MEETING AT TECHNICAL LEVEL OF SEPTEMBER/OCTOBER 1975

Note by the Secretariat

Addendum

The Sub-Group "Technical Barriers to Trade" has agreed that at its meeting of January/February 1976 it should examine the points identified at technical level relating to standards and packaging and labelling on the basis of the secretariat note on the meeting (MTN/NTM/W/25) and any other points raised before the meeting (MTN/NTM/W/24, paragraph 11).

This paper sets out the comments and suggestions submitted by the Government of India on the proposed GATT Standards Code.

We would suggest incorporation of an additional article at an appropriate place in the Code. The article should read as follows:

"For transport of bulky packages, adherents should follow the same pictorial and other such markings for safety requirements, handling, storage etc. which should conform to those laid down by the ISO."
