The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
INTRODUCTION

In very general terms, dumping is the sale of a product in the territory of an importing country at less than the price for which that product is sold in the domestic market of the exporting country. Article VI of GATT allows Members to impose anti-dumping duties in cases where there are dumped imports, injury to the industry in the importing country, and a causal link between the two.

Under the WTO system, the Anti-Dumping Agreement governs the application by Members of anti-dumping measures on products imported from another Member. The Agreement contains detailed procedural and substantive requirements concerning the initiation and conduct of investigations to determine whether imports are dumped, whether there is injury to the domestic industry in the importing Member, and whether there is a causal link.

Although Members are not required to have anti-dumping legislation, the Agreement specifies that anti-dumping measures may only be applied pursuant to investigations initiated and conducted in accordance with the Agreement. The Agreement contains the basic rules for such investigations but is not itself sufficient to govern all aspects of an investigation. Therefore, a Member that foresees the need to apply anti-dumping measures is likely to find it necessary to enact additional legislation or regulations in order to carry out investigations in accordance with the provisions of the Agreement.

The Agreement requires that all Members ensure the conformity of their laws in the anti-dumping area with the provisions of the Agreement.

WHAT MUST BE NOTIFIED?

Notifications of Anti-Dumping legislation and/or regulations

Article 18.5 of the AD Agreement requires Members to notify their domestic laws and/or regulations relating to anti-dumping to the Anti-Dumping Practices Committee (ADP Committee). These notifications are in the form of the full texts of the relevant laws and/or regulations in English or French or Spanish. Any modification to the laws, regulations or administrative procedures must be notified promptly. Members that have no anti-dumping laws or regulations should notify that fact by providing a nil notification. If a Member is unable to notify the text of existing legislation, it should submit an explanation of why such legislation is not notified. (G/ADP/1 & G/ADP/N/1/Suppl.1).

Notifications of Competent Authorities

Article 16.5 requires Members to notify to the ADP Committee which of its authorities are competent to initiate and conduct anti-dumping investigations. The list of such notifications includes addresses and contact numbers. It is periodically updated and can be found in document G/ADP/N/14/*. The addendum document with the highest number contains the most recent information.

Notifications of Preliminary and Final Actions

Article 16.4 requires Members to report without delay all preliminary or final anti-dumping actions taken. The notifications often are made by submitting the full text of a Member’s public notice regarding the action in English, French or Spanish, but in any event, notifications should contain the minimum information to be provided as adopted by the ADP Committee in document G/ADP/2/Rev.2.

Notifications of Anti-Dumping Actions

Article 16.4 also requires Members to submit a report of all anti-dumping actions they have taken, as well as a list of all anti-dumping measures in force, twice a year. These reports are normally submitted by mid-February, covering the period 1 July through 31 December of the previous calendar year, and by mid-August, covering the period 1 January through 30 June of the same calendar year. A format for these reports, with detailed instructions adopted by the ADP Committee, can be found in document G/ADP/1/Rev.1. Members that have not taken any actions during a covered period and have no ongoing investigations or proceedings or measures in force do not need to use the format but shall instead submit a nil notification (simple two sentences indicating that no actions have been taken during that period; i.e. a nil notification). However, if the Member concerned did not have any actions to report during a given reporting period but has pending actions such as ongoing investigations or proceedings during previous reporting periods, or has measures in force, etc., the format should be used to report those.
One-time notification “OTN” (to be submitted only by a specific category of Members as described below)

The Committee adopted on 21 October 2009 a notification format under Articles 16.4 and 16.5 of the AD Agreement. This format (G/ADP/19) provides for a so-called “one-time notification”. This format was developed to be used by Members that have not yet established an investigating authority and, accordingly, have never taken any anti-dumping action. This one-time notification would remain valid until further notice. Should this situation change, the Member in question should notify the Committee upon the establishment of an authority competent to initiate and conduct investigations and should report, without delay, any anti-dumping actions taken accordingly as well as the domestic procedures governing the initiation and conduct of such investigations.

WHICH MEMBERS MUST NOTIFY?

All WTO Members

With respect to Observer governments, a decision by the Committee in 1995 contained in G/ADP/N/1/Suppl.1 was adopted, and it reads as follows:

"An Observer government shall provide the Committee with any information the Observer government considers relevant to matters within the purview of the Agreement, including the text of its laws and regulations regarding AD duties, and information regarding any AD measures taken by the Observer government. At the request of any Party or the Observer government itself, any matter contained in such information could be brought to the attention of the Committee after governments have been allowed sufficient time to examine the information."

WHEN TO NOTIFY?

In case of legislative notifications

Article 18.5 (G/ADP/1 & G/ADP/N/1/Suppl.1), the notification is to be made once, upon entry into force of the WTO Agreement for the notifying Member for existing laws and regulations, and thereafter on an ad hoc basis, as and when laws/regulations are established, or changes effected. Please see illustrative mock examples listing different situations and explaining when/how to notify depending on the situation.

In case of Ad hoc notifications

Article 16.4, Members are to report without delay all preliminary and final anti-dumping actions taken.

In case of Semi-Annual reports

Article 16.4, twice per year, the first should be submitted by mid-February covering the period July–December of the previous calendar year (the Secretariat issues a request for the notification in December of a given year and a reminder in January of the subsequent year), while the second should be submitted by mid-August and should cover the period January–June of the same calendar year (the Secretariat issues a request for the notification in June and a reminder in July of the same year).

In case of the establishment of an authority competent to initiate and conduct investigations

Article 16.5, this should also be notified only once. Any future modifications introduced should also be notified on an ad hoc basis.

OTN

Under Articles 16.4 and 16.5 should be submitted only once by certain Members that fall in the category of Members described in G/ADP/19.
HOW TO NOTIFY?

As a general matter, it should be noted that pursuant to a Decision adopted by the Committee in 2009 (G/ADP/20), each Member shall submit all anti-dumping notifications, including the ad hoc reports on all anti-dumping actions and the minimum information format, in an electronic form.

In case of legislative notifications

Article 18.5 (G/ADP/1 & G/ADP/N/1/Suppl.1), the notification is to be made once, upon entry into force of the WTO Agreement for the notifying Member for existing laws and regulations, and thereafter on an ad hoc basis, as and when laws/regulations are established, or changes effected. Please see illustrative mock examples listing different situations and explaining when/how to notify depending on the situation. This notification should be sent by email to crn@wto.org with a copy to the Secretary of the ADP Committee. As this document would be formatted by the WTO Secretariat prior to circulation, it should be submitted in a WORD format.

In case of Ad hoc notifications

Article 16.4, Members should provide – on an ad hoc basis without delay – the minimum information contained in G/ADP/2/Rev.2. Alternatively, Members working in English, French or Spanish can provide the full text of their public notices regarding the notified action. This notification should be sent by email to crn@wto.org with a copy to the Secretary of the ADP Committee. As these notifications are not circulated per se, but kept with the Secretariat for inspection by Members, it could be submitted in a WORD or PDF formats. The Secretariat circulates monthly reports reflecting the Members submitting such notifications during a given month, the products subject to the notified action, and the names of the exporting countries.

In case of Semi-Annual reports

Article 16.4 – twice per year, by mid-February (reporting period July – December of the preceding calendar year) and mid-August (reporting period January-June of the same calendar year):

In case of actions to report, the format adopted by the Committee and contained in G/ADP/1/Rev.1 shall be used.

In case of no actions to report and no pending actions pertaining to previous periods, a nil notification would suffice, and the format in G/ADP/1/Rev.1 would not be used. Example of nil notification:

In accordance with Article 16.4 of the Agreement on Implementation of Article VI of the GATT 1994, and in response to the request for semi-annual reports contained in document G/ADP/N/XX, the Government of [name of Member] notifies the Committee on Anti-Dumping Practices that it has taken no anti-dumping actions during the period 1 January – 30 June/1 July through 31 December.

In case of no actions to report during a given reporting period, but the Member concerned has pending actions such as ongoing investigations or proceedings during previous reporting periods, or has measures in force, etc., the format should be used to report those.

All such notifications should be sent by email to crn@wto.org with a copy to the Secretary of the ADP Committee. As this document would be formatted by the WTO Secretariat prior to circulation, it should be submitted in a WORD format.

In addition, Members can also use to use the Anti-Dumping Notification Portal to submit their semi-annual reports.

In case of the establishment of an authority competent to initiate and conduct investigations

Article 16.5, this should also be notified once. A simple email containing the contact details of the newly established authority (name of the Head of the authority, its address, email, website, phone numbers, etc.) would suffice. Any subsequent changes introduced should also be reported – on an ad hoc basis – via email. This email should be sent to crn@wto.org with a copy to the Secretary of the ADP Committee.

1 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification. In case of semi-annual reports, Members can also use the Anti-Dumping Notification Portal (https://ad-notification.wto.org/) to submit their semi-annual reports.
Under Articles 16.4 and 16.5, certain Members falling in the category of Members described in G/ADP/19 should submit a notification to the WTO Secretariat. This notification should be sent by email to crn@wto.org with a copy to the Secretary of the ADP Committee. As this document would be formatted by the WTO Secretariat prior to circulation, it should be submitted in a WORD format.

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations under the **AGREEMENT ON AGRICULTURE**. It consists of the following five parts:

- **PART 1** - OVERVIEW OF NOTIFICATION REQUIREMENTS
- **PART 2** - LISTING OF THE NOTIFICATION OBLIGATIONS
- **PART 3** - RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS
- **PART 4** - LIST OF NOTIFICATIONS SINCE 1995
- **PART 5** - TEXT OF THE AGREEMENT

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications. Transparency requirements also form part of some decisions adopted under the agriculture negotiations.
INTRODUCTION

Requirements and formats for notification under the Agreement on Agriculture are listed in documents G/AG/2 and G/AG/2/Add.1 and cover five areas:

- Market access, with respect to tariff and other quotas, and special safeguard provisions;
- Domestic support, including the Current Total Aggregate Measurement of Support (AMS), and new or modified exempt measures;
- Export subsidies; including notifications concerning anti-circumvention provisions;
- Export prohibitions or restrictions; and
- Follow-up to the Decision on Measures Concerning the Possible Negative Effects of the Reform Programme on Least-Developed and Net Food-Importing Developing Countries.

As the notification requirements are largely dependent on the specific commitments as set out in each Member’s Schedule, as well as on the actions that may be taken by that Member in any given implementation year. In many cases only a limited number of notification requirements will apply for a particular Member.

WHAT MUST BE NOTIFIED?

- Market access, with respect to tariff and other quotas, and special safeguard provisions;
- Domestic support, including the Current Total Aggregate Measurement of Support (AMS), and new or modified exempt measures;
- Export subsidies; including notifications concerning anti-circumvention provisions;
- Export prohibitions or restrictions; and
- Follow-up to the Decision on Measures Concerning the Possible Negative Effects of the Reform Programme on Least-Developed and Net Food-Importing Developing Countries.

WHICH MEMBERS MUST NOTIFY?

In many cases only a limited number of notification requirements will apply for a particular Member. This is because they largely depend on the specific commitments as set out in each Member’s Schedule, as well as on the actions that may be taken by that Member in any given implementation year.

For information on Members’ obligations, see Members’ commitments.

WHEN TO NOTIFY?

Some notification requirements are periodic. They are to be regularly submitted to the Committee on Agriculture in line with the frequency and deadlines established in G/AG/2. Some notification requirements are ad hoc, meaning that they become due only where a specific measure is introduced, or about to be introduced.

For information on when to notify, see Members’ commitments.
HOW TO NOTIFY?¹

For comprehensive information on how to notify measures under each pillar of the Agreement on Agriculture, please consult the relevant parts of the Handbook on agriculture notifications, a practical guide for Member governments' officials on how to notify measures to the WTO.

The Secretariat has also developed a self-training module which acts as a useful e-learning tool to assist Members in preparing notifications in the area of agriculture.

Since October 2019, Members can submit agriculture notifications on-line via the Agriculture Information Management System (Ag-IMS). The Secretariat has developed training videos and detailed practical guides on how to submit notifications using the online System. The online system is password protected. Members may request login details and other relevant information to access the System by sending an email to agnotifenquiries@wto.org.

Mock examples for each notification requirement can be found in the Handbook on agriculture notifications. Page numbers are provided below to allow easy access to the relevant mock notifications.

MARKET ACCESS
- Administration of tariff and other quota commitments – Table MA:1 (Pg. 8-14)
- Volume of imports under tariff and other quotas – Table MA:2 (Pg. 15-21)
- Special safeguard measures:
  - Volume-based – Tables MA:3 (Pg. 22-28)
  - Price-based – Table MA:4 (Pg. 29-35)
- Special safeguard provisions – Table MA:5 (Pg. 36-39)

DOMESTIC SUPPORT
- Total Aggregate Measurement of Support – Table DS:1 and, as appropriate, Supporting Tables DS:1 to DS:9 (Pg. 42-93)
- New or modified exempt domestic support measures – Table DS:2 (Pg. 94-98)

EXPORT SUBSIDIES
- Budgetary outlays and quantity reduction commitments – Table ES:1 and Supporting Tables ES:1 and ES:2 (Pg. 101-114)
- Total exports – Table ES:2 (Pg. 115-122)
- Total volume of food aid – Table ES:3 (Pg. 123-126)

EXPORT RESTRICTIONS
- Export prohibitions and restrictions – Table ER:1 (Pg. 127-129)

FOLLOW-UP OF THE DECISION ON MEASURES CONCERNING THE POSSIBLE NEGATIVE EFFECTS OF THE REFORM PROGRAMME ON LEAST-DEVELOPED AND NET FOOD-IMPORTING DEVELOPING COUNTRIES
- Monitoring of the Follow-up to the NFIDC Decision – Table NF:1 (Pg. 131-134)

In addition, Members can request the Secretariat assistance for preparing notifications by sending their enquiries to agnotifenquiries@wto.org.

¹ All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

<sup>2</sup> Reverse notification of "any measure which ... ought to have been notified" is provided for in Article 18.7.

<sup>3</sup> All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
Notification Requirements and Formats G/AG/2 and G/AG/2/Add.1.

List of "Significant Exporters" for the purposes of the notification requirements in respect of Export Subsidy Commitments G/AG/2/Add.1.

Notification Obligations: Agriculture – Note by the Secretariat G/AG/W/24.
Notifications submitted since 1995 can be found in the Compliance Reports that are regularly prepared by the Secretariat and reflect Members’ compliance with their regular notification obligations.

All notifications can also be searched through the Ag-IMS database.
Agreement on Agriculture LT/UR/A-1A/2.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

The legal provisions on balance of payments (GATT and GATS) provide for five main types of notifications - with only one of them applying to all Members:

- Notification of restrictive measures (import restriction) that a Member may take for Balance-of-Payments purposes (BOP measures);
- Notification of time-schedules for the removal of BOP measures;
- Notification of changes in the application of BOP measures, as they occur; and
- Consolidated notification, on a yearly basis, including all changes in laws, regulations, policy statements or public notices.

Members which have reason to believe that a restrictive import measure applied by another Member was taken for balance-of-payments purposes may bring the matter to the attention of the Committee on Balance-of-Payments to enable Members to seek further information and clarification on the measure. This provision may amount to a granting a right to make a reverse notification.

These notifications are governed by:

- With respect to trade in goods, Article II of the GATT 1947 and Article XVIII of the GATT 1947, as complemented initially by the Declaration on Trade Measures Taken for Balance-of-Payments Purposes approved by the (GATT) CONTRACTING PARTIES on 28 November 1979, and then by the Understanding on the Balance-of-Payments Provisions of the GATT 1994; and
- With respect to trade in services, Article XII of the GATS. As a practical matter, the procedural requirements of the Understanding on the Balance-of-Payments Provisions of the GATT 1994 (including on notifications) apply equally to measures introduced or maintained under Article XII of the GATS.

WHICH MEMBERS MUST NOTIFY?

The notification obligations related to the introduction of BOP measures, the adoption of time-schedules for the removal of such measures, changes in the application of such measures and/or of time schedules, as well as the annual consolidated notification, apply to all Members that chose to apply BOP measures.

Reverse notification may be made by any other Member.

WHEN TO NOTIFY?

The 1979 Declaration states that the Members shall "promptly" notify the introduction or intensification of BOP measures. The Understanding on the Balance-of-Payments Provisions of the GATT 1994 clarifies that a member shall notify, "as soon as possible" the introduction of or any changes in the application of BOP measures, as well as any modifications in time-schedules for the removal of such measures. Moreover, according to the same Understanding, significant changes shall be notified "prior to or not later than 30 days after their announcement".

The "consolidated notification" shall be performed "on a yearly basis".

There is no clear timing specified in the case of reverse-notification.

HOW TO NOTIFY?

There is no adopted format of notification though some guidelines are given by the relevant legal texts as to the type of information that shall be provided. More details and references are contained in the next section below (Part 2).

---

1 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

2 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
While there is no adopted format of notification, some guidelines are given by the relevant legal texts as to the type of information that shall be provided. More details and references are contained in the above section (Part 2).
The Balance-of-payments WTO dedicated website has a section on "Search Documents Online" which features direct access to all BOP notifications made by Members and published under the series WT/BOP/N/* (where * takes additional values).

With respect to trade in services, to date, no notification has ever been made.
WITH RESPECT TO TRADE IN GOODS

General Agreement on Trade and Tariffs 1947: Article 2.

General Agreement on Trade and Tariffs 1947: Article XVIII-B.

Balance-of-Payments import restrictions – Consultation procedures; Note by the Chairman of the Committee on Balance-of-Payments Restrictions (L/3388) – BISD 18S/48-53; presented to the GATT Council on 28 April 1970.

Balance-of-Payments import restrictions – Procedures for regular consultations on Balance-of-Payments restrictions with developing countries (L73772/Rev.1), - BISD 20S/47-49; approved by the GATT council on 19 December 1972.

Declaration on Trade Measures Taken for Balance-of-Payments Purposes (L/4904) – BISD 26S/205-209; adopted by the (GATT) CONTRACTING PARTIES on 28 November 1979.

WITH RESPECT TO TRADE IN SERVICES

General Agreement on Trade in Services: Article XII.

As a practical matter, the procedural requirements of the Understanding on the Balance-of-Payments Provisions of the GATT 1994 (including on notifications) apply equally to measures introduced or maintained under Article XII of the GATS.
DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

General notification requirements are defined in Article III:3.

It provides that each Member shall promptly inform the Council for Trade in Services of the introduction of any new, or any changes to existing, laws, regulations or administrative guidelines which significantly affect trade in services and which concern services covered by the specific commitments of the Member.

Any Member may counter-notify any measure taken by another Member which it considers affects the operation of the Agreement (Article III:5).

Specific measures have to be notified according to the requirements of the various Articles of the GATS:

- Establishment of enquiry/contact points (Article III:4 and/or Article IV:2, S/L/23)
- Economic Integration Agreements and their enlargement or significant modifications (Article V:7(a))
- Labour markets integration Agreements (Article V:7(b))
- Existing recognition measures (Article VII:4(a))
- Opening of negotiations on recognition (Article VII:4(b))
- Adoption of new recognition measures or significant modification of existing ones (Article VII:4(c))
- Granting of new monopoly rights (Article VIII:4)
- Exclusive service suppliers (Article VIII:5)
- Emergency safeguard measures (Article X:2)
- Restrictions to safeguard the balance of payments (Article XII:4)
- Security exceptions (Article XIV bis:2)
- Modification of schedules (Article XXI:1(b))
- Permanent residents substantially treated like nationals (Article XXVII:11(b)(i)(2))
- MFN exemptions’ termination (Annex on Article II Exemptions)
- Modification of rules affecting the use of public telecommunication and transport networks and services (Annex on Telecommunications paragraph 5(c))

WHICH MEMBERS MUST NOTIFY?

All WTO Members.

WHEN TO NOTIFY?

Notifications are to be made *ad hoc*, i.e. when the circumstances giving rise to the need for notification arise. In principle, notifications should be done promptly, i.e. without undue delay (Articles III:3, V, VII:4(b), VII:4(c), XII:4).

In some cases, however, specific time limits and other variations to the *ad hoc* principle are provided:

- For introduction of any new, or any changes to existing, laws, regulations or administrative guidelines, notification is to take place promptly and at least annually (Article III:3).
- For enquiry/contact points (Article III:4/Article IV:2), notification should have taken place by 31 December 1996 for existing Members (two years within their accession for new Members).
- For recognition Agreements (Article VII:4(a)) notification should take place within 12 months from the date on which the WTO Agreement takes effect for a Member.
- For recognition Agreements or arrangements, notification should be promptly as far as advance as possible of the opening of negotiations (Article VII:4(b)).
- For the treatment of permanent residents as nationals for GATS purposes (Article XXVII:11(b)(i)(2)) notification should take place upon accession.
- Three (3) months before implementation of the provisions that have to be notified (Articles VIII:4, VIII:5, XXI:1(b)).
HOW TO NOTIFY?¹

Notifications should be submitted using the form provided on the fourth page of document S/L/5, except for notifications on the establishment of enquiry points (Article III:4) and/or contact points (Article IV:2). The completed form has to be submitted to the Central Registry of Notification at crn@wto.org, and copies can be submitted to the Trade in Services and Investment Division at GATSNotifications@wto.org, except for notifications of restrictions to safeguard the balance of payments (Article XII:4) which can be copied to the Council and TNC Division.

The form provided in S/L/5 must be completed in one of the three official languages of the WTO. An essential element for notifications under Article III:3 is the complete description of the measure notified and its effect on trade in services. The text of the measure should be made available at the enquiry point or at the WTO Secretariat, except for economic integration Agreements (Article V:7) and labour market integration Agreements (Article V bis(b)) whose full text has to be notified.

Unlike other notifications, the establishment of enquiry points (Article III:4) and/or contact points (Article IV:2) and any changes to their contact details need not be notified through the standardized form, see S/L/23. They can be notified formlessly to the WTO Secretariat at GATSNotifications@wto.org. An inventory of Enquiry and Contact Points is shared with Members at regular intervals in the S/ENQ/ series.

Any questions regarding notifications related to the GATS can be sent to the Secretariat at GATSNotifications@wto.org.

¹ All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/26/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

INTRODUCTION

This section provides an overview of notification requirements arising from the Agreement on Government Procurement (GPA 2012). The GPA was revised on 30 April 2012 and entered into force on 6 April 2014. The GPA 2012 is composed of the text of the Agreement; Parties’ market access schedules of commitments (Appendix I); and Parties’ electronic and media sources of procurement information (Appendices II-IV). In addition to the Agreement and its Appendices, the Decision of the Committee on Government Procurement regarding the results of the GPA revision (GPA/113, dated 2 April 2012) includes a set of relevant Decisions. It should be noted as well that a separate electronic notification platform is being implemented. Additional information on related developments will be provided in due course.

WHAT MUST BE NOTIFIED?

The Agreement on Government Procurement 2012 (GPA 2012) and various decisions by the Committee on Government Procurement (CGP)1 set out Parties’ notification obligations in detail. These include:

• Notification of any changes to procurement laws and regulations;2

• Notification of statistics in relation to procurements covered by the Agreement;3

• Notification of thresholds in national currencies;4

• Notification of modifications to schedules;5 and

• Notification of media for the publication of procurement-related information.6

WHICH MEMBERS MUST NOTIFY?

All Parties to the GPA. The GPA is a plurilateral agreement, which means it is binding only on those WTO Members who are Party to it and have therefore accepted to be bound by it. For more information on the current list of Parties and observers to the Agreement, click here.

WHEN TO NOTIFY?

Notifications of statistics in relation to procurements covered by the Agreement are provided on an annual basis within two years from the end of the reporting period; and notifications of thresholds in national currencies are provided every two years. Other notifications are made on an ad hoc basis.

HOW TO NOTIFY?7

For additional information see GPA Notifications webpage. Please also contact the WTO Secretariat for further guidance/examples of relevant notifications (email: GPA@wto.org).

As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

¹⁰ Pursuant to Article VI:2 of the GPA 2012, existing Parties provided information on the media for the publication of procurement-related information. Accession candidates provide relevant information at the time of their accession process.
For additional information see [GPA Notifications webpage](#). Please also contact the WTO Secretariat for further guidance/examples of relevant notifications (email: [GPA@wto.org](mailto:GPA@wto.org)).
The Secretariat’s Systemic Compilation of Notifications under the GPA 2012 (GPA/S/3).

List of notifications of changes to procurement laws and regulations under Article XXII:5 of the GPA 2012 and the Decision on Notification Requirements under Articles XIX And XXII of the GPA 2012 (GPA/113, Annex A). See also GPA Notifications webpage.

List of notifications of statistics under Article XVI:4 of the revised GPA. See also GPA Notifications webpage.

List of notifications of thresholds in national currency under the Decision on Modalities for Notifying Threshold Figures in National Currencies (GPA/1, Annex 3) is available in the e-GPA and in Documents Online. See also GPA Notifications webpage.

List of notifications of modifications to market access commitments under Article XIX of the GPA 2012 and the Decision on Notification Requirements under Articles XIX And XXII of the Agreement (GPA/113, Annex A). Notifications related to the modification of schedules are restricted documents and accessible to the governments of GPA Parties and observers only before relevant modifications are certified. Relevant notifications are accessible from the e-GPA portal.

List of notifications of modifications of information on the media for the publication of procurement-related information under Article VI:3 with regard to modifications to Appendix II; Appendix III; Appendix IV. The information provided by Parties is available in the e-GPA portal.
The Agreement on Government Procurement 2012, including the Decision of the Committee on Government Procurement on Notification Requirements under Articles XIX and XXII of the Agreement (GPA/113, dated 2 April 2012). See also WTO webpage.

The Decision of the Committee on Government Procurement on Modalities for Notifying Threshold Figures in National Currencies (GPA/1, dated 27 February 1996, Annex 3).
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

The Committee on Market Access (CMA) adopted the decision on "Modalities and Operation of the Integrated Data Base (IDB)" contained in document G/MA/367 in order to streamline and facilitate the preparation of notifications by Members and to improve participation in the IDB. This new decision relates to the Decision of General Council of 18 July 1997 (WT/L/225) and supersedes those contained in several related documents previously issued. The document stipulates the mandatory data elements to be notified by Members. It also encourages Members to submit additional elements on a voluntary basis.

1. Mandatory elements:

Members shall notify, on an annual basis, data defined in paragraph 1 of the G/MA/367:

a) Applied MFN import tariffs at the national customs tariff nomenclature (at the most detailed level, for example HS codes with 8, 9, or 10 digits, as normally applied by the Member’s customs administration);

b) Import statistics in the same national tariff nomenclature as the corresponding MFN applied tariffs for the same year (i.e. same HS version and with the same level of disaggregation), including value (in USD or national currency) and volume (quantity and unit), by country of origin and by tariff line;

c) Data elements required by the Transparency Mechanism for Preferential Trade Arrangements, which include:

i. Preferential applied tariffs and import statistics, for preferences by developed countries to developing and least-developed countries in accordance with the Generalized System of Preferences (GSP), including the list of countries or separate customs territories on which they apply.

ii. Preferential applied tariffs and import statistics, in case of non-reciprocal preferential arrangements authorised under the WTO Agreement, including the list of countries or separate customs territories on which they apply.

d) The relevant reference information (as defined in the Annex 1 of the document G/MA/367).

2. Optional elements:

Members are encouraged to notify, on a voluntary basis, the elements listed in paragraph 2 of the Decision (G/MA/367), particularly when the information is already publicly available in a national website:

a) Applied non-MFN tariffs, including:

i. Preferential tariffs applied in the context of regional trade agreements (for example free trade agreements or customs unions), including arrangements under Article XXIV of the GATT 1994 and Paragraph 2(c) of the Decision on "Differential and More Favourable Treatment Reciprocity and Fuller participation of Developing countries" (Enabling Clause). The submission should include list of countries or separate customs territories covered by each of these agreements; and

ii. Other applied non-MFN tariffs, for example tariffs applied on imports originating in non-WTO Members, if applicable, including the list of countries or separate customs territories on which they apply.

b) Preferential import statistics under regional trade agreements (for example free trade agreements or customs unions), including arrangements under Article XXIV of the GATT 1994 and Paragraph 2(c) of the Enabling Clause. They should include the value of countries or separate customs territories on which they apply.

iii. Preferential applied tariffs and import statistics, in case of non-reciprocal preferential arrangements authorised under the WTO Agreement, including the list of countries or separate customs territories on which they apply.

4 Nothing in this Decision shall be interpreted as modifying the notification requirements of the Transparency Mechanism for Regional Trade Agreements and the Transparency Mechanism for Preferential Trade Arrangements.

5 Decision of 28 November 1979, GATT document L/4903. Paragraph 2(c) provides that: "Regional or global arrangements entered into amongst [developing country Members] for the mutual reduction or elimination of tariffs and, in accordance with criteria or conditions which may be prescribed by the CONTRACTING PARTIES, for the mutual reduction or elimination of non-tariff measures, on products imported from one another".
INTEGRATED DATABASE

PART 1

OVERVIEW OF NOTIFICATION REQUIREMENTS

(in USD or national currency) and volume (i.e. quantity and unit), disaggregated by country of origin, by tariff line, and by the duty regime under which each product was imported. The statistics should distinguish at the tariff line level, and for each of the beneficiary partners, the imports entered under MFN conditions from the imports entered under preferential conditions.

c) Ad valorem equivalents (AVEs) of non-ad valorem (NAV) duties, as calculated by the Member.
d) Applied internal taxes and other duties and charges (ODCs), when available at the tariff line level.
e) Imports or proportion of imports (value and volume) under tariff rate quotas (TRQs) for each identified tariff line associated with the relevant TRQ, in particular in case the in-quota and out-of-quota imports are recorded under the same tariff line code. In case the data corresponds to a bound TRQ, the TRQ identification (TQ ID) as contained in the Consolidated Tariff Schedules (CTS).

WHICH MEMBERS MUST NOTIFY?

All WTO Members shall supply to the Secretariat, on an annual basis, the mandatory elements described above. Members are also encouraged to notify the voluntary elements, particularly when the information is already publicly available in a national website.

WHEN TO NOTIFY?

The deadline for the current year tariff is to be 30 March, and for imports of the previous year, 31 October. For example, by 30 March 2022, the applied tariffs for 2022 should be notified, and by 31 October 2022, the imports for 2021 should be notified.

HOW TO NOTIFY?

IDB notifications being sent to the WTO should be addressed to the Market Access Intelligence Section, IDB Unit at the WTO. Notification can be sent as an attachment email to: idb@wto.org or uploaded to the IDB File Exchange facility. Access to this facility is granted to all Members through a Member-specific login User ID and password.

Data contained in flash drives or CDs should be addressed to:

- Integrated Data Base (IDB) Unit
- Economic Research and Statistics Division (ERSD)
- World Trade Organization (WTO)
- Rue de Lausanne 154, CH - 1211 Geneva 2, Switzerland

Paragraph 8 of the IDB Decision provides that, to the extent it is technically viable, Members may voluntarily enter into an agreement with the Secretariat for the automatic electronic transmission of data at regular intervals or similar methods. These agreements will be set on a case-by-case basis and include the terms and conditions in which the data will be obtained from the Member, including the manner in which the Member shall be informed of the data transmission and how the data is included in the IDB. Members may request, at any point in time, that these data be modified or removed from the IDB.

Additional information on Tariff and Non-Tariffs Measures can be found online at:

- The Status of IDB Notifications gives the most updated status of notifications on tariffs and imports of WTO members for the most recent five years and shows the recent outstanding submissions.
- Tariff Analysis Online (TAO) is an analytical tool, that provides access to the WTO’s Integrated Data Base (IDB) and Consolidated Tariff Schedules (CTS) database on-line, select markets and products, compile reports and download data. The two databases contain applied customs duties at the tariff line level, import statistics by country of origin and WTO Members’ commitments on goods (bound tariffs and specific commitments in agriculture).
- WTO Stats portal contains statistical indicators related to WTO issues. Available time series cover merchandise trade and trade in services statistics, market access indicators (bound, applied & preferential tariffs), non-tariff information as well as other indicators. Data retrieval functionalities include data selection, display and export, including available metadata. The WTO Stats Dashboard, a new data visualization tool, is available. In this tool
selected WTO Stats Portal data sets are presented visually via three distinct dashboards: Merchandise Trade, Commercial Services Trade, and Market Access. Depending on the dashboard, data can be explored by reporting economy, trade flow, period (annual, quarterly, monthly), indicator, and product or sector breakdown. Available here.

*World Tariff Profiles* is a joint publication of the WTO, International Trade Centre (ITC) and the United Nations Conference on Trade and Development (UNCTAD), provides comprehensive information on the tariffs and non-tariff measures imposed by over 170 countries and customs territories.

---

7 These deadlines apply to Members which base their tariffs on a calendar year. For other Members, the deadlines could be adjusted to take into account the dates when the national tariff comes into force.

8 Product descriptions should be in any of the three official WTO languages.
IDB File Exchange facility offers a comprehensive status of submissions, including all years from 1996 in electronic format.

The comprehensive status of submissions to the IDB is prepared for the Committee on Market Access G/MA>IDB/2/*. From the document G/MA>IDB/2/Rev.43, the status of submissions includes only the most recent 10 years and with information on the number of non-MFN duty schemes included in the submission.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

Article 1.4(a): Members are required to notify the Committee on Import Licensing the sources/publications in which the information concerning import licensing procedures are published, and to make copies of these publications available to the Secretariat.

In cases where the publications are not in a WTO official language, Members shall provide, together with such publications, a summary of the notification in one of the WTO languages. Other Members may ask for a full translation if they so wish or seek any additional information on a bilateral basis. Any issues that cannot be solved on a bilateral basis may be brought to the attention of the Committee.

Article 7.3: The questionnaire covers import licensing and similar administrative procedures (which are understood to include technical visas, surveillance systems, minimum price arrangements and other administrative reviews). Members are required to provide information relating to purposes and coverage of licensing, laws, regulations and administrative orders under which licensing is maintained, procedures for application and granting licenses under restrictive and non-restrictive systems, allocation of quotas, period for processing of applications, license validity, administrative bodies to be approached, documentation requirements for application, eligibility of importers to apply for license, conditions of licensing and foreign exchange formalities.

Article 8.2(b): Members are required to inform the Committee of any changes in their laws and regulations relevant to the Agreement and in the administration of such laws and regulations.

The first notification under Article 8.2(b) by Members which were not Parties to the Tokyo Round Code shall contain the full text of relevant laws and regulations in effect on entry into force of the WTO Agreement for the Member concerned.

In cases where the legislation is not in a WTO official language, Members shall provide, together with such legislation, a summary of the notification in one of the WTO languages. Other Members may ask for a full translation if they so wish or seek any additional information on a bilateral basis. Any issues that cannot be solved on a bilateral basis may be brought to the attention of the Committee.

Article 5.1-5.4: Members which institute licensing procedures or changes in these procedures are required to notify the Committee of such within 60 days of publication. Such notifications shall include the information listed in Article 5.2 (i.e., list of products subject to licensing; contact point for information on eligibility; administrative bodies for submission of applications; date and name of publication where licensing procedures are published; indication whether the procedure is automatic or non-automatic according to the definitions in Articles 2 and 3; in the case of automatic licensing, their administrative purpose; in the case of non-automatic licensing, indication of the measure being implemented through the licensing procedure; expected duration of the licensing procedure if this can be estimated with some probability, and if not, reason why this information cannot be provided), as well as the changes in import licensing procedures (Article 5.3). Members are required to notify the Committee of the publications in which the relevant information is published.

Article 5.5: Any Member which considers that another Member has not notified the institution of a licensing procedure or changes therein in accordance with Article 5.1-5.3, may bring the matter to the attention of such other Member, and if notification is not made promptly thereafter, such Member may itself notify the licensing procedure or the changes therein.

Footnote 5 to Article 2.2: Footnote 5 to Article 2.2 enables developing countries which were not parties to the Tokyo Round Code to delay, upon notification to the Committee, the application of the provisions of Art.2.2(a)(ii) and (a)(iii) linked to automatic licensing for a period of two years.

WHICH MEMBERS MUST NOTIFY?

All WTO Members.

WHEN TO NOTIFY?

Article 1.4(a): The Committee, at its meeting on 12 October 1995, established a deadline of 12 January 1996 for the first notification under this provision from current Members.
Article 7.3: Members are required to complete, by 30 September each year, the questionnaire on import licensing procedures (see G/LIC/3, Annex).

Article 8.2: The Committee, at its meeting on 12 October 1995, established a deadline of 12 January 1996 for the first notification under this provision from current Members.

Article 5.1-5.4: Members are requested to notify within 60 days of publication.

HOW TO NOTIFY?¹

Neither the Agreement nor the G/LIC/3 document provided any template for LIC notifications. However, a notification form was agreed at the Import Licensing Committee meeting on 4 April 2019 for WTO Members to use on a voluntary basis, to notify under Article 5.1-5.4 of the Agreement. It is understood that the notifying Member has also completed its notification obligations under Article 1.4(a) and Article 8.2(b) of the Agreement regarding the relevant law/regulation/procedure notified for by filling this form in a full and complete manner. The template is contained in document G/LIC/28.

¹ All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

TECHNICAL COOPERATION HANDBOOK ON NOTIFICATION REQUIREMENTS

AGREEMENT ON PRESHIPMENT INSPECTION

DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations under the Agreement on Preshipment Inspection. It consists of the following five parts:

**PART 1**
OVERVIEW OF NOTIFICATION REQUIREMENTS

**PART 2**
LISTING OF THE NOTIFICATION OBLIGATIONS

**PART 3**
RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS

**PART 4**
LIST OF NOTIFICATIONS SINCE 1995

**PART 5**
TEXT OF THE AGREEMENT

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?
Copies of the laws and regulations by which Members put the Agreement on Preshipment Inspection (PSI Agreement) into force, as well as copies of any other laws and regulations relating to preshipment inspection. Any changes in laws and regulations relating to PSI shall not be enforced before such changes have been officially published, and shall be notified immediately after their publication.

WHICH MEMBERS MUST NOTIFY?
All WTO Members implementing the PSI Agreement.

WHEN TO NOTIFY?
Members shall notify PSI laws and regulations at the time the PSI Agreement enters into force for them, and shall notify any changes to such laws and regulations immediately after publication.

HOW TO NOTIFY?
There is no standard format for PSI notifications.

---

1 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations under the **TRANSPARENCY MECHANISM FOR PREFERENTIAL TRADE ARRANGEMENTS (PTAs)**. It consists of the following five parts:

1. **PART 1** OVERVIEW OF NOTIFICATION REQUIREMENTS
2. **PART 2** LISTING OF THE NOTIFICATION OBLIGATIONS
3. **PART 3** RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS
4. **PART 4** LIST OF NOTIFICATIONS SINCE 2011
5. **PART 5** TEXT OF THE LEGAL PROVISION

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.

---

The section does not address other notification obligations relating to non-reciprocal preferential schemes which may be contained in specific "waiver" Decisions.
INTRODUCTION

The Transparency Mechanism for Preferential Trade Arrangements (PTAs) was established by the General Council Decision of 14 December 2010 (WT/L/806). The purpose of the Mechanism is to enhance transparency of the PTAs, which in this context refers to non-reciprocal preferential schemes.

The Committee on Trade and Development (CTD) is responsible for the implementation of the Transparency Mechanism. For purposes of performing the functions established under the Mechanism, the CTD is to convene in a dedicated session.

WHAT MUST BE NOTIFIED?

Section A of the Transparency Mechanism specifies the coverage of the Mechanism. According to Paragraph 1, the Transparency Mechanism shall apply to the following PTAs:

- PTAs falling under paragraph 2 of the Decision of 28 November 1979 on Differential and More Favourable Treatment Reciprocity and Fuller Participation of Developing Countries ("Enabling Clause"), with the exception of Regional Trade Agreements under paragraph 2(c) as described in the General Council Decision of 14 December 2006 (Transparency Mechanism for Regional Trade Agreements).

- PTAs taking the form of preferential treatment accorded by any Member to products of least-developed countries.

- Any other non-reciprocal preferential treatment authorised under the WTO Agreement.

According to Section B ("Notification"):

- Notifying Members shall specify under which provision or provisions in paragraph 1 their PTAs are notified. The Member notifying a PTA shall provide the full text of the related legislation and any related instruments (e.g., regulations, annexes, schedules, protocols), in one of the WTO official languages and in an electronically exploitable format, including, when appropriate, internet links.

According to Section C ("Procedures to Enhance Transparency"):

- Upon notification, the PTA shall be considered by the CTD under the procedures established in paragraphs 6 to 13.

To assist Members in their consideration of the PTA:

- The notifying Member shall make available to the WTO Secretariat data as specified in Annex 1 (Initial Notification of PTAs by Notifying Members), in an electronically exploitable format. If the PTA covers several sub-schemes, the data should be detailed enough so as to allow an analysis by sub-scheme. Disaggregated data, if available for these sub-schemes, shall be provided. As described in the Annex I, the Member notifying a PTA shall submit, at the tariff-line level, a full listing of preferential duties under the PTA per beneficiary partner, and a full tariff listing of the notifying Member’s MFN duty rates applied on the year of the PTA’s implementation and on the year preceding it.

The requirements of notifications of changes affecting a PTA during a calendar year are contained in Section D.

- Elements to be notified in electronically exploitable format include legal changes made, in one of the WTO official languages; changes in the implementation of the PTA, including (but not limited to) the list of graduated beneficiaries and the period of graduation, as well as the list of specific product/country waivers, if appropriate; and changes in the preferential tariffs per beneficiary partner applied under the PTA, at the tariff-line level.

- The notifying Member shall notify data on imports from each of the beneficiary partners on an annual basis at the tariff-line level, in value for total imports, imports entered under MFN and imports entered under PTA benefits no later than 31 October for data of the previous year.

WHICH MEMBERS MUST NOTIFY?

Any WTO Member granting non-reciprocal preferences is required to notify the PTA to the CTD.
WHEN TO NOTIFY?

- The required notification of a PTA shall take place as early as possible; it will occur when practicable before the application of preferential treatment by the notifying Member and, at the latest, three months after the PTA is in force (Section B, paragraph 3).

- Changes affecting the implementation of a PTA during a calendar year (including legal changes, or changes in coverage in terms of products or beneficiary Members) shall be notified on an annual basis, and no later than 30 June of the next immediate calendar year (Section D, Paragraph 15).

- The notifying Member shall notify data on imports from each of the beneficiary partners on an annual basis at the tariff-line level, in value for total imports, imports entered under MFN and imports entered under PTA benefits no later than 31 October for data of the previous year (Section D, Paragraph 16).

HOW TO NOTIFY?²

Existing notification formats are available for some of these notification requirements; these are referred to below.

Any questions regarding notifications under the Transparency Mechanism for PTAs can be sent to the Secretariat at pta@wto.org.

² All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

The format for notification of a PTA is contained in document WT/COMTD/73. Notifying Members are also invited to consult the information note on “Modalities and Operation of the Integrated Database (IDB)” (G/MA/367) provided by the WTO Secretariat through the Committee on Market Access and adopted on 28 May 2019. The note summarizes various notification requirements of tariff and import data to the WTO’s Integrated Data Base (IDB), including notification requirements as set out under the PTA Transparency Mechanism (WT/L/806). Specific examples of tariff and import data notifications are found in the Annex of the note G/MA/367.
LIST OF NOTIFICATIONS OF PREFERENTIAL TRADE ARRANGEMENTS

Database on Preferential Trade Agreements. As required by the Transparency Mechanism for PTAs, the WTO Secretariat maintains an updated electronic database on individual PTAs. This database includes all written material (including notifications of PTAs) related to the notified PTAs available at the WTO as well as relevant tariff and trade-related information.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations relating to QUANTITATIVE RESTRICTIONS. It includes information on three notifications in the Committee on Market Access and consists of the following five parts:

- **PART 1**: OVERVIEW OF NOTIFICATION REQUIREMENTS
- **PART 2**: LISTING OF THE NOTIFICATION OBLIGATIONS
- **PART 3**: RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS
- **PART 4**: LIST OF NOTIFICATIONS SINCE 1995
- **PART 5**: TEXT OF THE DECISION

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

On 22 June 2012, the Council for Trade in Goods adopted the Decision on notification procedures for quantitative restrictions (G/L/59/Rev.1). The objective of this Decision is to enhance transparency on the prohibitions and other restrictions introduced or maintained by Members on their trade in goods, including their legal justification of such measures under WTO rules. The notification must be submitted using the relevant format.

Under the QR Decision, all quantitative restrictions affecting both imports and exports shall be notified. The scope of the measures to be notified is largely defined by Article XI of the GATT 1994, which states that:

“No prohibitions or restrictions other than duties, taxes or other charges, whether made effective through quotas, import or export licenses or other measures, shall be instituted or maintained by any contracting party on the importation of any product of the territory of any other contracting party or on the exportation or sale for export of any product destined for the territory of any other contracting party.”

Therefore, the concept refers to all "prohibitions or restrictions other than duties, taxes or other charges" that are applied on imports or exports of goods, which can be "made effective through quotas, import or export licenses or other measures". For purposes of preparing a notification, it should not be difficult to identify the prohibitions (i.e. bans) on imports or exports imposed by the Member, as customs and other authorities usually maintain lists of goods that cannot be traded. However, it may prove more challenging to identify the measures that qualify as "restrictions other than duties, taxes or other charges". The text of Article XI:1 is helpful in this context; it indicates that restrictions can be "made effective through quotas, import or export licenses", and makes reference to "other measures".

Annex 2 of the QR Decision provides an indicative list of ten measures that are covered by the notification requirements, including a list of symbols to be used in the notification. They include prohibitions, global quotas, non-automatic licensing, restrictions made effective through state trading operations, mixing regulations, voluntary export restraints, and others (see Table 1). The QR Decision further requires the notifying Member to specify whether the measure notified affects imports and/or exports, and if the measure is "seasonal". In such cases, the suffixes "S" for seasonal restrictions and "X" for export restrictions should be added to the relevant symbol, as appropriate. For example, if a Member applies a temporary import ban, this should be reflected in the notification with the symbol "P-S"; if the notified measure is a non-automatic export license, the symbol NAL-X should be used.

1 Paragraph 8 of the QR Decision states that it fully replaces the previous notification procedures contained in the CTG Decision of 1 December 1995 (document G/L/59) and the notification format in document G/MA/NTM/QR/2.
2 The full text of Article XI is reproduced in Annex 1.
3 The list with the symbols in Annex 2 was originally contained in the Annex to the Group on Quantitative Restriction’s (1985) Report and the recommendation was that they should be used for future. Notifications to the Group and other relevant GATT bodies. See, for example, GATT document GATT document L/6713, p. 2. In the QR Decision, Members agreed to use these symbols in their notification to indicate the type of restriction being notified.

Although Article XI:1 of the GATT 1994 provides for the general elimination of quantitative restrictions, Members are allowed to introduce or maintain them in a limited number of circumstances, as exceptions. These include, for example, the carveouts in GATT Article XI:2, as well as the general exceptions of GATT Article XX, national security exceptions of GATT Article XXI, and other exceptions contained other agreements, such as the Agreement on Agriculture and the Agreement on Safeguards and other WTO Agreements. The specific WTO justification has to be indicated for every notified measure.

The QR Decision also recognizes that certain measures that qualify as quantitative restrictions may have been introduced pursuant to other international commitments, such as multilateral environmental agreements which, for the sake of transparency, should also be notified and justified under the relevant WTO provisions. Finally, the QR Decision acknowledges that some measures may already have been notified by Members to other WTO Committees or bodies and, for this reason, it allows for a cross-reference to be made to existing notifications.

**WHICH MEMBERS MUST NOTIFY?**

All Members should notify all the quantitative restrictions in force, both affecting imports and exports.

**WHEN TO NOTIFY?**

The QR Notification decision (G/L/59/Rev.1) provides that each Member shall notify all its quantitative restrictions in force beginning on 30 September 2012 and in two-yearly intervals thereafter.
PART 1
OVERVIEW OF NOTIFICATION REQUIREMENTS

HOW TO NOTIFY?4

All notifications shall be made in accordance with the format in Annex 1 of G/L/59/Rev.1 and based on the information required in paragraph 2 of the QR Decision. The format of QR notifications consists of three elements:

• A cover page with key information on the notification (e.g. notifying Member, type of notification, biennial period, and others);

• Section 1, which provides a list of all quantitative restrictions in force and the information required for each of these measures; and

• Section 2, where it is possible to cross-reference the QR notification with other WTO notifications that also contain information on, or relevant to, the quantitative restriction in question.

Notifications shall be submitted to the Secretariat in electronic form (footnote 2 of the QR Decision) and are circulated under document symbol G/MA/QR/N/Member code. QR notifications can be submitted in any of the three WTO official languages (English, French, or Spanish), and only the cover page is translated. This means that the information contained in Sections 1 and 2 of the QR notification will only ever be available in the language in which it was submitted.

For a detailed explanation of this notification requirement, including possible sources of information, please refer to the Practical Guide by the Secretariat in document JOB/MA/101/Rev.2.

Additional information can be found online at the: Quantitative Restriction Website which provides an overview of quantitative restrictions that have been notified to the Committee on Market Access. It includes measures such as prohibitions, non-automatic import licences, quotas, among others, notified by WTO Members as part of their notification commitment pursuant to the procedures in the Quantitative Restriction Decision (QR Decision) adopted by the Council for Trade in Goods in 22 June 2012.

4 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.

TECHNICAL COOPERATION HANDBOOK ON NOTIFICATION REQUIREMENTS

LEGAL PROVISIONS RELATING TO REGIONAL TRADE AGREEMENTS (RTAs)

REVISED 30 JUNE 2022
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
INTRODUCTION

Notification requirements relating to regional trade agreements (RTAs) are contained in different legal instruments. The General Council Decision of 14 December 2006 establishing a “Transparency Mechanism for Regional Trade Agreements” (WT/L/671), hereafter the “Transparency Mechanism for RTAs”, clarifies issues related to the notification of RTAs and establishes a harmonized mechanism – of a provisional nature – to deal with RTAs in the WTO system.

The horizontal nature of RTAs is reflected in the fact that there are four bodies of the WTO that, either directly or indirectly, have monitoring functions for RTA issues – namely the Committee on Regional Trade Agreements (CRTA), the Committee on Trade and Development (CTD), the Council for Trade in Goods (CTG) and the Council for Trade in Services (CTS). All these bodies are under the overall authority of the General Council and the Ministerial Conference.

WHAT MUST BE NOTIFIED?

Legal provisions relating to RTAs provide for five types of notifications:

1. **Notification of the conclusion of accession to an RTA**
   - Notification is required for both the conclusion of a new RTA as well as for the accession of a new Party to an existing RTA (this may also be referred to as the “enlargement” of an RTA).
   - All Members are required to notify their RTAs under the various WTO provisions relating to RTAs:
     - for RTAs providing preferential treatment in goods, in accordance with Article XXIV:7 of GATT 1994 or paragraph 4 of the Decision on Differential and More Favourable Treatment Reciprocity and Fuller Participation of Developing Countries (hereafter the “Enabling Clause”); and
     - for RTAs providing preferential treatment in services, in accordance with Article V:7 of the GATS.

Section B of the *Transparency Mechanism on RTAs* clarifies the notification requirements. Cessation of an RTA is also to be notified.

2. **Notification of changes to an RTA**
   - Notification is required for any change affecting the implementation of an existing RTA, or the operation of an already implemented RTA. Changes that are to be notified include *inter alia* those affecting the plan or schedule of an RTA, the preferential treatment granted, the RTA disciplines, and the withdrawal of a Party from the RTA.
   - All Members of RTAs affected by changes are required to notify such changes under Article XXIV of the GATT 1994 or the Enabling Clause and/or Article V of the GATS.
   - Section D of the *Transparency Mechanism on RTAs* clarifies the notification requirements.

3. **Report on the operation of an RTA (de facto inoperable since 2003)**
   - Periodic reports on the operation of customs unions and free-trade areas (also referred to as “biennial reports”) are to be made. The same applies to RTAs liberalizing trade in services implemented on the basis of a time-frame.
   - All Members that are Parties to customs unions or free-trade areas are required to provide periodic reports in accordance with a GATT 1947 decision (BISD 18S/38) as well as in reference to paragraph 11 of the Understanding on the interpretation of Article XXIV of the GATT 1994 (hereafter the “Understanding”). Parties to RTAs liberalizing trade in services are required to provide the periodic reports in accordance with GATS Article V:7(b).
   - The Transparency Mechanism for RTAs makes no reference to the provision of biennial reports nor to the relationship it may have with the provision of end-of-implementation report mentioned in point 4 below. In its paragraph 23, the *Transparency Mechanism for RTAs* nevertheless provides that, in the context of replacing that provisional mechanism by a permanent one, Members will “review the legal relationship between this Mechanism and relevant WTO provisions related to RTAs”.

---

1 Although there is no notification format for the cessation of an RTA, the Secretariat circulates a communication received from the Parties of such RTA to all the Members.
(4) End-of-implementation report
A short written report on the realization of the liberalization commitments, as contained in the RTA that was originally notified is required, at the end of the RTA’s implementation period. The report is referred to as the "End-of-Implementation (EOI) Report". All Members that are Parties to an RTA shall provide such EOI report, in accordance with Paragraph 15 of the Transparency Mechanism for RTAs.

Section D of the Transparency Mechanism for RTAs clarifies the notification requirements though no official format has been adopted. Draft outlines are nevertheless available.

(5) Communication of the modification of bound rates in the context of a customs union
If the formation (or the enlargement) of a customs union leads to the modification of bound rates by any of the Parties to the customs union, the Member(s) concerned has(have) to commence GATT procedures for the modification of bound rates before the concessions are modified or withdrawn (Article XXIV:6 of GATT 1994 and paragraphs 4-5 of the Understanding on the interpretation of Article XXIV). The procedures of Article XXVIII of the GATT 1994, as further elaborated by the 1980 guidelines (BISD 27S/26-28) and in the Understanding, apply in this case and include specific information to be provided by the Member(s) concerned.

WHICH MEMBERS MUST NOTIFY?
The notification obligations under points 1 to 4 above shall be made by each Member that is a Party to an RTA. However, while the notification obligation applies to each Member that is a Party to an RTA, in practice, the report/notification is usually made jointly by all the Parties.

When an RTA covers both goods and services two distinct notifications must be made: one under GATT Article XXIV or the Enabling Clause (for trade in goods) and one under GATS Article V (for trade in services). The two notifications can be included on the same notification template.

In the case of point 5 (above) involving Article XXIV:6 of GATT 1994, notifications may be required from either each Member that is a Party to the customs union or only from those proposing to increase their bound rates, depending on how the customs union will negotiate and implement the tariff concessions.

WHEN TO NOTIFY?
The notification of a newly concluded RTA (or of an accession to an existing RTA) must be filed “as early as possible”. As a rule, it will occur no later than directly following the Parties’ ratification of the RTA or any Party’s decision on application of the relevant parts of an agreement, and before the application of preferential treatment between the Parties (paragraph 3 of the Transparency Mechanism for RTAs). This time-frame, which applies equally to notifications under Article XXIV of the GATT 1994, Article V of the GATS and the Enabling Clause, clarified GATT and GATS provisions which refer to notifications being made “promptly” by the Parties to the RTAs.

The notification of changes to an RTA shall take place as soon as possible after the changes occur (paragraph 14 of the Transparency Mechanism for RTAs).

The Report on the operation of an RTA under Article XXIV of the GATT 1994 is to be submitted in accordance with the calendar issued by the CRTA. From 1971 onwards, reports on the operation of an RTA were to be submitted every two years (biennial reports). Since 2003, however, the issuance of a calendar fixing dates for the examination of biennial reports has been provisionally suspended. With respect to reports on RTAs liberalizing trade in services that are to be presented periodically under GATS Article V:7(b) no further clarification exists on the term "periodically".

The End-of-implementation Report shall take place at the end of an RTA’s implementation period. The CRTA issues annually a document listing corresponding deadlines applicable to the reports that are or will become due for RTAs notified under Article XXIV of the GATT 1994 and/or Article V of the GATS.

The notification of the modification of bound rates in the context of a customs union shall take place “before tariff concessions are modified or withdrawn” (paragraphs 4-5 of the Understanding on the Interpretation of Article XXIV of the GATT 1994).
PART 1
OVERVIEW OF NOTIFICATION REQUIREMENTS

HOW TO NOTIFY?²

Existing notification formats, of a voluntary or mandatory nature, are available for some of these notification/reporting requirements; these are referred to in the table that follows (Part 2). Available templates are also proposed under Part 3 below.

A self-training module on notification requirements for newly concluded RTAs is available at: How to notify a new RTA to the WTO.

² All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted as electronic attachments to emails, or on paper.
## Notification of the Conclusion of/Accession to an RTA

2 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted as electronic attachments to emails, or on paper.
# Report on the Operation of an RTA

## What Must Be Notified?

### Notification requirements

- Understanding on the interpretation of Article XXIV of the GATT 1994, paragraph 11.
- General Agreement on Trade in Services Article V.7(b).

## Which Members Must Notify?

### Members notifying

   - Operation of the RTA.
   - In principle each Member Party to an RTA. In practice joint notifications are made.

2. General Agreement on Trade in Services Article V.7(b).
   - Implementation of an Economic Integration Agreement implemented on a time-frame basis.
   - In principle each Member Party to an RTA. In practice joint notifications are made.

## When to Notify?

### Periodicity

   - Regular – Biennial
   - Every two years, in accordance with a calendar issued by the CRTA (practice discontinued in 2003).

2. General Agreement on Trade in Services Article V.7(b).
   - Not defined
   - Periodically.

## How to Notify?

### Format

   - No (No, but General guidelines G/L/286 and voluntary format WT/REG/W/6).

2. General Agreement on Trade in Services Article V.7(b).
   - No (No, but General guidelines S/C/N/92 and voluntary format WT/REG/W/14).

### To whom

   - The CTG, though, in practice to the CRTA.

2. General Agreement on Trade in Services Article V.7(b).
   - The CTS, though, in practice to the CRTA.

### Notification Symbol

   - WT/REG*/R/B/*

2. General Agreement on Trade in Services Article V.7(b).
   - S/C/N/*

---

2 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted as electronic attachments to emails, or on paper.

</tr>
</tbody>
</table>

**NOTES:**

2. All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted as electronic attachments to emails, or on paper.
Two notification formats, including templates, have been adopted by the respective bodies responsible for handling notifications with respect to the notification of the conclusion of an RTA (1) and the notification of changes to an RTA (2).

With respect to the Notification of the conclusion of an RTA, including accession to or enlargement of an existing RTA, since 2007, three identical templates have been adopted by, respectively, the Council for Trade in Services (S/L/310); the Council for Trade in Goods (G/L/834); and the Committee on Trade and Development (WT/COMTD/63). These templates are available for the notifications to be made pursuant to, respectively, Article V.7(a) of the GATS; Article XXIV:7(a) of the GATT 1994; and Paragraph 4(a) of the Enabling Clause.

The Parties shall specify under which provision(s) of the WTO agreements it is notified. The Parties will also provide the full text of the RTA (or those parts they have decided to apply) and any related schedules, annexes and protocols, in one of the WTO official languages; if available these shall also be submitted in an electronically exploitable format. Reference to related official Internet links shall also be supplied.

With respect to the Notification of changes to an RTA, since 2018, three identical templates have been adopted by, respectively, the Council for Trade in Services (S/L/418); the Council for Trade in Goods (G/L/1295); and the Committee on Trade and Development (WT/COMTD/98). These templates are available for the notifications to be made pursuant to Paragraph 14 of the Transparency Mechanism for RTAs (WT/L/671).

The Parties shall provide a summary of the changes made, as well as any related texts, schedules, annexes and protocols, [...] if available, in electronically exploitable format. In their notification, Members may refer to official internet links related to the Agreement where the relevant information can be consulted in full, in one of the WTO official languages.

For the other notifications, the notifying Members may wish to make use of the standard format for information on RTAs (WT/REG/W/8) or the Standard format for information on Economic Integration Agreements on Services (WT/REG/W/14) that have been taken note of by the CRTA in, respectively, 1996 and 1997. With respect to End-of-Implementation Reports, a format is suggested on a voluntary basis (JOB/REG/4).

More details and references are contained in the above section (Part 2).
Regional Trade Agreements Information System (RTA-IS) is a database that allows to retrieve information on RTAs notified to the GATT/WTO.
The main disciplines on notification or reporting on RTAs can be found in the following legal provisions:

- Decision on differential and more favourable treatment, reciprocity and fuller participation of developing countries (Enabling clause).
- Article V of the GATS.

For adopted formats of notification, or endorsed guidelines and standard formats, see the above sections (Part 2 and Part 3).
DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

According to the WTO Agreement on Rules of Origin, both preferential and non-preferential rules of origin must be notified to the Secretariat.

In relation to preferential rules of origin, both reciprocal (applied in the context of regional trade agreements) and non-reciprocal (used in the context of GSP) rules of origin must be notified. In addition, preferential rules of origin which are applied in the context of non-reciprocal trade preferences for least-developed countries must be notified using a detailed notification template agreed to by the Committee on Rules of Origin.

WHICH MEMBERS MUST NOTIFY?

All Members must notify their preferential and their non-preferential rules of origin to the Secretariat. Members who do not apply non-preferential rules of origin must also submit a notification stating so.

In the case of non-reciprocal preferential rules of origin, only those Members who have implemented such preferences for LDCs must submit a notification.

In relation to preferential rules of origin (applied in the context of regional trade agreements), a single notification can be made. In other words, there is no need to prepare a notification to the CRO if a notification covering preferential trade agreements and rules of origin has been submitted to the Committee on Trade and Development (CTD) or to the Committee on Regional Trade Agreements (CRTA).

WHEN TO NOTIFY?

Regarding non-preferential rules, the Agreement requires all WTO Members to notify, within 90 days of entry into force of the WTO Agreement for themselves, rules of origin, judicial decisions and administrative rulings of general application relating to rules of origin in effect on that date. Subsequently, all WTO Members are required to publish new or modified rules of origin (Article 5.2). 

Regarding preferential rules, the Agreement requires all WTO Members to notify promptly rules of origin (indicating the preferential agreements to which they apply), judicial decisions, and administrative rulings of general application. WTO Members are also required to notify any subsequent modifications to existing preferential rules of origin or the introduction of new rules of origin.

HOW TO NOTIFY?¹

There is currently no agreed format for notifications on non-preferential rules of origin. However, the practice has been to include an Internet link to a webpage where the full legislation can be found. Alternatively, a copy of the legislation implementing non-preferential origin requirements can be sent to the Secretariat. If the legislation being notified is not in a WTO working language, Members should include a description or summary of the requirements in an WTO working language.

Notifications of preferential rules of origin which are applied in the context of non-reciprocal trade preferences for least-developed countries must be notified using a detailed notification template agreed to by the Committee on Rules of Origin. The template is contained in document G/RO/84. Notifications are circulated under the symbol G/RO/LDC/Member-name.

¹ All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
### Listing of the Notification Obligations

TECHNICAL COOPERATION HANDBOOK ON NOTIFICATION REQUIREMENTS

AGREEMENT ON SUBSIDIES AND COUNTERVAILING MEASURES

REVISED 30 JUNE 2022
This section of the Handbook on Notification Requirements covers the notification obligations under the **Agreement on Subsidies and Countervailing Measures**. It consists of the following five parts:

**PART 1**
OVERVIEW OF NOTIFICATION REQUIREMENTS

**PART 2**
LISTING OF THE NOTIFICATION OBLIGATIONS

**PART 3**
RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS

**PART 4**
LIST OF NOTIFICATIONS SINCE 1995

**PART 5**
TEXT OF THE AGREEMENT

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
INTRODUCTION

The notification requirements of the SCM Agreement can be divided into regular notification requirements, which apply in principle to all Members, and special notification requirements, which apply to Members invoking particular provisions.

With respect to regular notification requirements, Part VII of the SCM Agreement ("Notification and Surveillance") contains requirements regarding the notification of subsidies (Article 25.1), countervailing measures (Article 25.11) and competent authorities that conduct countervailing duty investigations (Article 25.12). In addition, Article 32.6 in Part XI of the SCM Agreement ("Final Provisions") requires notification of laws and regulations relevant to the SCM Agreement.

The SCM Agreement contains special notification requirements regarding certain aspects of the provisions of Article 27 on Special and Differential Treatment of Developing Country Members. Special notification requirements also applied under provisions, which are no longer applicable, on non-actionable subsidy programmes (Article 8) and on transitional arrangements regarding existing programmes (Article 28) and transformation into a market economy (Article 29).1

WHAT MUST BE NOTIFIED?

REGULAR NOTIFICATION OBLIGATIONS

Notification of subsidies

The basic subsidies notification requirement is contained in Article 25.2 of the SCM Agreement and in Article XVI:1 of GATT 1994. Article 25.2 requires notification of any subsidy as defined in the Agreement, which is specific, as also defined in the Agreement. Exempt from this requirement are non-specific subsidies (i.e., subsidies not covered by SCM Article 3 and not limited, in law or in fact, to specific sectors, industries, or regions, etc.). In addition, GATT Article XVI:1 requires notification of any subsidy (whether or not specific) that directly or indirectly causes trade effects.

Notification of countervailing duty legislation

Article 32.6 of the SCM Agreement requires Members to notify their domestic laws and/or regulations relevant to countervailing duties to the Committee on Subsidies and Countervailing Measures (SCM Committee). These notifications are in the form of the full texts of the relevant laws and/or regulations in one of the three official languages of the WTO, i.e., English, French, or Spanish. Any modification to the laws, regulations or administrative procedures must be notified promptly. Members that have no countervailing duty laws or regulations should notify that fact by providing a nil notification.2

Notification of competent authorities

Article 25.12 of the SCM Agreement requires Members to notify to the SCM Committee which of their authorities are competent to initiate and conduct countervailing duty investigations in their territories and the domestic procedures that govern the initiation and conduct of such investigations.3 The list of such notifications includes addresses and contact numbers. It is periodically updated and can be found in document G/SCM/N/18/*. The addendum document with the highest number contains the most recent information.

Notification of preliminary and final actions (ad hoc notifications)

Article 25.11 of the SCM Agreement requires Members to notify, without delay, all preliminary or final countervailing duty actions taken. The notifications often are made by submitting the full text of a Member’s public notice regarding the action in English, French or Spanish, but in any event, notifications should contain the minimum information to be provided as adopted by the SCM Committee in document G/SCM/3/Rev.1.

Notification of countervailing duty actions: semi-annual reports

Article 25.11 of the SCM Agreement also requires Members to submit a report of all countervailing duty actions they have taken, as well as a list of all countervailing measures

---

1 Please refer to the document circulated by the Secretariat annually which contains information on each Member’s compliance with notification obligations as well as details on the expired notification provisions (G/SCM/N/546*).

2 See also the section below on “one-time notifications”.

3 See also the section below on “one-time notifications”.
OVERVIEW OF NOTIFICATION REQUIREMENTS

in force, twice a year. A format for these reports, with detailed instructions adopted by
the SCM Committee, can be found in document G/SCM/2/Rev.1. Members that have
not taken any actions during a covered period and have no ongoing investigations or
proceedings or measures in force do not need to use the format but shall instead submit
a nil notification (simple two sentences indicating that no actions have been taken during
that period; i.e. a nil notification).

One-time notification “OTN” (to be submitted only by a specific category of Members as
described below)
The Committee adopted a notification format under Articles 25.11 and 25.12 of the SCM
Agreement (G/SCM/129) which provides for a so-called "onetime notification". This format
was developed to be used by Members that have not yet established an investigating
authority and, accordingly, have not taken any countervailing duty action, as a one-time
notification that would remain valid until further notice. This standing notification is deemed,
without any further action by the Member, to fulfil that Member’s obligation to notify its
competent authority, as well as its obligation to provide semi-annual reports, until such
time as the Member establishes a competent authority, and/or takes any countervailing
action, all of which must be notified to the Committee without delay, pursuant to SCM
Articles 25.11 and 25.12.

SPECIAL NOTIFICATION REQUIREMENTS RELATED TO THE PROVISIONS OF ARTICLE 27 REGARDING SPECIAL AND DIFFERENTIAL TREATMENT OF DEVELOPING COUNTRY MEMBERS

Notifications under procedures adopted for extensions under Article 27

Article 27 of the Agreement contains a series of special and differential treatment provisions
for developing Members. Among these provisions is Article 272(b), which established an
eight-year period from the date of entry into force of the WTO Agreement for the phase
out of export subsidies by those developing Members not covered by Annex VII of the
Agreement. Article 274 establishes a mechanism pursuant to which this phase-out period
can be extended under certain conditions. On 27 July 2007, the General Council adopted
procedures regarding the continuation of previously-granted Article 274 extensions for
certain subsidy programmes. These procedures require annual updating notifications in
respect of the programmes benefitting from extensions. At its fall 2012 regular meeting,
the Committee granted the final extensions pursuant to these procedures, for calendar
year 2013, based on the information notified in 2012.

Notifications in connection with the export competitiveness of a Member in a given product

Articles 275 of the SCM Agreement provides that a developing Member which reaches
export competitiveness in a given product has to phase out its export subsidies for that
product within two years. For Members in Annex VII which reach export competitiveness,
this period is eight years. Under Article 276, export competitiveness may be determined
either on the basis of a notification by the developing Member at issue, or on the basis of
a computation by the Secretariat conducted at the request of any Member.

Notification of Privatization Subsidies

Under Article 2713 if direct forgiveness of debt, subsidies to cover social costs, and/or
other transfer of liabilities are granted within and are linked to a successful privatization
programme of a developing country (i.e., the programme actually results in privatization of
the enterprise concerned), and such subsidies are limited in time, Part III of the Agreement
shall not apply. This means that such subsidies shall not be subject to multilateral
challenge as provided for in Part III (however, this provision does not protect a Member
from countervailing duty actions with respect to the subsidy).

WHEN TO NOTIFY?

Notification of subsidies

On the basis of an understanding reached in the SCM Committee (G/SCM/M/46, para. 43,
and G/SCM/M/53, para. 35), Members are to submit new and full notifications by 30 June of
every second year (the odd-numbered years), while "de-emphasizing" the annual

4 WT/L/691.

5 The procedures on which the extensions were originally granted are contained in document
G/SCM/99.

6 G/SCM/M/83, paras. 23-28.
updating notifications referred to in Article 25.6. In practice, this means that Members should submit a new and full notification every two years, and spend the intervening year reviewing other Members’ notifications.

Notification of countervailing duty legislation
This notification is to be made once, upon entry into force of the WTO Agreement for the notifying Member, for its then-existing laws and regulations, and thereafter on an ad hoc basis, as and when laws/regulations are established, or changes effected.

Notifications of competent authorities
Pursuant to Article 25.12, this should also be notified only once. Any future modifications introduced should also be notified on an ad hoc basis.

Ad hoc notifications
According to Article 25.11, Members are to report without delay all preliminary and final countervailing duty actions taken.

Notifications of countervailing duty actions: semi-annual reports
Semi-annual reports are requested by the Committee twice each year. The first should be submitted by mid-February covering the period July–December of the previous calendar year (the Secretariat issues a request for the notification in December of a given year and a reminder in January of the subsequent year), while the second should be submitted by mid-August and should cover the period January-June of the same calendar year (the Secretariat issues a request for the notification in June and a reminder in July of the same year). If no actions were taken during a given reporting period, the Member concerned should submit a simple nil notification whereby the format would not be used. However, if the Member concerned did not have any actions to report during a given reporting period but has pending actions such as ongoing investigations or proceedings during previous reporting periods, or has measures in force, etc., the format should be used to report those.

One-time notifications
Under Articles 25.11 and 25.12, such notifications should be submitted only once by certain Members that fall in the category of Members described in G/SCM/129.

Notifications under procedures adopted for extensions under Article 27
The final two-year phase-out period referred to in Article 27.4 began on 1 January 2014 for the programmes covered by these extensions. Accordingly, the export subsidies covered by those programmes had to be eliminated not later than 31 December 2015. The Members with extensions were required to provide transparency notifications in respect of each of the two years of phase-out (in 2015 covering 2014, and in 2016 covering 2015).7

Notifications in connection with the export competitiveness of a Member in a given product
There is no time-frame for such notifications.8

Notification of Privatization Subsidies
There is no time-frame for such notifications.

HOW TO NOTIFY?9

Notification of subsidies
In November 2003, the Committee adopted a questionnaire format for subsidy notifications (G/SCM/6/Rev.1). Subsidy notifications should be sent by email to crn@wto.org with a copy to the Secretary of the SCM Committee. As this document would be formatted by the WTO Secretariat prior to circulation, it should be submitted in a WORD format.

7 These final transparency notifications can be found in the G/SCM/N/299/... series.
8 If a developing country Member achieves export competitiveness in a product, the phase-out period for its export subsidies to that product is shortened to 2 years (8 years for least developed countries). Export competitiveness is defined as having at least a 3.25% share of world trade in a product during 2 consecutive years. “Product” is defined as a section heading of HS nomenclature.
9 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
Notification of countervailing duty legislation

There is no standard format. Such notifications should be sent by email to crn@wto.org with a copy to the Secretary of the SCM Committee. As this document would be formatted by the WTO Secretariat prior to circulation, it should be submitted in a WORD format.

*Ad hoc* notifications

Document G/SCM/3/Rev.1 identifies the agreed minimum list of such actions subject to this *ad hoc* notification requirement, as well as the minimum information that should be provided in such reports. If the official notice of the action, as published by the Member taking the action, contains such information and is in a WTO working language, the Member may submit the official notice. If not, the Member should provide the information described in the format. In either case, Members are encouraged also to submit electronic versions of the publicly-available documents containing the notified decisions, in the original language even if not a WTO working language. The Article 25.11 notifications are kept on file in the Secretariat, for consultation by interested Members. Monthly lists of the notifications received are circulated to Members, in the G/SCM/N… series.

Notifications of countervailing duty actions: semi-annual reports

These reports are to be made using the agreed standard form in document G/SCM/2/Rev.1. Nil notifications of no actions taken during a particular period and no measures in force can consist of a simple letter to that effect. Example of nil notification:

“In accordance with Article 25.11 of the Agreement on Subsidies and Countervailing Measures, and in response to the request for semi-annual reports contained in document G/SCM/N/XX, the Government of [name of Member] notifies the Committee on Subsidies and Countervailing Measures that it has taken no countervailing actions during the period 1 January – 30 June/1 July through 31 December.”

In case of no actions to report during a given reporting period, but the Member concerned has pending actions such as ongoing investigations or proceedings during previous reporting periods, or has measures in force, etc., the format should be used to report those.

All such notifications should be sent by email to crn@wto.org with a copy to the Secretary of the SCM Committee. As this document would be formatted by the WTO Secretariat prior to circulation, it should be submitted in a WORD format.

One-time notifications

Under Articles 25.11 and 25.12 should be submitted by certain Members that fall in the category of Members described in G/SCM/129. Members falling in this category should make the notification using the format contained in G/SCM/129 and circulated in the document series G/SCM/N/202/*. This notification is made only once and remains valid until further notice by the Member concerned. Submitting such a notification would replace submitting the other notifications under Articles 25.11 and 25.12 until such time the circumstances change as described in G/SCM/129. This notification should be sent by email to crn@wto.org with a copy to the Secretary of the SCM Committee. As this document would be formatted by the WTO Secretariat prior to circulation, it should be submitted in a WORD format.

Notifications of competent authorities

There is no standard format. simple email containing the contact details of the newly established authority (name of the Head of the authority, its address, email, website, phone numbers, etc.) would suffice. Any subsequent changes introduced should also be reported – on an *ad hoc* basis – via email. This email should be sent to crn@wto.org with a copy to the Secretary of the SCM Committee.

Please see illustrative mock examples listing different situations and explaining when/how to notify depending on the situation.

DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

• Laws, regulations and administrative procedures relating to safeguard ("SG") measures, as well as any modifications made to them, need to be notified. If a Member does not have any, it is enough to submit a one sentence notification to that effect.

• If a Member initiates any SG measure, various actions taken in the course of an investigation need to be notified.

WHICH MEMBERS MUST NOTIFY?

The obligations explained in this section applies to all relevant Members. See Part 2 to identify who the ‘relevant Members’ are.

WHEN TO NOTIFY?

Most notification requirements are ad hoc, meaning that they become due only when a specific action is taken by a Member. For more information on when to notify, refer to Part 2.

HOW TO NOTIFY?¹

The easiest way to notify is to send the notification in Word format by e-mail to the CRN (crn@wto.org). There is no need to send an official letter (e.g. paper letter with letterhead).

Please see illustrative mock examples listing different situations and explaining when/how to draft legislative notifications. Tips on drafting notifications regarding various safeguard actions can be found here.

¹ All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

TECHNICAL COOPERATION HANDBOOK ON NOTIFICATION REQUIREMENTS

AGREEMENT ON THE APPLICATION OF SANITARY AND PHYTOSANITARY MEASURES

DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations under the Agreement on the Application of Sanitary and Phytosanitary Measures. It consists of the following five parts:

- **PART 1**: Overview of Notification Requirements
- **PART 2**: Listing of the Notification Obligations
- **PART 3**: Relevant Document(s) Concerning Guidelines and Formats
- **PART 4**: List of Notifications Since 1995
- **PART 5**: Text of the Agreement

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
The Agreement on the Application of Sanitary and Phytosanitary Measures (SPS Agreement) applies to all SPS measures which may affect international trade. Sanitary and phytosanitary measures are defined in Annex A as any measure applied:

<table>
<thead>
<tr>
<th>TO PROTECT</th>
<th>FROM</th>

<td>Pests, diseases, or disease-causing organisms</td>
</tr>
<tr>
<td>health</td>
<td></td>
</tr>
<tr>
<td>A territory</td>
<td>Damage caused by the entry, establishment or spread of pests</td>
</tr>
</tbody>
</table>

**WHAT MUST BE NOTIFIED?**

Under the SPS Agreement, the foundation of transparency rests on notifications. Members shall notify proposed SPS regulations (such as laws, decrees or ordinances which are applicable generally), or changes to regulations, which are not substantially the same as an international standard and may have a significant effect on trade. However, the SPS Committee encourages Members to notify draft regulations based on the relevant international standard as well.

Transparency under the SPS Agreement also involves the publication of regulations, the establishment of a national enquiry point (NEP) able to answer reasonable questions from other Members, and the designation of a single central government authority, the national notification authority (NNA), to be responsible for the notification requirements of the SPS Agreement. The SPS Committee encourages Members to publish SPS regulations on the Internet where possible.

**Regular notifications**

Except in urgent circumstances, WTO Members have the obligation to notify other Members of proposed changes in SPS regulations if these regulations might have an effect on the trade of other Members. Members must notify such new or changed regulations at an early stage, allow other Members to comment on the proposed text, discuss such comments on request, and take the comments and discussions into account in finalizing the regulation. The SPS Committee encourages Members to make such notifications when a draft with the complete text of a proposed regulation is available.

For proposed SPS measures which facilitate trade and those which are substantially the same as an international standard, guideline or recommendation, WTO Members may reduce or eliminate the period for receiving comments. While there is no WTO definition of "trade facilitating measures", the Committee's recommended procedures provide examples of trade facilitating measures, such as the raising of the level of maximum residue limits of certain pesticides in certain products, the lifting of a ban on imports, or the simplification or elimination of certain certification/approval procedures. It is important to note that what might be trade facilitating for one WTO Member might still be of concern to, and warrant comment from, other Members.

**Emergency notifications**

Some steps of the notification process can be omitted in genuine emergencies, which the SPS Agreement defines as cases "where urgent problems of health protection arise or threaten to arise" for the WTO Member implementing the measure.

---

1. Note that SPS measures in force before 1 January 1995 do not have to be notified (but subsequent changes to these measures do have to be notified). However, Members should be able to answer questions about such measures should they be requested to do so by other Members through their enquiry points.

2. Transparency obligations are contained in Article 7 and Annex B of the SPS Agreement. Annex B of the SPS Agreement requires that Members notify measures whose content is not substantially the same as that of an international standard, guideline or recommendation, and when the measure may have a significant effect on trade. However, the Recommended Procedures for Implementing the Transparency Provisions of the SPS Agreement, adopted by the SPS Committee in 2008, and updated in 2018 (G/SPS/7/Rev.4), recommend that Members also notify measures which are based on the relevant international standards, and provide a broad interpretation of effects on trade.

3. See footnote 5 in G/SPS/7/Rev.4.
Addenda, corrigenda and revisions
In addition to their original notifications, Members can also provide supplementary information in three different forms:

- An addendum is used to provide additional information or changes to an original notification. For instance, a Member may wish to indicate if the comment period has been extended or when a proposed regulation is either adopted, published or comes into force, if the relevant dates were not provided in the original notification or did change;
- A corrigendum is used to correct an error in an original notification such as an incorrect address detail; or
- A revision is used to replace an existing notification.

Any addendum or corrigendum should be read in conjunction with the original notification.

Information on the completion of the above notification formats, as well as other recommended notification formats, can be found in the Practical Manual for SPS National Notification Authorities and SPS National Enquiry Points – 2018 Edition and in the Recommended Procedures for Implementing the Transparency Obligations of the SPS Agreement.

WHICH MEMBERS MUST NOTIFY?
Under the SPS Agreement, all WTO Member has obligations relating to “transparency”.

WHEN TO NOTIFY?
Regular notifications
The SPS Agreement requires that measures be notified “at an early stage, when amendments can still be introduced”. The procedures recommend that a normal time period of at least 60 calendar days for comments on notifications be allowed before a measure is finalized for adoption. Any Member which is able to provide a time limit beyond 60 days is encouraged to do so.

Emergency notifications
Emergency measures may be notified either before or immediately after they come into effect, with an explanation of the reasons for resorting to emergency action.

Timeline for SPS notifications

- Drafting of the regulation
- Publication of the regulation
- Adoption of the regulation
- Entry into force of the regulation
- Notification to other Members
- Draft text upon request (or website)
- Receive and discuss comments

Minimum 6 months
Minimum 60 days
HOW TO NOTIFY?

The most efficient way to submit SPS notifications is through the online submission module in the ePing SPS&TBT Platform. This module is password-protected, and is accessible with the single sign-on credentials. This improved functionality allows Members to fill in all types of notification templates, improve national coordination with regulatory agencies, provide more accurate and complete data, prepare notification models to increase efficiency and keep track of all notifications submitted.

The Secretariat can grant notification admin rights to a user upon request at spscommittee@wto.org. The notification admin will then be able to draft and submit notifications to WTO. Additionally, the notification admin will also be able to grant Notification drafting rights and/or Notification submission rights to other domestic users registered in the ePing SPS&TBT Platform.

Alternatively, Members can also submit notifications by email to the Central Registry of Notifications (CRN) at crn@wto.org. Further information and the notification templates can be found in the Recommended Transparency Procedure page.

The WTO Secretariat has developed a Practical Manual for SPS National Notification Authorities and SPS National Enquiry Points – 2018 Edition. The manual is meant as a practical guide for Members to facilitate the implementation of the transparency provisions of the SPS Agreement.

Any questions regarding the ePing SPS&TBT Platform can be sent through the "Contact us" on the homepage of the Platform.

---

4 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. SPS notifications may be submitted through online submission systems or as electronic attachments to emails. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
### LISTING OF THE NOTIFICATION OBLIGATIONS

SPS Members' transparency toolkit: This webpage, accessible from the SPS Gateway, contains information on transparency obligations, notification formats to be used, the decisions and recommendations adopted by the SPS Committee since 1 January 1995, handbooks, step-by-step manuals and other aids for Members’ transparency work in SPS.

ePing SPS&TBT Platform: This is a specialized and detailed information source on SPS and TBT notifications, specific trade concerns (STCs) discussed in the WTO SPS and TBT Committees, Member’s national notification authorities and enquiry points contact information, and other SPS documents. Users can also sign up to receive email alerts and to follow notifications on products and/or markets of interest and reach out to national and international counterparts. Additionally, users with the relevant rights can submit notifications through the ePing SPS&TBT Platform.

Trade concerns database (TCD): Accessible through the ePing SPS&TBT Platform, the TCD allows users to search for trade concerns raised in the SPS and other WTO Committees, to view Members’ profiles and to explore and visualize results according to different criteria.
LIST OF NOTIFICATIONS UNDER ARTICLE 7 AND ANNEX B OF THE SPS AGREEMENT

All SPS notifications can be found in the ePing SPS&TBT Platform.
Agreement on the Application of Sanitary and Phytosanitary Measures LT/UR/A-1A/12.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
PART 1

OVERVIEW OF NOTIFICATION REQUIREMENTS

WHAT MUST BE NOTIFIED?

Members are to notify all state trading enterprises in accordance with the definition provided in paragraph 1 of the WTO Understanding on Article XVII. Enterprises of the kind described in paragraph 1 cover governmental and non-governmental enterprises, including marketing boards, which have been granted exclusive or special rights or privileges, in the exercise of which they influence through their purchases or sales the level or direction of imports or exports.

WHICH MEMBERS MUST NOTIFY?

The notification requirement under Article XVII applies to all Members, whether or not a Member maintains state trading enterprises in accordance with the definition provided in paragraph 1 of the WTO Understanding on Article XVII, and whether or not any state trading enterprises have engaged in trade during the period under review.

WHEN TO NOTIFY?

A call for notifications is issued every two years by a proposed deadline (normally 30 June of every even year, requesting information for the previous two years). For acceding countries, the deadlines for the submission of their first notification may be governed by their respective Protocols of Accession.

HOW TO NOTIFY?\(^1\)

Notifications must be made to the Working Party on State Trading Enterprises in accordance with the questionnaire adopted by that Working Party (G/STR/3/Rev.1). Notifications must enable a clear understanding of the manner of operation of the enterprises notified and the effect of their operations on international trade.

Members may find it useful to consult the Illustrative List of relationships between governments and state trading enterprises and the kinds of activities engaged in by these enterprises (G/STR/4) in preparing their notifications. The Illustrative List does not represent a definition of what constitutes a state trading enterprise but reflects the past practice of individual Members.

---

\(^1\) All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

² All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
LIST OF NOTIFICATIONS UNDER ARTICLE XVII: 4(a) OF GATT 1994

Notifications under Article XVII: 4(a).

Further information on the status of state trading notifications since 1995 is set out in document G/STR/27.

WTO Understanding on the Interpretation of Article XVII of the General Agreement on Tariffs and Trade 1994 LT/UR/A-1A/1/GATT/U/2 (the Understanding).

Note: these are not two separate notification requirements. Rather, notifications must currently be made pursuant to Article XVII:4(a) of the GATT 1994 as clarified by the Understanding. Thus, every two years, Members must notify their state trading enterprises meeting the definition of paragraph 1 of the Understanding, by completing the questionnaire agreed by Members pursuant to paragraph 5 of the Understanding (G/STR/3/Rev.1). Members that do not maintain state trading enterprises meeting the definition of paragraph 1 of the Understanding must also provide a notification, indicating that this is the case.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
OVERVIEW OF NOTIFICATION REQUIREMENTS

WHAT MUST BE NOTIFIED?

The WTO Agreement on Technical Barriers to Trade seeks to ensure that technical regulations, standards and conformity assessment procedures do not create unnecessary obstacles to trade. Transparency through specific notifications obligations is one of the principles under the Agreement to minimize trade barriers. WTO Members are subject to different kinds of notifications requirements:

Technical Regulations (Article 2.9.2) and Urgent Technical Regulations (Article 2.10.1); Conformity Assessment Procedures (Article 5.6.2) and Urgent Conformity Assessment Procedures (Article 5.7.1)

The notification process ordinarily begins by identifying those measures that should be notified to the WTO. Figure 1 illustrates whether to notify technical regulations and conformity assessment procedures in line with Articles 2.9 and 5.6 of the TBT Agreement.

![Figure 1](image)

Over the years, the TBT Committee has adopted a series of recommendations related to the implementation of notification obligations contained in the TBT Agreement. These can be found under the transparency chapter of G/TBT/1 (see latest Revision) and are also explained in the TBT Enquiry Point Guide.

Statement of Implementation

Article 15.2 of the TBT Agreement commits Members to submit a Statement of Implementation on the measures in existence or taken to ensure the implementation and administration of the Agreement, including the provisions on transparency. This one-time notification requirement should include information covering legislative, regulatory and administrative action taken so as to ensure that the provisions of the Agreement are applied. If the Agreement itself has been incorporated into domestic law, the statement should indicate how this has been done. The statement should also indicate the entities designated as the Enquiry Point(s) (Article 10.1-3) and the Notification Authority (Article 10.10) for that Member.

Agreements with other Members

Article 10.7 Members may reach agreement with other countries on issues related to technical regulations, standards or conformity assessment procedures. These can include mutual recognition agreements, equivalence agreements and other types of regulatory co-operation mechanisms. These agreements, if they may have a significant effect on trade, should be notified, through the Secretariat, by one of the Members party to the agreement, indicating the products to be covered and a brief description of the agreement.

Notifications under Paragraph C and Paragraph J of the Code of Good Practice on the Preparation, Adoption and Application of Standards (Annex 3 to the Agreement)

The TBT Agreement’s "Code", provides, among others (and through Article 4 of the Agreement), that Members shall ensure that their central government standardizing bodies accept and comply with the Code. Also, Members need to take such reasonable measures as may be available to them to ensure that local government and non-governmental standardizing bodies within their territories, as well as regional standardizing bodies, of which they or one or more bodies within their territories are Members, accept and comply with the Code.

1 The WTO TBT Enquiry Point Guide provides a consolidated and comprehensive list of transparency obligations and recommendations related to the implementation of the TBT Agreement.
Standardizing bodies that have accepted or withdrawn from the Code (Annex 3) must notify this fact to the ISO via email tbtcode@iso.org. Those bodies that have accepted the Code are required to publish a work programme every six months, and its existence must also be notified through the same email address.

**WHICH MEMBERS MUST NOTIFY?**

All WTO Members.

**WHEN TO NOTIFY?**

Technical Regulations and Conformity Assessment Procedures

At an early appropriate stage when amendments can still be introduced, and comments taken into account. Figure 2 below indicates the lifecycle of a measure.

*Figure 2: The lifecycle of a measure*

1. Measure is proposed (Art. 2.9, 5.6)
2. Notice in publication (Art. 2.9, 5.6.1)
3. Notification to other Members (Art. 2.9.2, 5.6.2)
4. Provision of copies (Art. 2.9.3, 5.6.3)
5. Discussion of the comments (Art. 2.9.4, 5.6.4)
6. End of comment period
7. Adoption of the measure
8. Publication of the measure (Art. 2.11, 5.8)
9. Entry into force of the measure (Art. 2.12, 5.9)

Exceptions for urgent reasons… (Art. 2.10, 5.7)

**Statement of Implementation**

*Article 15.2* Upon accession to the WTO. Revisions submitted as necessary when there are relevant changes in the regulatory process.

**Agreements with other Members**

*Article 10.7* When a Member has reached agreement with another Member on issues related to technical regulations, standards or conformity assessment procedures.

**Acceptance of the Code of Good Practice**

Upon acceptance of the code.

**Notification of work programmes**

Every six months. Alternatively, the website address where work programmes are regularly made available should be provided.
HOW TO NOTIFY?

1. Technical Regulations and Conformity Assessment Procedures, Statements of implementation and Agreements with other Members.

   The ePing SPS&TBT Platform helps manage and track technical barriers to trade (TBT) and sanitary and phytosanitary (SPS) measures. Members can submit their SPS and TBT notifications via the platform. ePing allows for better national coordination with regulatory agencies, helps keep track of all notifications submitted and gives access to comprehensive TBT and SPS transparency related information across the Membership on one website.

   To access the notification submission services, government officials responsible for the preparation and submission of notifications should register on the ePing platform and send a message to ePing@wto.org requesting notification admin rights. A notification admin can, in addition to submitting notifications, also grant notification drafting rights and/or submission rights to other domestic users and update Enquiry Point contact details. Users that already have a WTO account can use these credentials to register on the site and benefit from the single sign-on across WTO websites.

   While Members can submit notifications by email to the Central Registry of Notifications (CRN) (crn@wto.org), there is a significantly longer circulation delay as these have to be processed manually by the WTO Secretariat. Notification templates can be downloaded from the TBT Transparency toolkit.

   Questions and queries on the ePing SPS&TBT Platform can be sent to the WTO Secretariat (tbtcode@iso.org). The WTO ISO Standards Information Gateway contains the full list of standardizing bodies that have accepted the Code as well as information on their work programmes. The notification formats for acceptance (Form A), withdrawal (Form B) and work programmes (Form C) can also be downloaded through the Gateway. Acceptance and withdrawal notifications are subsequently circulated by the WTO Secretariat. These notifications can be consulted under the Facts & figures tab on ePing in each Members’ profile page.

   Standards-related notifications need to be submitted to the ISO via email tbtcode@iso.org. The WTO ISO Standards Information Gateway contains the full list of standardizing bodies that have accepted the Code as well as information on their work programmes. The notification formats for acceptance (Form A), withdrawal (Form B) and work programmes (Form C) can also be downloaded through the Gateway. Acceptance and withdrawal notifications are subsequently circulated by the WTO Secretariat. These notifications can be consulted under the Facts & figures tab on ePing in each Members’ profile page.

The TBT Committee has adopted Guidelines for Notification Procedures for Technical Regulations and Conformity Assessment Procedures as well as a recommendation on coherent use of notification formats (G/TBT/35/Rev.1).

---

2 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. TBT notifications may be submitted through online submission systems or as electronic attachments to emails. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
Recommendation of the TBT Committee on Coherent Use of Notification Formats G/TBT/35/Rev.1.

Decisions and recommendations adopted by the Committee since 1 January 1995 G/TBT/1/ latest Revision, in the Transparency chapter.

TRANSPARENCY RESOURCES

In March 2022, the ePing SPS&TBT Platform went live merging into one, the TBT Notification Submission System, the TBT Information Management System and ePing. To benefit from the range of services on ePing, it is necessary to be registered. Those who already have WTO credentials (e.g. to access Interprefy, eAgenda etc), should register using that email address so as to benefit from the single sign on feature.

- The "Search" tab contains all notifications circulated since 1 January 1995, information on trade concerns discussed in the WTO SPS and TBT committees and other documents.
- The "Enquiry points/Notification authorities" tab contains the contact details for Enquiry points and notification authorities.
- The "Facts and figures" tab contains Members profiles and data on notifications.
- The "More info" tab contains FAQs and links to resources including the TBT Enquiry Point Guide.

ePing also allows users to sign up to receive email alerts and to follow notifications on products and/or markets of interest and to reach out to national and international counterparts.

WTO Members’ transparency toolkit: The TBT webpage containing information on notification obligations, formats to be used, decisions and recommendations adopted by the TBT Committee since 1 January 1995, handbooks, step-by-step manuals, links to Members’ TBT Enquiry Points websites, and other aids for Members’ transparency work in TBT.

WTO Agreement Series – The TBT Agreement: The 2021 updated and revised edition includes an overview of the TBT Agreement, work of the TBT Committee, disputes invoking provisions of the Agreement, frequently asked questions, the full legal text of the Agreement, as well as the decisions and recommendations adopted by the TBT Committee from January 1995 to November 2021.
All notifications circulated since 1995 can be found in the "search" tab on ePing.
Agreement on Technical Barriers to Trade LT/UR/A-1A/10.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

The TFA provides for three main types of notifications (with only one of them applying to all Members):

1. Implementation-related notifications (otherwise known as “ABC notifications”). These notifications are governed by section II of the TFA, especially Articles 15 and 16.
2. Transparency notifications (set out by Articles 1.4, 10.4.3, 10.6.2 and 12.2.2 of the TFA)
3. Notifications related to technical assistance and support for capacity building (Articles 22.1, 22.2 and 22.3 of the TFA)

WHICH MEMBERS MUST NOTIFY?

The first type (implementation) applies to all developing and least-developed Members that chose to use the flexibilities set out in section II of the TFA.

The second type (transparency) applies to all WTO Members.

As far as the third type is concerned, Article 22.1 and 22.2 applies to “Donor Members”. Article 22.3 applies to developing and least-developed countries that chose to use the flexibilities set out in section II of the TFA.

WHEN TO NOTIFY?

For reference on when to notify, please refer to the TFA Database.

HOW TO NOTIFY?\(^1\)

For information on how to notify, see TFA Notification Requirements.

---

1 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

² All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
Not applicable at this stage.
The Trade Facilitation Agreement Database provides a list of all notifications available since 2014.
Protocol amending the Marrakesh Agreement establishing the World Trade Organization WT/L/940.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

The Trade Policy Review Mechanism (TPRM) itself can be considered as a comprehensive "notification" and transparency exercise, as it periodically provides information on the entire range of trade and trade-related measures and practices in use by Members.

Annex 3 of the Marrakech Agreement (Trade Policy Review Mechanism), and in particular its Part D (Reporting) states that "each Member shall report regularly to the Trade Policy Review Body (TPRB)". This "reporting" takes different forms:

• Full Reports shall describe the trade policies and practices pursued by the Member or Members concerned;
• Brief Reports shall be provided by Members between reviews, when there are any significant changes in their trade policies; and
• Annual Update of Statistical Information shall also be provided.

Members provide data and information required for the preparation of the TPR reports by the WTO Secretariat. The Members under review also prepare the so-called Government report which, in practice, is viewed as a trade policy statement. Both reports (by the Secretariat and the Member under review) form the basis for the periodic reviews of Members’ trade policies and practices under the TPRM.

The Secretariat makes also its contribution through the Annual Overview of Developments in the International Trading Environment which are having an impact on the multilateral trading system. In this context, a Trade Monitoring process was launched in 2009 by the Director-General and has been endorsed by the Members on several occasions. Though Trade Monitoring does not create notification obligations for the Members, it calls on their active cooperation with the Secretariat, including through the provision of brief reports on significant changes in their trade policies, as well as in the context of collection and verification of information.

WHICH MEMBERS MUST NOTIFY?

Each WTO Member is subject to periodic reviews, in conformity with the periodicity established under the TPRM; and is also to provide brief reports on significant changes in its trade policies, as well as an annual update of statistical information (see below: "When to notify?").

WHEN TO NOTIFY?

The review cycle is set as follows: the first 4 trading entities shall be subject to review every 3 years, the next 16 shall be reviewed every 5 years, other Members shall be reviewed every 7 years, except that a longer period may be fixed for LDC Members.

Significant changes in trade policies of Members are to be provided as they occur.

Statistical information is to be provided by Members on an annual basis.

The Trade Monitoring exercise is conducted on a semi-annual basis.

HOW TO NOTIFY?

Annex 3 (on the TPRM) of the Marrakech Agreement and the results of the periodical appraisals of the Mechanism provide guidelines for collection of the information contained in the report by the Secretariat. Such information may be collected by means of questionnaires sent by the Secretariat to the Member under review; from notifications submitted by the Member under a relevant WTO Agreement; or through research undertaken by the Secretariat. The information contained in the report is checked with the Member under review; the draft report is submitted to the Member for comments. Drawn up by the Secretariat on its own responsibility, the report presents the analysis of the trade policy and practices of the Member under review.
The report by the Secretariat is complemented by the report by the Member under review (the Government report). With the view to avoiding duplication, the report by the country under review is rather considered as a policy statement, i.e. expected to be forward looking.\footnote{It had been anticipated that the Outline Format for Country Reports established by the (GATT) Council Decision of 19 July 1989 (BISD 36S/406-409) would initially constitute the basis for such a notification format.}

Between reviews, Members shall provide brief reports on significant changes in their trade policies. The format of such reports has not yet been set.\footnote{Annual updates of statistical information shall also be provided. It was anticipated that such updates would be provided according to an agreed format and it was also foreseen that the TPRB would elaborate rules for this notification requirement. To date, no agreed format has been decided upon, and no specific requirements have been approved. In practice, statistical information is provided in the context of the Members’ submissions to the Integrated Data Base (IDB) (See the section of the Handbook on Notification related to Integrated Data Base).}

More details and references are contained in the next section below (Part 2).
### WHAT MUST BE NOTIFIED?
Notification requirements:
- Annex 3 to the Marrakech Agreement; Section D of Annex 3 on the Trade Policy Review Mechanism.

### WHICH MEMBERS MUST NOTIFY?
Type of measure:
- All trade policy measures and practices implemented or contemplated by the Member under review (or Members in the case of a joint review).

### WHEN TO NOTIFY?
Periodicity:
- Regular

### HOW TO NOTIFY?
Format:
- No

Comments on Periodicity:
- The review cycle (every three, five or seven years) is based on the Member’s share of global trade. The first 4 trading entities are subject to review every 3 years, the next 16 are reviewed every 5 years, other Members are reviewed every 7 years, except that a longer period may be fixed for LDC Members.

To whom:
- Trade Policy Review Body

Notification Symbol:
- Reports by Governments are circulated under symbol WT/TPR/G/*, and Reports by the Secretariat are circulated under symbol WT/TPR/S/*.

---

2 The amendment adopted by the General Council Decision of 26 July 2017 does not impact provisions on notification.

---

3. In the context of the implementation of Part G of Annex 3 (on TPRM) to the Marrakech Agreement, which refers to the Overview of Developments in the International Trading Environment, the Secretariat draws on the input from Members (on significant changes to trade policies) to prepare the annual overview by the Director-General, which provides the WTO Membership with selected developments in the international trading environment. The Trade Monitoring Reports by the Director-General have been endorsed by the Members as part of the transparency process.
While there is no set format of notification under the TPRM, some guidelines are given as to how information shall be provided. Indeed, the **Government report and the report by the Secretariat** are expected to cover all aspects of the trade policies and practices of the Member(s) under review. The TPRB is mandated to decide upon an agreed format for the Government report but has not yet to date reached an agreement on such a format. The format shall initially have been based on the Outline Format for Country Reports established by the (GATT) Council Decision of 19 July 1989 (*BISD* 36S/406-409). In practice, the reporting requirement is mainly achieved through the report, prepared by the Secretariat, on its own responsibility, but on which clarification is sought from the Member(s) under review; and through the Government Report prepared by the Member(s) under review. To this end and with the view to avoiding duplication, a policy statement by the Member(s) under review is considered enough.

Between reviews, the **reporting of "significant" changes in trade policies** is intended to complement the regular reviews by the TPRB. The **annual updates of statistical information** shall also be provided according to an agreed format and it is also foreseen that the TPRD also elaborates rules for this notification requirement.

To date, no agreed format has been decided upon, nor, with a few exceptions, have changes in policies or updates of data been provided to the Secretariat (exception through the submission to the IDB). Moreover, there are no formal procedures for such notifications though it was foreseen that the TPRB would initially elaborate rules for this notification requirement.

More details and references are contained in the above section (**Part 2**).
Through the Web page of the WTO Website dedicated to Trade Policy Reviews, a "Search Documents Online" feature offers direct access to TPR-related document, including TPR Reports by the Governments (WT/TPR/G/*) and by the Secretariat (WT/TPR/S/*).

The Chronological list of TPRs displaces all documents related to Trade Policy Reviews that have taken place since 1995.

Trade Monitoring Reports that have taken place since 2009 are available under the documents series WT/TPR/OV/W/* and additional information related to Trade monitoring is available through the Trade Monitoring Database.
TEXT OF THE LEGAL PROVISIONS

ON TRADE POLICY REVIEWS

ON TRADE MONITORING

Decision of 17 December 2011 of the Ministerial Conference WT/L/848.
DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
The main notification obligation under the Agreement on Trade-Related Investment Measures (the TRIMs Agreement) relates to a one-off notification of any TRIMs not in conformity with the provisions of the TRIMs Agreement (article 5.1 of the TRIMs Agreement). While some Members may be subject to similar obligations as a result of their protocols of accession or as a result of flexibilities negotiated at a later date, this obligation to notify inconsistent TRIMs is no longer in force. As a result, the only notification obligation currently in force in the area of trade-related investment measures is that under Article 6.2 of the TRIMs Agreement (notification of publications in which TRIMs may be found).

WHAT MUST BE NOTIFIED?

Article 6.2 provides for an obligation for Members to notify the publications in which TRIMs can be found. Part IV below lists all Members that had made such notifications as at the time of the 2021 TRIMs Committee Annual Report. The TRIMs Committee has adopted procedures for the implementation of this provision.1

Article 5.1 and Article 5.5 of the TRIMs Agreement no longer require a notification.

Pursuant to Article 5.1 Members were required to notify any Trade-Related Investment Measure (‘TRIM’) inconsistent with the Agreement within 90 days after the entry into force of the WTO Agreement.2 Article 5.2 allowed for transition periods for the elimination of non-conforming measures notified under Article 5.1 and which were in existence at least 180 days preceding the entry into force of the WTO Agreement. Part IV lists all notifications of measures under Article 5.1. In the case of some Members, notifications were submitted later than the 90-day period foreseen. Some Members notified that they did not apply any non-conforming TRIM. This last type of notification is not required by the TRIMs Agreement. Part IV below also lists all Members that had made such notifications as at the time of the 2021 TRIMs Committee Annual Report. A format for notifications under Article 5.1 was circulated in document G/TRIMS/1.

Article 5.5 of the TRIMs Agreement provides for notification of the application to a new investment of a TRIM previously notified under Article 5.1, Article 5.5 applied only during the transition periods specified under Article 5.2 (see above). The TRIMs Committee adopted a standard format for such notifications.3

Finally, it should be noted that Annex F to the Hong Kong Ministerial Declaration provides certain flexibilities for least-developed country (LDC) Members regarding existing or new TRIMs, and sets out corresponding notification requirements in the event that an LDC Member relies on those flexibilities, as follows:

"84) Agreement on Trade-Related Investment Measures

LDCs shall be allowed to maintain on a temporary basis existing measures that deviate from their obligations under the TRIMs Agreement. For this purpose, LDCs shall notify the Council for Trade in Goods (CTG) of such measures within two years, starting 30 days after the date of this declaration. LDCs will be allowed to maintain

---

1 See document G/TRIMS/6, 30 October 1996.

2 For original WTO Members who accepted the WTO Agreement by 1 January 1995, the deadline for notifying any non-conforming TRIMs was 31 March 1995. See document G/TRIMS/1, 26 January 1995. For original WTO Members who accepted the WTO Agreement after its entry into force, the deadline for notifying any non-conforming TRIMs was 90 days after the date of their acceptance of the WTO Agreement. See document WT/L/64, 10 April 1995. The timeframe for the notification of non-conforming TRIMs by new acceding Members may be addressed in the applicable Accession Protocol and Working Party Report.

3 See document G/TRIMS/8, 7 December 1995.
these existing measures until the end of a new transition period, lasting seven years. This transition period may be extended by the CTG under the existing procedures set out in the TRIMs Agreement, taking into account the individual financial, trade, and development needs of the Member in question.

LDCs shall also be allowed to introduce new measures that deviate from their obligations under the TRIMs Agreement. These new TRIMs shall be notified to the CTG no later than six months after their adoption. The CTG shall give positive consideration to such notifications, taking into account the individual financial, trade, and development needs of the Member in question. The duration of these measures will not exceed five years, renewable subject to review and decision by the CTG.

Any measures incompatible with the TRIMs Agreement and adopted under this decision shall be phased out by year 2020.*

WHICH MEMBERS MUST NOTIFY?

The notification requirement under Article 6.2 applies to all Members, whether or not they apply non-conforming TRIMs.

The notification requirement under Article 5.1 of the TRIMs Agreement applied to Members that, at the time of entry into force of the WTO Agreement, were applying TRIMs that were not in conformity with the provisions of the TRIMs Agreement. The notification requirement under Article 5.5 related to Members that were applying TRIMs that had been notified under Article 5.1.

The notification requirement under Annex F to the Hong Kong Ministerial Declaration pertained only to LDCs that wished to make use of the flexibilities regarding TRIMs in that Declaration.

WHEN TO NOTIFY?

Pursuant to Article 6.2 of the TRIMs Agreement, each Member must notify the WTO Secretariat of the publications in which TRIMs may be found, including those applied by regional and local governments and authorities within their territories. Under a decision by the TRIMs Committee, Members were invited to submit lists of such publications by 1 February 1997 and to update these lists as appropriate. Members that have not yet made such notifications are encouraged to make these without delay. Members whose circumstances have changed in a way that warrants updates to its notification under Article 6.2 are also encouraged to do so.

Pursuant to Article 5.1 of the TRIMs Agreement, Members were required to notify any TRIM inconsistent with the Agreement within 90 days after the entry into force of the WTO Agreement.5

Pursuant to the Hong Kong Ministerial Declaration, LDCs notifying new measures that deviate from their obligations under the TRIMs Agreement were required to make such notifications no later than six months after their adoption. According to that Declaration, any measures incompatible with the TRIMs Agreement and adopted under that Declaration had to be phased out by year 2020. Additionally, LDCs notifying existing measures that deviated from their obligations under the TRIMs Agreement were required to make such notifications within two years, starting 30 days after 18 December 2005, the date of the adoption of the Declaration.

---

* See document G/TRIMS/5; 30 October 1996.
5 As noted above, for original WTO Members who accepted the WTO Agreement after its entry into force, the deadline for notifying any non-conforming TRIMs was 90 days after the date of their acceptance of the WTO Agreement.
HOW TO NOTIFY?  
Notifications of publications in which TRIMs may be found pursuant to Article 6.2 of the TRIMs Agreement should be made to the WTO Secretariat in accordance with the decision adopted by the TRIMs Committee.  
Please see illustrative mock examples listing different situations and explaining when/how to notify depending on the situation.

---

6 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

7 See document G/TRIMS/6, 30 October 1996.

As recorded in the TRIMS Committee Annual Report G/TRIMS/11 see Annex 1: Members that have Submitted Notifications under Article 5.1 of the Agreement on Trade-Related Investment Measures.
G/TRIMS/11 see Annex 2: Notifications indicating that no TRIMs inconsistent with the Agreement on Trade-Related Investment Measures are maintained.
Notifications under Article 5.1.
Agreement on Trade-Related Investment Measures LT/UR/A-1A/13.
The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations under the AGREEMENT ON TRADE-RELATED ASPECTS OF INTELLECTUAL PROPERTY RIGHTS. It consists of the following eight parts:

1. OVERVIEW OF NOTIFICATION REQUIREMENTS
2. LISTING OF THE NOTIFICATION OBLIGATIONS
3. RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS
4. LIST OF NOTIFICATIONS SINCE 1995
5. TEXT OF THE AGREEMENT BETWEEN WIPO AND THE WTO
7. TEXT OF THE MINISTERIAL DECISION
8. TEXT OF THE AGREEMENT BETWEEN WIPO AND THE WTO

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

The TRIPS Agreement is an integral part of the WTO Agreement, and is binding on each Member of the WTO from the date the WTO Agreement becomes effective for that Member. The TRIPS Agreement establishes minimum standards of protection and enforcement for each of the main categories of intellectual property rights.

WHICH MEMBERS MUST NOTIFY?

All WTO Members are encouraged to submit TRIPS notifications, review materials and reports. Certain types of TRIPS submissions are mandatory, whereas others are optional in the case of Members using alternatives or flexibilities under the TRIPS Agreement. Notification obligations under the TRIPS Agreement do not apply to LDC Members entitled to avail themselves of the transitional period of Article 66.1 and subsequent decisions, except for obligations arising under Articles 3.1, 4(d) and paragraphs 2(a) and 2(c) of the Annex to Article 31 bis of the TRIPS Agreement.

WHEN TO NOTIFY?

When to submit a notification depends on the type of notification, review material or report. In general, however, a Member should notify as soon as possible after an obligation under the TRIPS Agreement becomes effective. With respect to updates or amendments to IP law or policy frameworks, a Member should generally submit the relevant notification, review material or report as soon as possible after the update or amendment occurs. Detailed information on the timing requirements of TRIPS notifications, review materials and reports may be found in Part 2 below.

The TRIPS Agreement allowed Members certain transition periods before they were obliged to apply all its provisions. Developed country Members were given one year to ensure that their laws and practices conform to the TRIPS Agreement. Developing country Members and (under certain conditions) transition economies were given five years, until 2000. Least-developed country Members initially had 11 years: until 2006. The general transition period has since been extended to 1 July 2034 or until such a date on which they cease to be a least developed country Member, whichever date is earlier (document IP/C/88).

There is an additional transition period related to patents and undisclosed information with respect to pharmaceutical products. The period for least-developed country Members to implement and enforce TRIPS provisions regarding patents and undisclosed information with respect to pharmaceutical products is until 1 January 2033 or until such date when they cease to be a least-developed country Member, whichever date is earlier (document IP/C/73). They are also exempted from the obligations to accept the filing of patent applications and to grant exclusive marketing rights during the transition period (document WT/L/971). A Member wishing to avail itself of any of the transition periods is not required to submit a notification to invoke the transition period.

The date of application of TRIPS Agreement provisions in acceding countries is governed by their respective protocols of accession.

HOW TO NOTIFY? 1

Members can and are encouraged to submit most notifications, reports and review materials using the e-TRIPS Submission System. The e-TRIPS Submission System is an optional online tool for the submission of TRIPS notifications, review materials and reports. On request to the Secretariat, each Member is given log-in credentials (username and password) for the e-TRIPS Submission System. The log-in credentials are not user-specific, and therefore can be shared among colleagues of the same Member.

1 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted to CRN through online submission systems, such as the e-TRIPS Submission System, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
To use the e-TRIPS Submission System, send an email to e-TRIPS@wto.org to request log-in details.

Traditional methods of submitting TRIPS notifications, review materials and reports to the TRIPS Council remain available. For any questions regarding the submission of TRIPS notifications, review materials and reports and how to submit, please contact the Secretariat at e-TRIPS@wto.org.

Provisions of the TRIPS Agreement related to notification requirements

- Article 63.2: Notification of laws and regulations.
- Articles 1.3 and 3.1: Notification of certain options in regard to:
  - The definition of beneficiary persons (Art. 1.3);
  - National treatment (Art. 3.1).
- Article 4(d): Notification of international agreements to justify certain MFN exemptions.
- Article 31bis and the Annex to the Amended TRIPS Agreement: Notifications relating to additional flexibilities aimed at enhancing access to medicines.
- Article 69: Notification of contact points.

Other notification requirements:

- Pursuant to the obligations under Article 2 of the TRIPS Agreement stemming from the provisions of Article 6ter of the Paris Convention for the Protection of Industrial Property, Stockholm Act (1967) (“Paris Convention”);
- Pursuant to the obligations under notification provisions of intellectual property conventions incorporated by reference into the TRIPS Agreement but not explicitly referred to in it, notably those stemming from the Berne Convention for the Protection of Literary and Artistic Works (“Berne Convention”) or the International Convention for the Protection of Performers, Producers of Phonograms and Broadcasting Organizations (“Rome Convention”):
  > Article 14bis.2(c) of the Berne Convention
  > Article 14bis.3 of the Berne Convention
  > Article 15:4 of the Berne Convention
  > Article I of the Appendix to the Berne Convention
  > Article II:3(b) of the Appendix to the Berne Convention
  > Article IV:2 of the Appendix to the Berne Convention
  > Article IV:4(c)(iv) of the Appendix to the Berne Convention
  > Article V of the Appendix to the Berne Convention
  > Article 17 of the Rome Convention
  > Article 18 of the Rome Convention
- As agreed by the TRIPS Council in relation to Article 67 of the Agreement on technical cooperation; namely, the specification by developed country Members of contact points in their administrations for TRIPS-related technical cooperation.

Provisions in the TRIPS Agreement under which review or reporting mechanisms involving submissions to the TRIPS Council have been established

- Article 24.2: In the context of the review of the application of the provisions of the Section on geographical indications under Article 24.2 of the TRIPS Agreement, the Council, at its meetings in May and July 1998, invited those Members already under an obligation to apply the provisions in question to provide their responses to a Checklist of Questions (contained in document IP/C/13 and Add.1). Other Members could provide their responses on a voluntary basis.
- Article 273(b): At its meeting in December 1998, the Council agreed to initiate the review of the provisions of Article 273(b) through an information-gathering exercise (contained in documents IP/C/W/122 and IP/C/W/126). The Council invited Members that were already
under an obligation to apply Article 27.3(b) to provide information on how the matters addressed in these provisions were presently treated in their national law. Other Members were invited to provide such information on a best-endeavors basis.

**Article 66.2:** The Decision of the Council for TRIPS of 19 February 2003 (document IP/C/28) established the mechanism for ensuring the monitoring and full implementation of developed country Members’ obligations in Article 66.2.

**Article 67:** The TRIPS Council agreed in 1996 that developed country Members would annually update information on their technical cooperation activities relevant to the implementation of the TRIPS Agreement (documents IP/C/M/6 and IP/C/M/7).

**Provision of the Ministerial Decision on the TRIPS Agreement under which a communication to the Council is required**

Paragraph 5 of Ministerial Decision on the TRIPS Agreement: The Ministerial Conference agreed in 2022 that for purposes of transparency, an eligible Member shall communicate to the Council for TRIPS any measure related to the implementation of the Decision, including the granting of an authorization, as soon as possible after its adoption.

**Resource for Further Details**

Further details on TRIPS notifications review materials and reports and other transparency mechanisms are available in the Appendices of the Guide to the TRIPS Agreement.
## WHAT MUST BE NOTIFIED?

**Notification requirements**

Laws / regulations made effective by the notifying Member (pertaining to the availability, scope, acquisition, enforcement and prevention of the abuse of intellectual property rights), including new laws and regulations.

## WHICH MEMBERS MUST NOTIFY?

**Members notifying**

All WTO Members

## WHEN TO NOTIFY?

**Periodicity**

One-time initial notification, and updates as appropriate.

**Comments on Periodicity**

As soon as possible after an obligation under the TRIPS Agreement becomes effective for a Member, normally within 30 days, except where otherwise provided by the TRIPS Council. In case of subsequent modifications of laws and regulations or the introduction of new ones, normally within 30 days where no translation into an official WTO language is required and within 60 days where such translation is necessary.

## HOW TO NOTIFY?

**Format**

Yes (Members may use the e-TRIPS Submission System IP/C/2, IP/C/4, IP/C/5)

**To whom**

TRIPS Council

**Notification Symbol**

IP/N/1/*

### WHICH MEMBERS MUST NOTIFY?

20. As agreed by the TRIPS Council in the context of Article 67 of the TRIPS Agreement (IP/C/MR, paragraphs 37 and 38).

Specification by the notifying developed country Member of contact points for technical cooperation on TRIPS.

Developed country WTO Members

One time initial notification, and updates as necessary

First, a one-time notification (1 September 1996 or, for new Members, promptly upon accession), and then an ad hoc notification upon introduction of changes.

Yes (Members may use the e-TRIPS Submission System WTO/AIR/168)

TRIPS Council

### WHEN TO NOTIFY?

### HOW TO NOTIFY?

3 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted to CRN through online submission systems, such as the e-TRIPS Submission System, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
### WHAT MUST BE NOTIFIED?
- Article 31bis and paragraph 2(a) of the Annex to the amended TRIPS Agreement. (Members who have yet to accept the Protocol Amending the TRIPS Agreement continue to operate on the basis of the waiver decision of 2003).

### WHICH MEMBERS MUST NOTIFY?
- Notification requirements for Members making use of the additional flexibilities relating to the TRIPS Agreement and public health: Importing Member’s specific notification.
- Developing country WTO Members
- Ad hoc

### WHEN TO NOTIFY?
- Periodicity: **Ad hoc**
- Comments on Periodicity: A notification must be made by or on behalf of an importing Member each time it uses the special compulsory license system to import pharmaceutical products. No notification is needed when pharmaceutical products are imported from another Member party to a regional trade agreement under the regional mechanism.

### HOW TO NOTIFY?
- **Format**: Yes (Members may use the e-TRIPS Submission System)
- **To whom**: TRIPS Council
- **Notification Symbol**: IP/N/9/*

3 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted to CRN through online submission systems, such as the e-TRIPS Submission System, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
Instructions on how to use the e-TRIPS Submission System are available here. The instructions include guidance on how to use the system in addition to the types of information to provide for each type of submission.

Procedures for notification of, and possible establishment of a common register of, national laws and regulations under Article 63.2 IP/C/2.

Format for listing of "other laws and regulations" to be notified under Article 63.2 IP/C/4.

Draft format for listing of "other laws and regulations" to be notified under Article 63.2 IP/C/W/8.

Distribution of notifications of laws and regulations under Article 63.2 (IP/N/1/- series of documents) IP/C/W/20.

Checklist of issues on enforcement IP/C/5.

Implementation of the obligations under the TRIPS Agreement stemming from the incorporation of the provisions of Article 6ter of the Paris Convention (1967) IP/C/7.

Notifications already made under the provisions of the Berne Convention and the Rome Convention referred to in Articles 1.3 and 3.1 of the TRIPS Agreement IP/C/W/3.

Notification possibilities provided in Articles 1.3 and 3.1 of the TRIPS Agreement IP/C/W/5.

Notifications under Articles 1.3 and 3.1 of the TRIPS Agreement WTO/AIR/70.

Notification provisions of intellectual property conventions incorporated by reference into the TRIPS Agreement but not explicitly referred to in it IP/C/W/15.

Notification of contact points under Article 69 of the TRIPS Agreement WTO/AIR/168.

Notification of contact points for technical co-operation on TRIPS WTO/AIR/288.

Submission of reply to a checklist of questions as part of the Review under Article 273(b) IP/C/W/122 and IP/C/W/126.

Submission of Report under Article 66.2 of the TRIPS Agreement: Incentives to Transfer Technology to LDCs IP/C/28.

Submission of communication under paragraph 5 of the Ministerial Decision on the TRIPS Agreement WT/L/1141.
TRIPS TRANSPARENCY

The following notifications may be retrieved from the e-TRIPS Gateway:

- Notifications of laws and regulations under Article 63.2
- Responses to the Checklist of Issues on enforcement under Article 63.2
- Notifications of contact points under Article 69
- Notifications of contact points for technical and financial cooperation
- Notifications on beneficiaries and national treatment (non-discrimination between foreign and local nationals) under Articles 1.3 and 3.1
- Notifications on Most-favoured-nation treatment (non-discrimination between trading partners) under Article 4(d)
- Notifications under provisions of the Berne and Rome conventions that are incorporated by reference into the TRIPS Agreement
- Replies to the Checklist of Questions as part of the Review under Article 24.2 of the Application of the Provisions of the Section of the TRIPS Agreement on Geographical Indications.
- Replies to the Checklist of Questions as part of the Review of the Provisions of Article 273(b)
- Notifications of Members making use of the special compulsory licensing system.
- Reports under Article 66.2
- Reports under Article 67.
Agreement on Trade-Related Aspects of Intellectual Property Rights (unamended version).
Ministerial Decision on the TRIPS Agreement.
Agreement between WIPO and the WTO.
DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations under the **AGREEMENT ON THE IMPLEMENTATION OF ARTICLE VII OF THE GATT**. It consists of the following five parts:

**PART 1**
OVERVIEW OF NOTIFICATION REQUIREMENTS

**PART 2**
LISTING OF THE NOTIFICATION OBLIGATIONS

**PART 3**
RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS

**PART 4**
LIST OF NOTIFICATIONS SINCE 1995

**PART 5**
TEXT OF THE AGREEMENT

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

- National legislation
- Changes to legislation, regulations and their administration
- Checklist of issues
- Implementation of the Decision on Interest Charges
- Implementation of the Decision on the Valuation of Carrier Media Bearing Software

WHICH MEMBERS MUST NOTIFY?

All WTO Members.

WHEN TO NOTIFY?

Ad hoc.

HOW TO NOTIFY?\(^1\)

**National Legislation**  
(G/VAL/5 paragraphs B.2(i) and (ii))

Members must notify their national legislation to the Central Registry for Notifications with a cover note indicating the date of implementation of the legislation. The legislation should be notified in Word document format in any of the three WTO official languages. The notification of full and complete legislation is covered by a decision taken by the WTO Committee on Customs Valuation at its first meeting on 12 May 1995 "Notification and Circulation of National Legislation" (G/VAL/5 para.B.2(i) and (iii)).

---

\(^1\) All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.

"Members will submit the complete texts of their national legislation (laws, regulations, etc.) on customs valuation in one of the three official WTO languages as soon as possible to the Secretariat which will circulate them as Committee documents to the other Members in the language submitted. If a general interest is expressed in the Committee that the text of a particular Member be available also in other official WTO languages, this text will be translated and circulated as a Committee document. In those cases where the national legislation is not in an official WTO language, the original texts shall also be submitted to the Secretariat where they will be open for inspection."

Changes in its laws and regulations relevant to the Agreement and in the administration of such laws and regulations checklist of issues (Article 22.2 of the Customs Valuation Agreement).

Members are required to inform the Committee of any changes in its laws and regulations relevant to the Agreement and in the administration of such laws and regulations, in accordance with Article 22.2 of the Customs Valuation Agreement.

**Checklist of Issues**  
(G/VAL/5 paragraphs B.2(ii) and (iii)).

Members must submit responses to the checklist of issues, which serves as a basis of an initial examination of national legislation, at the time of or as soon as possible after, the Member concerned had started applying the Customs Valuation Agreement.

**Decision on Interest Charges**  
(G/VAL/5 paragraphs B.2(i) and (ii)).

Members must notify the date from when the Member has implemented the Decision on Interest Charges.

**Decision on the Valuation of Carrier Media Bearing Software**  
(G/VAL/5 paragraphs B.2(i) and (ii)).

For Members adopting the practice referred to in paragraph 2 of the Decision on the Valuation of Carrier Media Bearing Software, they must notify the date of its application.
