1 ARTICLE 8 OF THE AGREEMENT ON TRADE IN CIVIL AIRCRAFT

1.1 Text of Article 8

Article 8

Surveillance, Review, Consultation, and Dispute Settlement

8.1 There shall be established a Committee on Trade in Civil Aircraft (hereinafter referred to as "the Committee") composed of representatives of all Signatories. The Committee shall elect its own Chairman. It shall meet as necessary, but not less than once a year, for the purpose of affording Signatories the opportunity to consult on any matters relating to the operation of this Agreement, including developments in the civil aircraft industry, to determine whether amendments are required to ensure continuance of free and undistorted trade, to examine any matter for which it has not been possible to find a satisfactory solution through bilateral consultations, and to carry out such responsibilities as are assigned to it under this Agreement, or by the Signatories.

8.2 The Committee shall review annually the implementation and operation of this Agreement taking into account the objectives thereof. The Committee shall annually inform the CONTRACTING PARTIES to the GATT of developments during the period covered by such review.

8.3 Not later than the end of the third year from the entry into force of this Agreement and periodically thereafter, Signatories shall undertake further negotiations, with a view to broadening and improving this Agreement on the basis of mutual reciprocity.

8.4 The Committee may establish such subsidiary bodies as may be appropriate to keep under regular review the application of this Agreement to ensure a continuing balance of mutual advantages. In particular, it shall establish an appropriate subsidiary body in order to ensure a continuing balance of mutual advantages, reciprocity and equivalent results with regard to the implementation of the provisions of Article 2 above related to product coverage, the end-use systems, customs duties and other charges.

8.5 Each Signatory shall afford sympathetic consideration to and adequate opportunity for prompt consultation regarding representations made by another Signatory with respect to any matter affecting the operation of this Agreement.

8.6 Signatories recognize the desirability of consultations with other Signatories in the Committee in order to seek a mutually acceptable solution prior to the initiation of an investigation to determine the existence, degree and effect of any alleged subsidy. In those exceptional circumstances in which no consultations occur before such domestic procedures are initiated, Signatories shall notify the Committee immediately of initiation of such procedures and enter into simultaneous consultations to seek a mutually agreed solution that would obviate the need for countervailing measures.

8.7 Should a Signatory consider that its trade interests in civil aircraft manufacture, repair, maintenance, rebuilding, modification or conversion have been or are likely to be adversely affected by any action by another Signatory, it may request review of the matter by the Committee. Upon such a request, the Committee shall convene within thirty days and shall review the matter as quickly as possible with a view to resolving the issues involved as promptly as possible and in particular prior to final resolution of these issues elsewhere. In this connection the Committee may issue such rulings or recommendations as may be
appropriate. Such review shall be without prejudice to the rights of Signatories under the
GATT or under instruments multilaterally negotiated under the auspices of the GATT, as they
affect trade in civil aircraft. For the purposes of aiding consideration of the issues involved,
under the GATT and such instruments, the Committee may provide such technical assistance
as may be appropriate.

8.8 Signatories agree that, with respect to any dispute related to a matter covered by this
Agreement, but not covered by other instruments multilaterally negotiated under the
auspices of the GATT, the provisions of Articles XXII and XXIII of the General Agreement
and the provisions of the Understanding related to Notification, Consultation, Dispute Settlement
and Surveillance shall be applied, mutatis mutandis, by the Signatories and the Committee
for the purposes of seeking settlement of such dispute. These procedures shall also be applied
for the settlement of any dispute related to a matter covered by this Agreement and by
another instrument multilaterally negotiated under the auspices of the GATT, should the
parties to the dispute so agree.

1.2 Committee on Trade in Civil Aircraft

1. The Committee on Trade in Civil Aircraft reviews annually the implementation of the
Agreement on Trade in Civil Aircraft ("Civil Aircraft Agreement") pursuant to Article 8.2 thereof and
submits an annual report to the General Council pursuant to Article IV:8 of the WTO Agreement.\(^1\)

1.3 Subsidiary bodies

2. As of March 2021, none of the subsidiary bodies are active.\(^3\)

1.4 Dispute settlement

3. The application of dispute settlement under the Civil Aircraft Agreement and its relation
to dispute settlement under other agreements was discussed in March 1991 and April 1991.\(^4\)

4. The Civil Aircraft Agreement is listed as a "covered agreement" in Appendix 1 of the Dispute
Settlement Understanding. Appendix 1 provides that "[t]he applicability of this Understanding to the
Plurilateral Trade Agreements shall be subject to the adoption of a decision by the parties to each
agreement setting out the terms for the application of the Understanding to the individual
agreement, including any special or additional rules or procedures for inclusion in Appendix 2, as
notified to the DSB." From 1993 to 1997, on a number of occasions, the Committee discussed
possible terms for rectification of the Civil Aircraft Agreement, including terms for application of the
rules and procedures of the Dispute Settlement Understanding to disputes under the Agreement. As
the Committee was unable to reach agreement on such a decision, as of March 2021, the Dispute
Settlement Understanding still does not apply to disputes brought under the Agreement on Civil
Aircraft.

Aircraft. Paragraphs 9 and 10 of the "General" file discuss the Committee's examination of proposals under
Article 8.3 (during the GATT) to extend the coverage of the Annex to the Agreement on Trade in Civil Aircraft.
The Committee established the Sub-Committee of the Committee on Trade in Civil Aircraft to facilitate
negotiations of any such proposals. Meetings of the Sub-Committee would be open to signatories and
interested non-signatories. The Sub-Committee has not met since its fourteenth meeting in November 1995.

Paragraphs 9 and 10 of the "General" file discuss the establishment of a Technical Sub-Committee (during the
GATT). The sub-committee was established to examine the implementation of the provisions of Article 2 and to
examine proposals for modifying the product coverage of the Agreement.
