DISCLAIMER

The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

According to the WTO Agreement on Rules of Origin, both preferential and non-preferential rules of origin must be notified to the Secretariat.

In relation to preferential rules of origin, both reciprocal (applied in the context of regional trade agreements) and non-reciprocal (used in the context of GSP) rules of origin must be notified. In addition, preferential rules of origin which are applied in the context of non-reciprocal trade preferences for least-developed countries must be notified using a detailed notification template agreed to by the Committee on Rules of Origin.

WHICH MEMBERS MUST NOTIFY?

All Members must notify their preferential and their non-preferential rules of origin to the Secretariat. Members who do not apply non-preferential rules of origin must also submit a notification stating so.

In the case of non-reciprocal preferential rules of origin, only those Members who have implemented such preferences for LDCs must submit a notification.

In relation to preferential rules of origin (applied in the context of regional trade agreements), a single notification can be made. In other words, there is no need to prepare a notification to the CRO if a notification covering preferential trade agreements and rules of origin has been submitted to the Committee on Trade and Development (CTD) or to the Committee on Regional Trade Agreements (CRTA).

WHEN TO NOTIFY?

Regarding non-preferential rules, the Agreement requires all WTO Members to notify, within 90 days of entry into force of the WTO Agreement for themselves, rules of origin, judicial decisions and administrative rulings of general application relating to rules of origin in effect on that date. Subsequently, all WTO Members are required to publish new or modified rules of origin (Article 5.2).

Regarding preferential rules, the Agreement requires all WTO Members to notify promptly rules of origin (indicating the preferential agreements to which they apply), judicial decisions, and administrative rulings of general application. WTO Members are also required to notify any subsequent modifications to existing preferential rules of origin or the introduction of new rules of origin.

HOW TO NOTIFY?\(^1\)

There is currently no agreed format for notifications on non-preferential rules of origin. However, the practice has been to include an Internet link to a webpage where the full legislation can be found. Alternatively, a copy of the legislation implementing non-preferential origin requirements can be sent to the Secretariat. If the legislation being notified is not in a WTO working language, Members should include a description or summary of the requirements in an WTO working language.

Notifications of preferential rules of origin which are applied in the context of non-reciprocal trade preferences for least-developed countries must be notified using a detailed notification template agreed to by the Committee on Rules of Origin. The template is contained in document G/RO/84. Notifications are circulated under the symbol G/RO/LDC/Member-name.

---

\(^1\) All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
