

Challenges Encountered and Potential Solutions of SPS Notification Transparency

Research Center of GACC for International Inspection and Quarantine Standards and Technical Regulations

WTO/SPS National Notification & Enquiry Center of the People's Republic of China

I. Challenges Encountered

Attaching PDF files vs providing links to domestic websites

The accurate access to the notification measure documents should be ensured.

II. Potential Solutions

Attaching PDF files vs providing links to domestic websites

**access to the notification
measure documents**

attaching PDF files

I. Challenges Encountered

**Non-conformity with international standards
(item 8 of the notification format)**

The descriptions of the deviations from international standards are different.

II. Potential Solutions

**Non-conformity with international standards
(item 8 of the notification format)**

**descriptions of the deviations
from international standards**

**add an option to choose from a set
menu of types of deviation**
