INVENTORY OF NON-TARIFF BARRIERS

Specific Limitations on Imports and Exports

Corrigendum

The following additions should be made on the pages ~~indicated~~ to take account of notifications by Uruguay.

In this connexion, the representative of Uruguay has drawn attention to Uruguay's continuing interest in removal of non-tariff barriers to trade in all of the export products considered earlier by the Panel of Experts in connexion with Uruguay's complaints under Article XXIII (L/1662/Rev.1). Some of the products considered there are not included in this notification in consideration of the fact that they may be regarded as agricultural rather than industrial products.
