AN ACT TO AMEND CHAPTER 29, MINISTRY OF COMMERCE AND INDUSTRY, OF THE EXECUTIVE LAW, TITLE 12, LIBERIAN CODE OF LAWS REVISED, TO PROVIDE FOR THE ESTABLISHMENT OF A DEPARTMENT OF SMALL BUSINESS ADMINISTRATION

PREAMBLE

WHEREAS it is in the best interest of Liberia to encourage and promote the establishment, growth and expansion of micro, small and medium-sized enterprises; and,

RECOGNIZING that the economy of Liberia depends heavily on the success of micro, small and medium-sized enterprises, the Government of Liberia has instituted the policy to assist, promote and foster the interests of those enterprises by ensuring that they receive their fair share of procurement contracts for the provision of goods and services to the Government, and that such enterprises have adequate access to capital at competitive rates of interest and with reasonable terms and conditions that will enable these businesses to expand and grow; and,

RECOGNIZING that a vibrant micro, small and medium-sized business sector is essential to the economic recovery of Liberia, since it strengthens the economy, stimulates an open and competitive marketplace through increased employment opportunities for Liberians, provides a greater supply of goods and services produced and offered for sale within Liberia, and offers more opportunities to export Liberian goods and services to foreign states, all of which benefit Liberia;

(b) All such recommendations shall be forwarded to the Ministry of Finance and the Ministry of Justice for appropriate advice and the grant of such loan to the MSME shall be strictly the prerogative of the institution granting the loan to perform due diligence to ascertain the capacity of the MSME to repay such loan.

(c) In the event the Department recommends that the Government guarantees the loan, such guarantee shall be approval by the Inter-agency Committee established by this Act with the advice of the Ministry of Justice.
PART IV
GOVERNMENT PROCUREMENT CONTRACTS

Section 4.1. Government Policy and Objectives

(a) In furtherance of the objectives of this Act, all Liberian-owned MSMEs shall be provided with the greatest practicable opportunity to participate in the performance of Procurement Contracts.

(b) Consistent with subsection (a) above, it shall be mandatory that prime contractors under any Procurement Contracts establish procedures that guarantee that Liberian-owned MSMEs are provided the opportunity, whether through subcontracts or otherwise, to participate to the greatest extent practicable in the performance of Procurement Contracts to which a prime contractor is a party.

(c) In furtherance of the mandates set forth in subsections (a) and (b) of this section, the Department, in collaboration with the Public Procurement and Concession Commission (PPCC), shall ensure that, in respect of each fiscal year of the Government, at least 25% of all Public Procurement Contracts entered into by all government institutions including state owned enterprises shall be allocated and provided to Liberian-owned MSMEs, of which at least 5% shall be allocated and provided to Women-owned MSMEs. For greater certainty, the foregoing percentages relate to the aggregate monetary value of all Procurement Contracts during the life of each contract.

(d) To facilitate the achievement of the percentage set forth in subsection (c), the Department shall consult with each Government Agency on a regular and continuous basis throughout each fiscal year to ensure that, in respect of that year, each such Agency sets aside and allocates, to the greatest extent possible, at least twenty-five (25%) of all Procurement Contracts which it proposes to enter into during the year exclusively for Liberian-owned MSMEs. Each Government Agency shall make appropriate adjustments to its “set-asides” of Procurement contracts throughout each year as circumstances warrant to ensure that the 25% allocation is achieved. Each Government Agency on a quarterly basis shall provide to the Department such reports, studies, materials, data and statistical information to confirm that the requirements of this section have been and will continue to be duly satisfied.

(e) Without limiting the generality of the foregoing, the Department shall ensure that, to the greatest extent practicable, procurement strategies are adopted by each Government Agency that is entering into Procurement Contracts to ensure that Liberian-owned MSMEs are aware of, and are afforded an equitable opportunity to compete for those Procurement Contracts which are set aside and allocated by such Agency for Liberian-owned MSMEs, pursuant to subsection (d) of this section.

(f) In furtherance of subsection (e) of this section, the Department, PPCC, pursuant to its procurement proposal approval powers, and the head of procurement for each Government Agency that proposes to enter into Procurement Contracts in a particular fiscal year shall meet to establish the procurement strategies of that Agency for that year, and shall consult with each other throughout the year with respect to the implementation and effectiveness of those strategies.
In addition to the foregoing, the Department in collaboration with the PPCC shall ensure that each Government Agency has in place a policy requiring prime contractors to enter into subcontracts with Liberian-owned MSMEs, and that each Government Agency clearly communicates that policy to prime contractors, pursuant to the regulations.

In furtherance of the policy set forth in this section, the Department shall ensure that Liberian-owned MSMEs have adequate access to capacity development opportunities through a network of certified business services providers and entrepreneurship promotion services through a network of various tertiary institutions.

Section 4.2. Monitoring of Objectives

(a) Each Government agency shall, at the conclusion of each fiscal quarter, or more frequently, if so requested by the Department, submit a report to the Department setting out:

i. the extent of participation by Liberian-owned MSMEs in procurement contracts entered into by such government agency during the year;

ii. whether the Government agency achieved the goals established for that respective year pursuant to section 4.1; and

iii. if the Government Agency did not achieve such goals, the reason or reasons for such failure.

(b) The Department shall review the reports received pursuant to section 4.3 and, in comparison with its own data regarding the performance of procurement contracts, determine, and continuously monitor, whether, at any time or from time to time and, in particular, at the end of each fiscal year, the participation by Liberian-owned MSMEs in procurement contracts is at an adequate level in light of the purpose, intent and policies of this Act, including, in particular, whether the percentages prescribed in section 4.1 were achieved in respect of each fiscal year.

Section 4.3. Reporting Obligations

(a) The Deputy Minister shall provide a quarterly performance report to the Minister on the work of the Department generally and, in particular, indicating the extent to which there has been compliance with the percentage requirements prescribed in section 4.1 in respect of that current fiscal year.

(b) The inter-agency Steering Committee shall meet semi-annually and shall be provided with a copy of the semi-annual performance report referred to in sub-section (a) above. It shall review and discuss the report and shall provide guidance to the Deputy Minister, as appropriate, with respect to how the policies and objectives of this Act could be better achieved. The Inter-agency Steering Committee shall review and comment on the semi-annual report referred to in section (c) prior to it being submitted to the President and the Cabinet.
(c) Not later than thirty (30) days after the end of each semester of the fiscal year, the Department shall submit a semi-annual performance scorecard report to the President and the Cabinet setting forth, among other things, whether the purposes, policies, goals and objectives of this Act have been achieved in respect of that year, sufficient data and statistical information to indicate the level of participation in the performance of procurement contracts by Liberian-owned MSMEs in that year, an assessment of the prospects of such participation in the following year, and such other matters that pertain to the effective and efficient administration and implementation of this Act as the Department considers necessary or relevant.

(d) The reports, which are required to be prepared pursuant to this section, shall include, where relevant, information received by the Department in the reports provided to it by each Government Agency pursuant to section 4.2.

(e) In furtherance of implementing the objectives of this Act and not in limitation of the authority vested in the PPCC, The Act establishing the Public Procurement and Concessions Commission is hereby amended to the extent necessary to carry into effect the provisions of this section.

PART V

(b) A request to investigate or a complaint or information which is delivered or provided to the Department pursuant to subsection (a) of this section shall set forth the nature of the alleged contravention and shall contain a concise statement of the evidence which the person making the request or complaint or providing information believes supports the allegation that a contravention has occurred.

(b) In addition to the penalties prescribed under this section, if a person knowingly misrepresents the status of any business organization as a Liberian-owned MSME, that person and the MSME shall be ineligible to participate in any public procurement activity and this program or activity under this Act for a period not less than five (5) years.

(c) An aggrieved party may seek from the court any form of relief including injunctive relief, both interim and permanent, prohibition orders or other remedies, whether from enforcement of the provisions of this Act or decisions of the Ministry, on such terms and for such time periods as the court directs to meet the circumstances of the case.
