Global Value Chains in a Changing World

Edited by Deborah K. Elms and Patrick Low

A collection of papers by some of the world's leading specialists on global value chains (GVCs). It examines how GVCs have evolved and the challenges they face in a rapidly changing world. The approach is multi-disciplinary, with contributions from economists, political scientists, supply chain management specialists, practitioners and policy-makers. Co-published with the Fung Global Institute and the Temasek Foundation.

ISBN 978-92-870-3882-1

To be published in July 2013 | 410 pages | price: CHF 60.-

Supply Chain Perspectives and Issues:

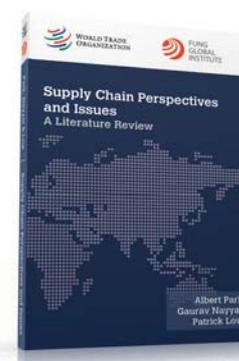

A Literature Review

Written by Albert Park, Gaurav Nayyar and Patrick Low

Global value chains (GVCs) have become ubiquitous. The literature that attempts to understand and explain GVCs is vast, multi-disciplinary and no less complex than the phenomenon itself. This volume is an ambitious attempt at a fairly comprehensive review of literature on the subject. Co-published with the Fung Global Institute.

ISBN 978-92-870-3893-7

To be published in July 2013 | 228 pages | price: CHF 35.-

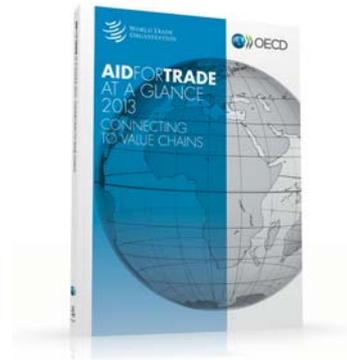

Aid for Trade at a Glance 2013:

Connecting to Value Chains

This joint OECD-WTO publication puts a spotlight on aid for trade to assess what is happening, what is not happening, and where improvements are needed. The analysis is focused on trends in aid for trade policies, programmes and practices. It shows that the Aid-for-Trade Initiative is delivering tangible results in improving trade performance and bettering people's lives in developing countries, notably those of women. Co-published with the OECD.

ISBN 978-92-870-3868-5

To be published in July 2013 | 408 pages | price: CHF 90.-

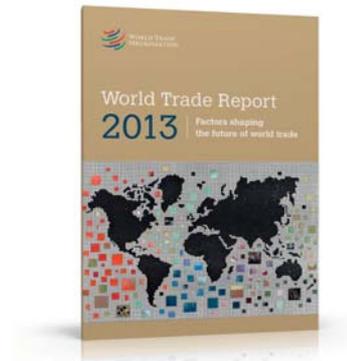

World Trade Report 2013:

Factors shaping the future of world trade

The *World Trade Report 2013* focuses on the factors that will influence world trade in the years to come. It looks at what has shaped global trade in the past and reviews how demographic change, investment, technological progress, developments in the transport and energy/natural resource sectors as well as trade-related policies and institutions affect international trade in various ways.
