GROUP 3(e) - BASIC DOCUMENTATION

Inventory of Quantitative Import Restrictions
Applied by Countries Other than those
Covered by the Joint Working Group

Addendum

ICELAND

Explanatory Notes

1. The products subject to the various restrictions are shown in the list and arranged by their respective BTN numbers.
2. The European Communities have indicated an interest for the BTN numbers 04.05, 22.08 and 22.09.
3. Type of restrictions:

The products listed are subject to global quotas and discretionary licensing (GQ, DL) or discretionary licensing (DL).

Iceland has bilateral trade and payments agreements with the USSR and the German Democratic Republic. Trade with the German Democratic Republic is based upon a non-official agreement between the Foreign Trade Office of the German Democratic Republic and the Iceland Barter Association. The trade agreement with USSR contains fixed quotas and the payments agreements stipulates swing credit margins. Liberalized goods are importable from these countries on the same conditions as from other countries.

State trading is identified by the symbol ST.

4. Import restrictions will be abolished before 1975 in the case of products falling under BTN Nos. 17.04, 18.06, 20.04, 21.07, 22.03 and 22.04.
