TO THE EXECUTIVE SECRETARY

Sir,

We have the honor to inform you that the Delegations of Finland and Uruguay, held a meeting the 30 th. of June, 1949 and agreed as follows:

The Delegations of Finland and Uruguay after exchanging lists of offers of tariffs concessions, arrived at the conclusion that most of the products that interest Finland are being negotiated by Uruguay with the principal supplier, this does not permit Uruguay at this moment to compensate the offers made by Finland. Both parties agreed not to insist in the direct negotiation on the basis of the lists that have been exchanged and to apply to each other, instead, the most favored nation treatment. By this mutual agreement, both Finland and Uruguay will benefit from the concessions agreed and from those to be agreed upon, in the future, with each of the Contracting Parties or Acceding Parties.-

We are, Sir,

Sincerely Yours

By the Finland Delegation
