Addendum

SWEDEN

A recent description of the Swedish agricultural policy has been given in the FAO document C 73/LIM/2 November 1973, titled "Sweden, a case study in agricultural adjustment".

Further, OECD is expected to circulate in a few weeks time within the framework of the present review of agricultural policies a chapter concerning Sweden, to which may also be referred.

Finally, it may be mentioned that the future Swedish agricultural policy is at present under consideration by a Royal Commission appointed in 1972.
