communication from Peru

The following communication has been received from the delegation of Peru.

On the instructions of my Government, I have the honour to enclose herewith a list of products of special interest to Peru, prepared in compliance with the recommendations of the Trade Negotiations Committee (TN.64/31 and TN.64/SR.8). My Government hopes that these products will not be included in the exceptions lists of industrialized countries for the Kennedy Round trade negotiations.

In accordance with the same instructions, I am also forwarding a list of products on which Peru wishes to secure tariff reductions of more than 50 per cent or duty-free entry.
