CONSUMPTION TAX REGULATIONS 2005

Explanatory Note

(This note does not form part of these Regulations and is intended only to explain its purpose.)

These Regulations are made under the Consumption Tax Act 2003, which imposes consumption tax (CT) on taxable supplies of goods or services in Tonga by registered persons, and on imports by any person.

1. Short title and commencement
Section 23 of the Interpretation Act (Cap.1) gives authority to introduce regulations prior to the commencement of an Act if the Act contains a statutory power to make regulations. This power can be exercised between the passing and commencement of an Act where the regulations are necessary or expedient for the purpose of bringing the Act into operation at the date of its commencement. For example, Regulation 13 will authorise the registration of persons for CT prior to the commencement of the Act which will enable business enterprises to be ready to comply with CT on commencement date.

2. Interpretation

3. Exercise of rights or options
This regulation provides for the treatment of two-step transactions.

4. Lay-by sales
The time of supply under a lay-by agreement is the time of delivery of the goods. The amount retained or recovered in a lay-by sale as a tax inclusive amount.

5. Vouchers
The registered person who issue a voucher is entitled to an input tax credit equal to the amount paid to the supplier multiplied by the tax fraction.

6. Phone cards
CT is charged on supply of telecommunications services. If the phone call is a domestic call, CT is charged, as it is a domestic supply but if the phone call is an international call the supply is zero-rated as an export of services when using a phone card.

7. Vending machines
A supply of goods made through a vending machine, meter or other device operated by a coin or note is treated as occurring at the time the coin or note is taken from the machine, meter or device by or on behalf of the supplier.

8. Used goods
CT is charged on the dealer’s margin rather than the consideration for the supply of the goods.

9. Tax relief under international agreements
The Chief Commissioner may grant a refund of CT paid or borne by public international organisations, foreign governments and non-profit organisations.
10. **Forms relating to registration**
   Forms for application or cancellation of registration, and the registration certificate shall be in the form specified in the Schedule to the Regulations.

11. **Short form invoice for low value taxable supplies**
    This regulation provides for a simplified tax invoice for taxable supplies with a value of less than $500.

12. **Forms**
    This prescribes forms for the purposes the Act.

13. **CT registration before commencement date**
    This regulation provides for registration of persons for CT purposes. Early registration of existing businesses that clearly have an annual turnover of $100,000 or more will ensure the smooth introduction of CT. Persons registered under this regulation would be able to collect CT from the commencement date of the Act.

14. **Progressive or periodic supplies**
    This regulation provides for a special timing rule applicable where a supply of services is made by way of a lease of goods or real property, other than a financial lease or services are supplied progressively under an agreement or law that provides for periodic payments.

12. Forms
13. Consumption Tax registration before commencement of Act
14. Progressive or periodic supplies
CONSUMPTION TAX REGULATIONS 2005

In exercise of the power conferred by section 35 of the Consumption Tax Act 2003 the Chief Commissioner of Revenue, with the consent of Cabinet, makes the following regulations, –

1. (1) These Regulations may be cited as the Consumption Tax Regulations 2005.

   (2) These Regulations shall come into force on 14 March 2005.

2. In these Regulations, unless the context requires otherwise –

   “Act” means the Consumption Tax Act 2003;

   “Chief Commissioner” has the same meaning as in the Revenue Services Administration Act 2002; and

   “tax fraction” has the same meaning as in section 11(7) of the Act.

3. Where a right or option is exercised, the consideration for the supply on exercise of the right or option is limited to the additional consideration (if any) for the supply or in connection with the exercise of the right or option.

4. (1) In this regulation, "lay-by agreement" means any purchase agreement for goods under which –

   (a) the purchase price is payable by at least one additional payment after the payment of a deposit;

   (b) delivery of the goods takes place at any time after payment of the deposit; and

   (c) ownership of the goods is transferred by delivery.

   (2) A supply of goods under a lay-by agreement shall occur on the date the goods are delivered to the purchaser.

   (3) Where a lay-by agreement is cancelled and the seller retains any amount paid by the purchaser or recovers any amount owing by the purchaser under the agreement –

   (a) the cancellation of the agreement shall be a supply of services by the seller at the time of cancellation; and

   (b) the value of the supply shall be the amount retained.

Comment [LC1]: Discuss issue of commencement date and section 23 of interpretation act. This section has never been used. SG=preference, bring regs into force after CT Act, but option of section 23 is there. It nullifies the provision in Act of bringing regs into force after CT Act comes into effect. Prefer to bring Act into force then bring regs into effect. CJ=another approach may be in proclamation, bring reg making power into force before Act. MOF=key reg is reg 13. DEFER THAT POINT TO CROWN LAW AND MOF.
or recovered by the seller reduced by an amount equal to the amount retained or recovered multiplied by the tax fraction.

Vouchers

5. (1) In this regulation, “voucher” means any voucher, stamp, token, coupon, or similar article that can only be redeemed by the holder for supplies of goods or services, other than a postage stamp.

(2) Where -

(a) a voucher is issued entitling the holder to receive supplies of goods or services up to a monetary amount on redemption of the voucher; and

(b) the voucher is issued for a consideration in money,

the issue of the voucher is not a supply.

(3) Where a voucher referred to in sub-regulation (2) is redeemed for a supply of goods or services, the value of the supply shall include the consideration for the voucher.

(4) Where –

(a) a taxable person issues a voucher for no consideration; and

(b) the voucher entitles the holder to a discount on the price of goods or services supplied by another person,

the value of the supply of goods or services shall include the monetary value of the voucher reduced by an amount equal to the monetary value multiplied by the tax fraction.

(5) A taxable person is entitled to an input tax credit in respect of any amount paid to a supplier in respect of the redemption by the supplier of a voucher referred to in sub-regulation (4).

(6) The amount of the input tax credit is the amount paid to the supplier multiplied by the tax fraction.

Phone cards 6. The supply of telecommunications services through the use of a phone card acquired in Tonga that can be used either in or outside Tonga shall occur at the time the phone calls are made with the card.

Comment [LC2]: What mean? For tele companies. As consumer, buy card, pay CT on domestic call, on intern call it is zero rated so no CT. MOH= If card if $20, use $4 today and $3 tomorrow, only calculate when use? Amarjit= seller of card worry about CT ie incorporate CT otherwise they pay CT when it is collected. Amarjit=collect when use, not when buy. Its supplier that is taxed, not consumer. Consultant=pre-paid like $, ie pay when call is made.
A supply of goods by means of a vending machine, meter or other device operated by a coin or note shall occur on the date the coin or note is taken from that machine, meter or other device by or on behalf of the supplier.

The value of a taxable supply of used goods purchased from a person who is not a taxable person by a taxable person whose enterprise involves the re-supply of such goods in substantially the same state shall be equal to the excess (if any) of -

\[ A - B \]

where,

\( A \) is the consideration for which the goods are supplied by the vendor; and

\( B \) is the consideration for which the goods were acquired by the vendor.

In this regulation –

“charitable activities” means activities consisting of the free distribution of food, meals, board, lodging, clothing, necessities or other necessities, comforts, or amenities to any persons in necessitous circumstances, but not including any activities relating to the conduct of a business;

“international agreement” means an agreement between the Government and a foreign government or public international organization for the provision of financial, technical, humanitarian, or administrative assistance to the Government; and

“non-profit organization” means an institution, body, or trust of a public character that the Chief Commissioner has certified as conducting activities exclusively for charitable purposes, which includes the relief of poverty, advancement of education or religion beneficial to the community.

The Chief Commissioner may authorize the granting of a refund in respect of Consumption Tax paid or borne on a taxable supply to, or taxable import, by –

(a) a public international organization, foreign

Comment [LC3]: Normal rule when it is supplied, it is machine doing vending not the person, when money id taken out of the machine CT ON contents of machine.
government, or any other person to the extent that organization, government, or person is entitled to exemption from Consumption Tax under an international agreement; or

(b) a non-profit organization in respect of a taxable supply to, or taxable import by the organization of goods or services acquired for the purposes of providing charitable activities.

(3) The Chief Commissioner may authorize any relief under this regulation on such conditions and subject to such restrictions as he may consider appropriate.

(4) Any claim for a refund of tax under this regulation shall be made in such form and at such time as the Chief Commissioner may prescribe and shall be accompanied by proof of payment of Consumption Tax or such other certification as the Chief Commissioner may require.

Forms relating to registration

10. (1) An application for registration shall be in Form 1 in the Schedule and an application for cancellation shall be in Form 2 in the Schedule.

(2) A registration certificate shall be in Form 3 in the Schedule.

Short form tax invoice

11. Where the value of a taxable supply by a taxable person to another taxable person is less than $500, the Consumption Tax invoice for the supply may be limited to the following particulars –

(a) the words “Consumption Tax invoice” in a prominent place;

(b) the date the Consumption Tax invoice is issued;

(c) the name of the supplier;

(d) the taxpayer identification number (TIN) of both the supplier and the purchaser and

(e) a brief description of the goods or the services supplied.

Forms

12. The Chief Commissioner may specify, issue and publish in the Kalonikali Tonga (Tonga Chronicle) in the Gazette, a local newspaper or a website established for that purpose, a form for the purposes of any return, application, notice, or other document

(2) Any registration certificate issued by the Chief Commissioner pursuant to sub-regulation (1) shall be deemed to have been issued under the provisions of Part III of the Act.

(3) The provisions of Part VII of the Revenue Services Administration Act 2002 shall apply to the Taxpayer Identification Number provided by the Chief Commissioner in respect of any registration made under sub-regulation (1).

14. (1) If the period of a supply referred to in section 9(5) of the Act begins before and ends after the commencement date of the Act, the supply shall be treated as having been made continuously and uniformly throughout that period and the supply shall be apportioned accordingly.

(2) Sub-regulation (1) shall not apply to the supply of a warranty in relation to goods or a service if the value of the warranty was included in the price of the goods or service.
