The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
PART 1
OVERVIEW OF NOTIFICATION REQUIREMENTS

INTRODUCTION

Notification requirements relating to regional trade agreements (RTAs) are contained in different legal instruments. The General Council Decision of 14 December 2006 establishing a “Transparency Mechanism for Regional Trade Agreements” (WT/L/671), hereafter the “Transparency Mechanism on RTAs”, clarifies issues related to the notification of RTAs and establishes a harmonized mechanism – of a provisional nature – to deal with RTAs in the WTO system.

The horizontal nature of RTAs is reflected in the fact that there are four bodies of the WTO that, either directly or indirectly, have monitoring functions for RTA issues – namely the Committee on Regional Trade Agreements (CRTA), the Committee on Trade and Development (CTD), the Council for Trade in Goods (CTG) and the Council for Trade in Services (CTS). All these bodies are under the overall authority of the General Council and the Ministerial Conference.

WHAT MUST BE NOTIFIED?

Legal Provisions relating to RTAs provide for five types of notifications:

Notification of the conclusion of/accession to an RTA

Notification is required for both the conclusion of a new RTA as well as for the accession of a new Party to an existing RTA (this may also be referred to as the “enlargement” of an RTA). All Members are required to notify their RTAs under the various WTO provisions relating to RTAs:

- for RTAs providing preferential treatment in goods, in accordance with Article XXIV:7 of GATT 1994 or paragraph 4 of the Decision on Differential and More Favourable Treatment Reciprocity and Fuller Participation of Developing Countries (hereafter the “Enabling Clause”); and
- for RTAs providing preferential treatment in services, in accordance with Article V:7 of the GATS.

Section B of the Transparency Mechanism on RTAs clarifies the notification requirements. Cessation of an RTA is also to be notified.

Notification of changes to an RTA

Notification is required for any change affecting the implementation of an existing RTA, or the operation of an already implemented RTA. Changes that are to be notified include inter alia those affecting the plan or schedule of an RTA, the preferential treatment granted, the RTA disciplines, and the withdrawal of a Party from the RTA.

All Members of RTAs affected by changes are required to notify such changes under Article XXIV of the GATT 1994 or the Enabling Clause and/or Article V of the GATS. Section D of the Transparency Mechanism on RTAs clarifies the notification requirements.

Report on the operation of an RTA (de facto inoperable since 2003)

Periodic reports on the operation of customs unions and free-trade areas (also referred to as “biennial reports”) are to be made. The same applies to RTAs liberalizing trade in services implemented on the basis of a time-frame.

All Members that are Parties to customs unions or free-trade areas are required to provide periodic reports in accordance with a GATT 1947 decision (BISD 18S/38) as well as in reference to paragraph 11 of the Understanding on the interpretation of Article XXIV of the GATT 1994 (hereafter the “Understanding”). Parties to RTAs liberalizing trade in services are required to provide the periodic reports in accordance with GATS Article V:7(b).

The Transparency Mechanism on RTAs makes no reference to the provision of biennial reports nor to the relationship it may have with the provision of end-of-implementation report mentioned in point 4 below. In its paragraph 23, the Transparency Mechanism for RTAs nevertheless provides that, in the context of replacing that provisional mechanism by a permanent one, Members will “review the legal relationship between this Mechanism and relevant WTO provisions related to RTAs”.

1 Although there is no notification format for the cessation of an RTA, the Secretariat circulates a list of such RTA to all the Members.
End-of-implementation report

A short written report on the realization of the liberalization commitments, as contained in the RTA that was originally notified is required, at the end of the RTA’s implementation period. The report is referred to as the “End-of-Implementation (EOI) Report”.

All Members that are Parties to an RTA shall provide such EOI report, in accordance with Paragraph 15 of the Transparency Mechanism for RTAs.

Section D of the Transparency Mechanism for RTAs clarifies the notification requirements though no official format has been adopted. Draft outlines are nevertheless available.

Communication of the modification of bound rates in the context of a customs union

If the formation (or the enlargement) of a customs union leads to the modification of bound rates by any of the Parties to the customs union, the Member(s) concerned has(have) to commence GATT procedures for the modification of bound rates before the concessions are modified or withdrawn (Article XXIV:6 of GATT 1994 and paragraphs 4-5 of the Understanding on the interpretation of Article XXIV). The procedures of Article XXVIII of the GATT 1994, as further elaborated by the 1980 guidelines (BISD 275/26-28) and in the Understanding, apply in this case and include specific information to be provided by the Member(s) concerned.

WHICH MEMBERS MUST NOTIFY?

The notification obligations under points 1 to 4 above shall be made by each Member that is a Party to an RTA. However, while the notification obligation applies to each Member that is a Party to an RTA, in practice, the report/notification is usually made jointly by all the Parties.

When an RTA covers both goods and services two distinct notifications must be made: one under GATT Article XXIV or the Enabling Clause (for trade in goods) and one under GATS Article V (for trade in services). The two notifications can be included on the same notification template.

WHEN TO NOTIFY?

The notification of a newly concluded RTA (or of an accession to an existing RTA) must be filed “as early as possible”. As a rule, it will occur no later than directly following the Parties’ ratification of the RTA or any Party’s decision on application of the relevant parts of an agreement, and before the application of preferential treatment between the Parties’ (paragraph 3 of the Transparency Mechanism for RTAs). This time-frame, which applies equally to notifications under Article XXIV of the GATT 1994, Article V of the GATS and the Enabling Clause, clarified GATT and GATS provisions which refer to notifications being made “promptly” by the Parties to the RTAs.

The notification of changes to an RTA shall take place as soon as possible after the changes occur (paragraph 14 of the Transparency Mechanism for RTAs).

The Report on the operation of an RTA under Article XXIV of the GATT 1994 is to be submitted in accordance with the calendar issued by the CRTA. From 1971 onwards, reports on the operation of an RTA were to be submitted every two years (biennial reports). Since 2003, however, the issuance of a calendar fixing dates for the examination of biennial reports has been provisionally suspended. With respect to reports on RTAs liberalizing trade in services that are to be presented periodically under GATS Article V:7(b) no further clarification exists on the term “periodically”.

The End-of-implementation Report shall take place at the end of an RTA’s implementation period. The CRTA issues annually a document listing corresponding deadlines applicable to the reports that are or will become due for RTAs notified under Article XXIV of the GATT 1994 and/or Article V of the GATS.

The notification of the modification of bound rates in the context of a customs union shall take place “before tariff concessions are modified or withdrawn” (paragraphs 4-5 of the Understanding on the Interpretation of Article XXIV of the GATT 1994).
PART 1
OVERVIEW OF NOTIFICATION REQUIREMENTS

HOW TO NOTIFY?²

Existing notification formats, of a voluntary or mandatory nature, are available for some of these notification/reporting requirements; these are referred to in the table that follows (Part 2). Available templates are also proposed under Part 3 below.

A self-training module on notification requirements for newly concluded RTAs is available at: How to notify a new RTA to the WTO.

² All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.1. Notifications may be submitted through online submission systems, as electronic attachments to emails, by fax or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantially handling the notification.

³ All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.1. Notifications may be submitted through online submission systems, as electronic attachments to emails, by fax or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantially handling the notification.
Two notification formats, including templates, have been adopted by the respective bodies responsible for handling notifications with respect to the notification of the conclusion of an RTA (1) and the notification of changes to an RTA (2).

With respect to the Notification of the conclusion of an RTA, including accession to or enlargement of an existing RTA, since 2007, three identical templates have been adopted by, respectively, the Council for Trade in Services (S/L/310); the Council for Trade in Goods (G/L/834); and the Committee on Trade and Development (WT/COMTD/63). These templates are available for the notifications to be made pursuant to, respectively, Article V.7(a) of the GATS; Article XXIV.7(a) of the GATT 1994; and Paragraph 4(a) of the Enabling Clause.

The Parties shall specify under which provision(s) of the WTO agreements it is notified. The Parties will also provide the full text of the RTA (or those parts they have decided to apply) and any related schedules, annexes and protocols, in one of the WTO official languages; if available these shall also be submitted in an electronically exploitable format. Reference to related official Internet links shall also be supplied.

With respect to the Notification of changes to an RTA, since 2018, three identical templates have been adopted by, respectively, the Council for Trade in Services (S/L/418); the Council for Trade in Goods (G/L/1295); and the Committee on Trade and Development (WT/COMTD/98). These templates are available for the notifications to be made pursuant to Paragraph 14 of the Transparency Mechanism for RTAs (WT/L/671).

The Parties shall provide a summary of the changes made, as well as any related texts, schedules, annexes and protocols, [...] if available, in electronically exploitable format. In their notification, Members may refer to official internet links related to the Agreement where the relevant information can be consulted in full, in one of the WTO official languages.

For the other notifications, the notifying Members may wish to make use of the standard format for information on RTAs (WT/REG/W/6) or the Standard format for information on Economic Integration Agreements on Services (WT/REG/W/14) that have been taken note of by the CRTA in, respectively, 1996 and 1997. With respect to End-of-Implementation Reports, a format is suggested on a voluntary basis (JOB/REG/4).

More details and references are contained in the above section (PART 2).
Regional Trade Agreements Information System (RTA-IS) is a database that allows to retrieve information on RTAs notified to the GATT/WTO.
The main disciplines on notification or reporting on RTAs can be found in the following legal provisions:

- Article XXIV of the General Agreement on Tariffs and Trade 1994
- Decision on differential and more favourable treatment, reciprocity and fuller participation of developing countries (Enabling clause)
- Understanding on the Interpretation of Article XXIV of GATT 1994
- Article V of the GATS

For adopted formats of notification, or endorsed guidelines and standard formats, see the above sections (PART 2 and PART 3).
