

**DECISION OF THE GOVERNMENT OF THE RUSSIAN FEDERATION NO. 287 OF APRIL 29, 2002 ON
THE INTRODUCTION OF AMENDMENTS TO THE LIST OF GOODS SUBJECT TO COMPULSORY
CERTIFICATION, TO THE LIST OF WORKS AND SERVICES SUBJECT TO COMPULSORY
CERTIFICATION AND TO THE LIST OF PRODUCTS THE COMPLIANCE OF WHICH MAY BE
CONFIRMED BY THE DECLARATION OF COMPLIANCE**

The Government of the Russian Federation resolves:

1. To approve the appended amendments which are introduced to the list of goods subject to compulsory certification, to the list of works and services subject to compulsory certification, which were endorsed by the Government Decision No. 1013 of August 13, 1997 (Sobraniye Zakonodatelstva Rossiyskoy Federatsii No. 33, 1997, item 3899; No. 22, 2000, item 2317; No. 1, Part II, 2002, item 53), and to the List of products, the compliance of which may be confirmed by the declaration of compliance, approved by the Government Decision No. 766 of July 7, 1999 (Sobraniye Zakonodatelstva Rossiyskoy Federatsii No. 29, 1999, item 3746; No. 22, 2000, item 2317).

2. The State Committee of the Russian Federation for Standardisation and Metrology and the interested federal executive bodies shall be instructed to carry on the work on the further reduction of the nomenclature of products subject to compulsory certification and of the expansion of the nomenclature of products, the compliance of which may be confirmed by the declaration of compliance, and to submit in the established order their proposals on the given issue to the Government of the Russian Federation in the third quarter of 2002.

Chairman
of the Government
of the Russian Federation

Mikhail Kasyanov

**Amendments Introduced to the List of Goods Subject to Compulsory Certification, the List of
Works and Services Subject to Compulsory Certification, Which Are Approved by the Government
Decision No. 1013 of August 13, 1997, and to the List of Products, the Compliance of Which May
Be Confirmed by the Declaration of Compliance, Approved by the Government Decision No. 766
of July 7, 1999 (Passed by the Decision of the Government of the Russian Federation No. 287 of
April 29, 2002)**

1. In the list of goods subject to compulsory certification, approved by the Government Decision No. 1013 of August 13, 1997:

a) in the Section "Goods for Children" the codes of classes 87-89 shall be replaced by the codes of classes 88, 89;

b) in the Section "Goods for the Prophylaxis and Treatment of Diseases, Technical Means for the Rehabilitation of Invalids": the words "individual first-aid kits; frames for correcting spectacles and glass lens" and the words "walking sticks" shall be omitted; the Section shall be supplemented after the word "wheelchairs" with the word "medicines";

c) the Section "Perfume and Cosmetics and Toilet Soap" shall be worded as follows:

"Perfume and cosmetics

Scent and natural volatile oils; 91";
perfume and cosmetic sets;
cosmetics

d) in the Section "Textiles" the words "the unwoven stuff, unwoven fabrics" shall be excluded;

e) the Section "Clothing and Head Gear" and "Knitted Goods" shall be worded as follows:

"Clothing

Linen goods 85

Knitted goods

Knitted linen 84";

f) in the Section "Footwear" the codes of classes 25 and 81 shall be excluded;

g) in the Section "Building materials" the words "heat-insulation materials and sound insulators" shall be omitted;

- h) in the Section "Items of the Home Furniture" the code of class 89 shall be excluded;
- i) in the Section "Household goods" the words "Hand pumps" shall be excluded;
- j) in the Section "Cultural Goods, Goods for Rest and Entertainment" the words "school and other stationery" shall be excluded;
- k) in the Section "Sports Goods, Pleasure Boats and Craft, Hunting and Fishery Tackle" the words "joints, details, tools and hunting tackle; amateur fishing tackle" and the code of class 96 shall be omitted;
- l) in the Section "Means for Keeping Animals in Home Conditions, and Also the Care of Plants" the words "sprayers and aerosol devices; beehives and" shall be omitted;
- m) the text of the Sections indicated in Subitems (b), (d), (f) - (l) of the present item, and also of the Sections "Foodstuffs", "Passenger Cars" and "Motor-mounted bicycles" and "Everyday Goods for the Protection of the Individual Against Dangerous (Pernicious) External Influences" shall be supplemented with the words: "(except for goods, the compliance of which may be confirmed by the declaration on compliance)".

2. The List of Works and Services Subject to Compulsory Certification approved by the Government Decision No. 1013 of August 13, 1997) shall be worded as follows:

The List of Works and Services Subject to Compulsory Certification (approved by the Government Decision No. 1013 of August 13, 1997) (in the wording of the Government Decision No. 287 of April 29, 2002)

Names of works (services)	Codes AC 002-93
Technical Service and Repair of Transport Vehicles	
Technical service and repair of passenger cars; other services for technical service and repair of motor transport vehicles	017000 (except for services of codes 017103, 017105, 017107) 017200 (except for services of codes 017203, 017206 - 017208, 017210, 017215 - 017217) 017600 (except for services of codes 017612, 017615, 017616, 017619 - 017622, 017640, 017650)
Retail trade service	
Sale of foodstuffs	121101
Public catering services	
Public catering services; services for the cooking products and confectionery	122100 122201".

3. The list of products, the compliance of which may be confirmed by the declaration of compliance, approved by the Government Decision No. 766 of July 7, 1999 shall be worded in a new wording:

The List of Products, the Compliance of Which May Be Confirmed by the Declaration of Compliance, (approved by the Government Decision No. 766 of July 7, 1999) (in the wording of the Government Decision No. 287 of April 29, 2002)

Names of products	Codes AC 005-93
Oil, oil products, gas	
Oil fuel, mazout*	025211, 025213
Motor fuel for average-and-small reserve diesels*	025221
Motor oils for automotive diesels of transport vehicles, oil MT-16P*	025313

Compressor oils, oil KS-19*	025372
Natural fuel gas compressed for internal combustion engines*	027110
Liquefied gas (hydrocarbon liquefied gases)*	027230

Coal, processed coal products, peat and oil shale

Lignite, pit coal and anthracite coal*	032000
--	--------

Pig iron, ferroalloys, foundry alloy, steel

Brake shoes of the trunk railway rolling stock	087000
--	--------

Industrial metal products

Track rail spikes	129200
Track wood screws	129300
Nuts for anchor bolts in connections of the railway track	129600
Nuts terminals for connections of the railway track	129700

Other and non-standard metal products

Welded and rolled barrels with crimps on the body	141510, 141520
Metal and combined tins (save tins for products)	141740, 141760
Hack saws for wood	145600
Dinner services and kitchen utensils, made of corroding-hard steel*	148300

Inorganic chemistry products, mining chemical raw material and fertilisers

Fodder additives of mineral origin (calcium, phosphate, diammonium phosphate)	218230, 574300
---	----------------

Polymers, plastics, chemical fibres and rubbers

Polyethylene film (save film used in construction)	224511, 224518
Cellulose film (cellophane)	226511

Varnish-and-paint materials, semi-products, cine, photo and magnetic materials and household chemical goods

Zinc white for retail trade (packaging up to one kilogram)	232121
Ultramarines for paints to be used in retail trade (packaging up to one kilogram)*	232262
Cadmic pigments (packaging up to one kilogram)	233124

Mechanical-rubber and asbestos products

Technical rubber gloves*	251441
Pneumatic tyres for bicycles	252610
Rubber masks for swimming under water*	253620
Rubber flippers	253620
Rubberised-fabric underlay oilskin	254520
Rubber hot-water bottles, rubber blisters for ice	253720
Rubber pressure hoses with a textile frame*	255311, 255312 - 255315, 255322, 255390, 255710
Rowing inflatable boats*	256730

Footwear with rubber vulcanised-on foxing and soles	259000
Glued rubbers	259200
Rubber and rubberised-fabric sports footwear	259600

Products of heavy, power and transport mechanical engineering

Blast signals and wind-shield wipers for locomotives and motor car rolling stock; hydraulic drives for diesel locomotives and diesel trains	318100, 318352, 318353, 345100
Sliding doors in passenger coaches; lighting cells in passenger coaches	318300
Cotters of branch shoes	318449
Locking and seal-fixing devices	318558

Electric machines

Asynchronous motors with power from one to 100 kWt inclusive*	331000, 332000
Small power motors (direct-current step-by-step contactless motors) up to one kWt*	331100

Electrotechnical equipment and materials

Traction and convertor transformers for reaction substations	341000
Reactors, including concrete current-limiting reactors	341100
Separating transformers and safe separating transformers*	341317
Capacitors and capacitor plants*	341460
Switches and change-over switches for domestic electric appliances *	342810-342830
	342500, 342530, 342800, 346420, 346800, 411800, 421100
Industrial electric welding equipment	344100
Electric furnaces and electric furnace resistance units, including compression (gas) units	344210, 344220
Induction melting electric furnaces of industrial and higher frequency	344225
Vacuum resistance furnaces	344230
Plants of direct and indirect heating, including gas preparation plants;	344240, 344241, 344244
electric air heaters of ventilating systems and technological electric air heaters	
Devices of induction electric heating of industrial frequency	344260
Direct arc electric furnaces and indirect arc electric furnaces, including ore-thermal electric furnaces	344270
Devices of electric arc heating, including mixers and buckets	344275, 344276
Furnaces of electric slag remelting, plasma electric furnaces, electron-ray furnaces	344280
Plants and devices of dielectric heating, including laser electric furnaces	344290
Electric tubular heaters, including industrial ones; for appliances for heating liquids*; for cookers and food preparation tables, and furnaces*	344350
Low-voltage controllers for the rolling stock	345400 - 345600
Searchlights for general purpose*	346130
Discharge high-pressure and ultra-high pressure lamps*	346700
Electric cooking rings for domestic electric heating	346971

appliances*	
Alcaline accumulators, nickel-cadmium, batteries, tight cylindrical, disk, prismatical, closed (non-tight)	348230
Primary cells and storage batteries*	348300

Cable products

Control cables*	356100, 358689
Control rubber-and-plastic-covered cables*	356300
Hook-up wires with plastic insulation*	358200

Products of chemical and oil mechanical engineering

Auxiliary apparatus for gas-flame equipment*	364580, 364581, 364590
--	---------------------------

Metal-working and wood-working equipment

Alternating-current machines*	382910
Magnetopulsed plants*	382911
Electric hydropulsed presses*	382912
Spare parts for wood-working equipment*	383900
Spare parts and joints for the modernisation of foundry equipment*	384900
Auxiliary welding equipment*	386260
Spare parts and joints for the modernisation of metal-cutting machines*	387300

Instrument, technological rigging and abrasive materials

Adjustable flat-nosed pliers	392640
Pliers, including combined, transferred and with semicircular jaws	392641
Round pliers	392642
Combination pliers	392643
Wire cutters	392644
Blast lamps*	392699
Technological rigging for machine-building*	396000
Spare parts for lathe chucks	396120
Abrasive disks, abrasive endless belts, flat grinding disks	398500-398700

Computing technology

Microcalculators with mains supply*	401340
-------------------------------------	--------

Products used in general engineering

Greasing equipment	415200
Chain regulators	416600
Mechanical friction driving clutches with electro-magnetic commutation	417128
Multidisk electromagnetic clutches with magnetic circuit disks	417130
Transmission chains for cars, motorcycles and bicycles; transmission roller chains for bicycles and motorcycles	41731, 417313

Automation instruments and devices for general industrial purpose

Electrical measuring instruments and radio measu-	422000
---	--------

ring instruments*	(except for 422460, 422800, 422900), 668100 (except for 668140), 668300, 668400, 668600, 668700
Multifunctional complexes of devices of tele-mechanics*	423200
Automated systems of control of acceptance and complaints; corporative automated systems of control of finance, material and labour resources on the railway transport; systems of network flow of documents and office work on the railway transport; other automated systems of control of organisational and electronic processes on the railway transport	425100
Automated measuring and control and test stands used on the railway transport	425200
Information and control systems of information exchange in the network of data communication on the railway transport	425500
Means of stapling documents with mains supply of alternating current	426345
Machines for destroying documents by chopping with mains supply of alternating current	426370
Pencil sharpeners with mains supply of alternating current	426500
Electric aids for drawing works and counting operations	426500
Watches to be kept on oneself or with oneself, and also cases, watch straps and chains intended for keeping on oneself or with oneself	428110, 428130, 428610, 428620, 428630, 964117, 964157, 964317, 964417

Optical instruments and apparatuses

Light microscopes	443500
Magnifying glasses	443580
Photo, cine and projector lens	444500
Binoculars	447110
Telescopes and monoculars	447120

Motor industry products

Hydraulic pumps of the steering booster*	454000
Packers of the heads of cylinder blocks, collectors, gas bottle equipment, sealing rings and other packers*	456200, 456600, 456700
Fuel injection systems, including electronic systems, and their cells set on spark ignition engines*	457100
Fuel high-pressure pumps and their components*	457100
Injectors and injector spray tips*	457160
Carburettors with different devices set on spark ignition engines, devices for reducing exhaust emissions into atmosphere*	457170
Glow plugs and electric sprays for diesel engines*	457300
Spare parts for external light devices, scatterers*	457370
Gimbal drive (shafts, joints, universal joint centre crosses), articulated power shafts*	459122
Air cleaners, interchangeable cells of air cleaners*	459123
Leaf springs, leaves of springs*; springs of suspension*; torsion bars of suspension*; bumpers*; struts of McFerson suspension*; ball joints*, integral and semi-integral steering gear, steering	459131

hydraulic actuators, actuating cylinders, distributors of steering hydraulic actuators*	
Cases of hinges of steering, cardan shaft suspensions*; cell of car suspension and steering gear*	459131, 459134
Hydraulic jacks*	459136

Antifriction bearings

Antifriction bearings of transmission assemblies in passenger cars	461212, 461213, 461223, 461273, 461523, 461572, 461573, 461912, 461922, 461923, 461953, 461982, 461983, 462213, 462222, 462223, 464351, 464111, 464112, 462243, 464352

Tractors and agricultural machines

Plants for tobacco drying with a capacity of up to 6.5 kWt inclusive	473684
Wax extractors and wax presses with a capacity of up to 2.5 kWt inclusive	473812
Electric honey extractors with a capacity of up to 6Wt inclusive	473813
Plant for heating the ground in stove-houses of personal subsidiary farms	473853

Other fire-fighting equipment

Underground fire hydrants	485451
Hand-operated fire tubes	485482
High-pressure fire-fighting hose, fire hydroelevator	485483
Fire boxes, coupling heads for fire equipment, hose branches, hose heads, hose catchment basins	485484
Fire boxes without completing units, non-mechanised instrument for special works on the site of a fire, gaff, crow-bar, fire hook	485485

Locks and hardware

Safe locks	498110, 498120

Software and information products of computer technology

Softwares for designing tracks and track facilities, separate points and railway junctions, rolling stock and electric power supply, designing the organisation and technology works	504000
Applications softwares for the railway transport, associated with economic safety, softwares for the solution of organisational and economic tasks involved in commercial risk, softwares for strategic analysis (planning and management)	506000
Softwares for automated control systems in report and claim work; softwares for corporate automated systems of control of finance, material and labour resources of the railway transport; softwares for systems of network departmental flow of documents and clerical work of the railway transport; softwares for other automated systems of control of	506200

organisational and economic processes on the railway transport	
Softwares of the railway transport for automation of control of operations in real estate and the rent of departmental facilities (keeping of registers of real estate facilities, land plots, dangerous facilities of enterprises and balance-keeping enterprises and leaseholders)	506500

Technological equipment for the light and food industries and household appliances

Drawing frames*	511233
Silver lap and ribbon lap machines*	511234
Roving frames*	511235
Spinning and twisting equipment*	511250
Equipment for washing textile materials	511345
Equipment for dewatering and moistening textile materials	511346
Motor-compressors*	515212
Hand-operated mincing machines	515731
Auxiliary equipment for making printed forms	516370
Auxiliary equipment for printing on sheets	516653

Products of the pulp and paper industry

Paper for packing food products by automatic control machines	543400, 545300
Imitation parchment	543441, 546364
Wrapping paper	543530
Paraffined paper	543778, 545341
Parchment	545222, 545200, 546364
Exercise-books	546100
Wallpaper	546200
General note-books	546311
Paper bags	547200

Plywood products, boards

Plywood for general purposes with external ply-sheets of broad-leaved and coniferous sorts	551000
Bakelised plywood	551500
Aviation plywood	551600
Veneer plates	551800
Bend-glued billets	552190

Electronic technology, except for resistors and capacitors

Display tubes*	634300

Radio communication, radio broadcasting and television facilities

TV tubes*	658190
Broadcast receivers and car radio cassette recorders*	658210, 658250

Line wire communication facilities and terminal and intermediate radio communication equipment

Telephone sets of general use to be switched in electric network*	665400
---	--------

Firearms

Components of hand arm cartridges in case of the independent supply of them to the commercial network, including cartridge bullets for rifle and smooth bore weapons; closing plugs, wad containers; hunting and sports shots and canister; bullets for pneumatic weapons	727280
---	--------

Equipment for servicing passengers, luggage and cargo on the air transport

Individual luggage trolleys, trailers for aviation containers for luggage and small cargoes	756189
Platform passenger motor-vehicle trains*	452214
Lifting and mounting platforms on the basis of lorries*	756150

Equipment for technical servicing of aviation technology

Aviation step ladders	756310
Aviation mooring facilities, including the carrier	756330

Products of textile industry (without yarn, fabrics, unwoven stuff and knitted goods)

Felt coarse footwear for children	816700
Carpets, rugs and strips of carpet	817000

Products of textile industry (finished fabrics and unwoven stuff)

Cotton and mixed blankets*	831620, 831910
Pure woolen and semi-woolen blankets	835800
Pure woolens, woolens and semi-woolens	835100-835300
Clothing fabrics made of natural twisted silk	837110
Silk and semi-silk pile cloth	837660

Products of the knitted industry

Knitted overcoats for women and men	842000
Stockings and socks produced by round stocking automatic machines	843000
Knitted gloves	844000
Knitted scarves and headgear	845000
Knitted imitated furs for clothing	848000

Clothing articles

Overcoat and suits for men and women	851000, 852000
Dresses and blouses for women (except for cotton, flax and viscose articles)	853000
