On Certain Issues of Activity Licensing for Production of Ethyl Spirits and Production, Storage, Wholesale and (or) Retail Sales of Alcohol Products Except for Storage, Wholesale and (or) Retail Sale of Alcohol Products within the Territory of Production

Resolution of the Government of the Republic of Kazakhstan No. 57 of 29 January 2013

In accordance with Article 6 of the Law of the Republic of Kazakhstan "On Licensing" of 11 January 2007 the Government of the Republic of Kazakhstan HAS DECIDED:

1. To approve the attached qualification requirements and the list of documents conforming compliance with them for conducting activities for production of ethyl spirits and production, storage, wholesale and (or) retail sales of alcohol products except for storage, wholesale and (or) retail sale of alcohol products within the territory of production.

2. Designate:
   1) the Tax Committee of the Ministry of Finance of the Republic of Kazakhstan as a licensor for activities on production of ethyl spirits and alcohol products;
   2) the Tax Authorities of regions, cities of Astana and Almaty as a licensor for activity on storage, wholesale and (or) retail sale of alcohol products except for activity on storage, wholesale and (or) retail sale of alcohol products within the territory of their production;
   3) the Committee of the State Sanitary and Epidemiological Supervision of the Ministry of the Public Health of the Republic of Kazakhstan and its territorial divisions as the state agency coordinating issuance of a license and (or) an annex to license for production of ethyl spirits and alcohol products confirming applicant's compliance with sanitary and epidemiological requirements of the Republic of Kazakhstan.

3. To repeal some decisions of the Government of the Republic of Kazakhstan in accordance with the Annex to this Resolution.

4. This Resolution shall come into force upon expiration of twenty-one calendar days after the first official publication, with the exception of paragraph 2, which shall come into force from the date of signing.

For activity on ethyl alcohol production:
1. Permanent premises on property rights that comply with data specified in the manufacturing
data sheet of ethyl alcohol production:
   to indicate:
   1) address of location (zip code, area, city, region, settlement, name of street, number of
   house/building (of permanent premises) ________________________________;
   2) cadastral number of permanent premises __________________________;
   3) basis for property right ______________________________________;
   4) number and date of document (documents) confirming occurrence of property
   right ________________________________ __________________________;
   5) designated purpose (letter on plan) ________________________________;
   6) total area of permanent premises ________________________________;
   7) year built ___________________________________________________

2. Communications (water supply, electricity and sewerage) supporting production of ethyl
alcohol in permanent premises:
   to indicate:
   1) name of contract (contracts) on provision of permanent premises with water, electricity and
   sewerage ____________________________________________________;
   2) name and date of contract (contracts) ________________________________

3. Alcohol metering devices providing automated information transmission to the licensor on
output volumes:
   to indicate:
   1) name and date of contract (contracts) for procurement, assembly and installation of devices
   ________________________________________________________________;
   2) quantity of devices ____________________________________________;
   3) presence of software allowing automated information transmission

4. Storage designated for storage, preparation (reproduction), transfer of raw materials for
production of ethyl alcohol:
   to indicate:
   1) basis for property right ________________________________________;
   2) designated purpose (letter on plan) ________________________________;
   3) number and date of document (documents) confirming
occurrence of property right____________________________________________;
4) area of storage________________________________________________________;
5) volume of total storage area____________________________________________.
5. Instrumentation allowing to monitor the storage conditions of raw materials,
auxiliary materials, ethyl alcohol by temperature and humidity conditions, calibrated in accordance
with the requirements of the state system for ensuring the measurements uniformity:
to indicate:
1) number and date of document (documents) confirming procurement of instrumentations
________________________________________________________________________;
2) name of organization carrying out calibration of instrumentations
________________________________________________________________________;
3) date of the last and next calibration______________________________.

For activity on alcohol products production:
1. Permanent premises on property rights that comply with data specified in the manufacturing
data sheet of alcohol products production:
to indicate:
1) address of location (zip code, area, city, region, settlement, name of street, number of
house/building (of permanent premises)________________________________________;
2) cadastral number of permanent premises______________________________;
3) basis for property right__________________________________________________;
4) number and date of document (documents) confirming
occurrence of property right____________________________________________;
5) designated purpose (letter on plan)________________________________________;
6) total area of permanent premises________________________________________;
7) year built______________________________________________________________.
2. Communications (water supply, electricity and sewerage) supporting production of alcohol
products in permanent premises:
to indicate:
1) name of contract (contracts) on provision of permanent premises with water, electricity and
sewerage______________________________________________________________;
2) name and date of contract (agreement) ______________________________________;
3. Alcohol metering devices providing automated information transmission to the licensor on
output volumes (except for carbon dioxide and wine materials):
to indicate:
1) name and date of contract (contracts) for procurement, assembly and installation of devices
________________________________________________________________________;
2) quantity of devices______________________________________________________;
3) presence of software allowing automated information transmission
________________________________________________________________________.
4. Storage designated for storage, preparation (reproduction), transfer of raw materials for
production of alcohol products:
to indicate:
1) basis for property right__________________________________________________;
2) designated purpose (letter on plan)________________________________________;
3) number and date of document (documents) confirming
occurrence of property right____________________________________________;
4) area of storage__________________________________________________________;
5) volume of total storage area____________________________________________._
auxiliary materials and alcohol products by temperature and humidity conditions, calibrated in accordance with the requirements of the state system for ensuring the measurements:

to indicate:
1) number and date of document (documents) confirming procurement of devices
2) name of organization carrying out calibration of instrumentations
3) date of the last and next calibration

For activity on storage and wholesale of alcohol products except for activity on storage and wholesale of alcohol products within the territory of their production:

1. Communications (water supply, electricity and sewerage) in warehouses:

to indicate:
1) name of contract (contracts) on provision of warehouse with water, electricity and sewerage
2) name and date of contract (contracts)

2. Information about presence or absence of two or more licensees in the given warehouse that store and wholesale alcoholic products:

indicate presence or absence of two or more licensees in the warehouse

3. Instrumentation allowing to monitor the storage conditions of alcoholic products by temperature and humidity conditions, calibrated in accordance with the requirements of the state system for ensuring the measurements uniformity:

to indicate:
1) number and date of document (documents) confirming procurement of devices
2) name of organization carrying out calibration of devices
3) date of the last and next calibration

For activity on storage and retail sale of alcohol products except for activity on storage and retail sale of alcohol products within the territory of their production:

1. Communications (water supply, electricity and sewerage) of permanent premises:

to indicate:
1) name of contract (contracts) on provision of permanent premises with water, electricity and sewerage
2) name and date of contract (contracts)

2. Cash register with fiscal record:

indicate number and date of document confirming registration of cash register

3. Instrumentation allowing to monitor the storage conditions of alcoholic products by temperature and humidity conditions, calibrated in accordance with the requirements of the state system for ensuring the measurements uniformity:

to indicate:
1) number and date of document (documents) confirming procurement of devices
