COMMUNICATION FROM HUNGARY

**Draft Schedule of Hungary concerning
Initial Commitments on Trade in Services**

The following communication is circulated at the request of Hungary to members of the Group of Negotiations on Services.

Hungary submits herewith its draft schedule of initial commitments under the draft General Agreement on Trade in Services.

The schedule is based on the draft GATS text as revised on 29 October 1993. Commitments offered are in line with the level of development and the situation of Hungary as called for in paragraph 1 of the "Substantive Guidelines for the Negotiation of Initial Commitments during the Uruguay Round" attached to the draft GATS.

The present submission incorporates improvements and clarifications resulting from negotiations with other participants. The draft schedule follows, with minor variations, the nomenclature used in document MTN.GNS/W/120. In cases, where the description of sectors/sub-sectors are different from those contained in the Provisional Central Product Classification (PCPC), commitments are assumed solely to the extent defined in the schedule.

Measures applied in relation to transfers and payments linked to services, based on Hungary's rights under Article XIV of the IMF Articles of Agreement are not stipulated in the draft schedule as they meet the conditions set out in paragraph 2 of Article XI of the draft GATS.

Hungary reserves the right to modify its draft schedule, depending on the final outcome of the negotiations and, in particular, on the willingness of participants to undertake meaningful commitments in line with their level of development without diluting or circumventing the national treatment and MFN provisions of the GATS.

Hungary also reserves the right to make technical changes, if needed, and to correct possible inaccuracies and omissions in the draft schedule.
