ORDER
OF THE ADMINISTRATION OF THE KALININGRAD REGION
AND THE STATE CUSTOMS COMMITTEE OF THE RUSSIAN FEDERATION
NO. 296-R/01-14/1365 OF DECEMBER 31, 1998
ON THE APPROVAL OF THE PROCEDURE FOR DETERMINING THE ORIGIN
OF GOODS FROM THE SPECIAL ECONOMIC ZONE IN THE KALININGRAD REGION
(with Amendments and Addenda of October 3, 2000)

1. To approve the annexed Procedure for Determining the Origin of Goods from the Special Economic Zone in the Kaliningrad Region.

2. To recommend the Kaliningrad Chamber of Commerce and Industry, in agreement with the Kaliningrad Customs Department, to establish a procedure for the issuance of general certificates on the origin of goods from the Special Economic Zone in the Kaliningrad Region, having regard to that such certificates are issued in the presence of a confirmed written permission of the Kaliningrad Customs Department.

Head of the Administration (Governor) of the Kaliningrad Region
L.P. Gorbenko

Chairman of the State Customs Committee of the Russian Federation
V.G. Draganov

Registration No. 1829

Annex
to the Order of the State Customs Committee of the Russian Federation and the Administration of the Kaliningrad Region No. 296-r/01-14/1365 of December 31, 1998

This Procedure was amended by Order of the Administration of the Kaliningrad Region and the State Customs Committee (SCC) of the Russian Federation of the Russian Federation No. 185-r/01-99/1124 of October 3, 2000

The amendments shall enter into force 30 days after the official publication of the above Order

Procedure
for Determining the Origin of Goods from the Special Economic Zone in the Kaliningrad Region
(with Amendments and Addenda on October 3, 2000)

1.1. Goods completely manufactured or sufficiently processed on the territory of the Special Economic Zone in the Kaliningrad Region (hereinafter, "the Special Economic Zone") by Russian juridical persons or by individual businessmen (hereinafter, "economic entities") registered according to the established procedure on the territory of the Special Economic Zone, and also sea fishery products caught and/or manufactured in the World Ocean by vessels belonging to economic
entities of the Special Economic Zone or by vessels leased (chartered) by such persons shall be deemed to be originating from the Special Economic Zone.

Goods completely manufactured on the territory of the Special Economic Zone shall be goods considered to be completely manufactured in the Special Economic Zone in accordance with Article 27 of the Law of the Russian Federation on the Customs Tariff.

2. Goods shall be deemed sufficiently processed on the territory of the Special Economic Zone if the following conditions are simultaneously fulfilled.

2.1. For electronics and intricate household appliances (Annex 1):
- a change of the classification code of a commodity by the CC FEA CIS at the level of any of the first four signs, and for certain goods (Annex 2) at the level of the fifth sign occurring as a result of the processing of the commodity;
- the added value of the working (processing) of a commodity constitutes at least 15%;
- in the manufacture of computers special additional criteria shall be applied (Annex 3).

2.2. For other goods:
- a change of the classification code of a commodity by the CC FEA CIS at the level of any of the first four signs, and for certain goods (Annex 4) at the level of the fifth sign occurring as a result of the processing of the commodity, and also
- the added value of the working (processing) of a commodity constitutes at least 30%;
- in the manufacture of motor vehicle, bicycles and tractors special additional criteria of sufficient processing shall be applied (Annex 5).

3. The following operations shall not be deemed to meet the criterion of sufficient processing:
- ensuring the safekeeping of goods during storage or transportation;
- preparation of goods for sale and transportation (fragmentation of a batch, formation of shipments, sorting, repacking);
- mixing of goods (components) without imparting to the products obtained any characteristics making them essentially different from the initial constituents;
- simple assembly operations.

4. The added value of the working (processing) of goods on the territory of the Special Economic Zone shall be calculated by the formula:

\[ Av = \frac{Vc - Pva}{Vc} \times 100\% , \]

where \( Av \) is the added value;
\( Vc \) is the value of a commodity manufactured on the territory of the Special Economic Zone on an ex-works basis;
\( Cva \) is the customs value of accessories not originating from the customs territory of the Russian Federation, without the customs value of accessories not originating from the customs territory of the Russian Federation and released on the customs territory of the Russian Federation into free circulation.

5. The document confirming the origin of a commodity from the Special Economic Zone is the certificate on the origin of goods (hereinafter, "the certificate") issued by the Kaliningrad Chamber of Commerce and Industry (KCCI) on the established form (Annex 6).

The correctness of the information on a commodity in the certificate shall be attested to by the head of the shipping organisation.

The certificate shall be attested to by the head of the KCCI or by an officer authorised to issue the certificate, after which it shall be attested to by the seal of the KCCI. The attested certificate shall be registered in the KCCI.

The original of the certificate shall be submitted to the customs body of the Russian Federation. If the certificate has been lost, an officially attested duplicate thereof shall be accepted.

6. A commodity shall not be deemed to be originating from the Special Economic Zone until a duly attested certificate has been submitted.
If there are any reasonable grounds to doubt the irreprochability of a certificate or the information contained therein, including the information on the origin of a commodity, then the customs body may independently check the reliability of the information indicated in the certificate (including with the help of an expert examination of goods).

7. At the request of an interested person the customs bodies shall submit a copy of a certificate with an original impression of the seal and the signature of the authorised person.

8. Organisations manufacturing a permanent nomenclature of goods may be issued a general certificate on the origin of goods from the Special Economic Zone in the Kaliningrad Region for all products manufactured by such organisations for a period of up to one year.

Annex 1. List of electric equipment and intricate household appliances
Annex 2. List of goods for which it shall be necessary to change the CC FEA CIS code at the level of the fifth sign
Annex 3. Special criteria for the determination of sufficient processing in the manufacture of computers
Annex 4. List of goods for which it shall be necessary to change the CC FEA CIS code at the level of the fifth sign
Annex 5. Special criteria for the determination of sufficient processing in the manufacture of motor vehicles, bicycles and tractors
Annex 6. Certificate on the origin of goods from the Special Economic Zone in the Kaliningrad Region

to the Procedure

Special Criteria for the Determination of Sufficient Processing in the Manufacture of Computers

Stationary personal computers shall be deemed to be originating from the Special Economic Zone if in their manufacture there was used a system board or a video adapter board, or an adopter board of disk drives HDD/FDD, or a power supply unit originating from the territory of the Russian Federation, and also if in the making of computers the following technological operations were fulfilled:
- input control of the assembly elements;
- mounting in the case of the following functional units system, board, power supply unit, boards of video adapter and adapters of disk drives HDD/FDD of Winchester type, microcircuits or memory modules of the SIMM/SIPP type, processor;
- configuration and adjustment of computer (installation of configuration RAM, FDD, HDD, video adapter, and also formation of HDD);
- testing of computer, including the fulfilment of a complex test of the check of the performance of computer during 14 hours.

Portable personal computers shall be deemed to be originating from the Special Economic Zone if in their manufacture there was used a system board or a display controller board, or a keyboard controller board, or a power supply adapter originating from the territory of the Russian Federation, and also if in the making of computers the following technological operations were fulfilled:
- input control of the assembly elements;
- mounting in the case of the following functional units: system board, processor, display, keyboard block, disk drives HDD and FDD;
- configuration and adjustment of computer (installation of configuration RAM, FDD, HDD, video adapter, and also formatting of HDD);
- testing of computer, including the fulfilment of a complex tests of the check of the performance of computer during 14 hours.

Annex 5
to the Procedure

Special Criteria for the Determination of Sufficient Processing in the Manufacture of Motor Vehicles, Bicycles and Tractors

The assembly and/or restoration of tractors, motor vehicles, motorcycles, scooters, mopeds and bicycles shall be carried out by entities of economic activity of the Special Economic Zone at specially created plants.

The designing and technological solutions and the composition of the operations to be performed at a plant must be approved by the head design-and-technological organisations in the field of motor-vehicle and tractor construction. The plant must be provided with special equipment, including for washing and painting, with facilities for checking the fulfilment of assembly and adjustment works, and with testing stands. The plant must be certified and a guarantee of the manufacturer of relevant pattern must be issued for the products.

The above-mentioned general requirements being observed, the criterion of sufficient processing shall be the simultaneous fulfilment of the following conditions:

a) a change of the classification code of a commodity by the CC FEA CIS at the level of any of the first nine signs occurring as a result of the processing of the commodity;

b) the assembly of tractors and motor vehicles is carried out from assembly sets of the international classification CKD (Completely Knocked Down) or SKD (Semi Knocked Down) in the following composition:
   - body painted and furnished with interior components and with electric equipment, with front, back and side glasses (without engine as a unit, gear box and clutch, back suspension as a units, drive semi-axle, silencer as a unit, radiator, wheels and tyres, accumulator);
   - assembled engine (without starter, cooling liquid and oil);
   - assembled speed-change box and clutch;
   - separately delivered units and parts (assembled back suspension, drive semi-axles, silencer as a unit, radiator, accumulator, wheels and tires).

c) the assembly of motorcycles, mopeds and bicycles is carried out from assembly sets of the international classification CKD (Completely Knocked Down) or SKD (Semi Knocked Down) in the following composition:
- crew part (frame), painted, not furnished with interior components and electric equipment;
- assembled engine;
- assembled speed-change box and clutch;
- separately delivered units and parts.
