NOTIFICATIONS REFERRED TO COMMITTEE ON AGRICULTURE IN FIRST EXAMINATION OF INVENTORY

Note by the Secretariat

Revision

Following are the notifications, identified by page numbers in the respective addenda to COM.IND/6 in which they originally appeared, which have been referred to the Committee on Agriculture.¹ This action was taken on the understanding that if it appeared at a later stage that that Committee had not been able to give attention to some or all of the matters so referred, it might be desirable to reconsider them in the Industrial Committee, since it had always been agreed that all notifications should receive consideration in one forum or the other. Item numbers are also cited. In cases where countries have joined in notifications already made by others, only the original document is cited but additional sources appear on the sheets reporting the items in the inventory.
