PRODUCTS OF SPECIAL INTEREST TO THE EXPORTS OF LESS-DEVELOPED COUNTRIES

Communication from Argentina

The following communication has been received from the delegation of Argentina.

On the instructions of my Government, I have the honour to transmit to you here-
with two lists of products of special export interest to the Argentine Republic.

In accordance with the decision of the Sub-Committee on the Participation of the
Less-Developed Countries, these lists are submitted in order to indicate to contracting
parties the products of special interest for our country, so that those products may
not be included in the exceptions lists presented by industrialized countries partici-
pating in the Kennedy Round. It is also hoped that, where feasible, reductions of
more than 50 per cent will be made on these products.
