Main outcomes of the 2000 workshop: Areas that merit further exploration 14 years later

Robert L. Griffin

WTO-SPS Workshop on Risk Analysis
October 13-14, 2014
Geneva
Then:

- Concepts
  - ALOP
  - Sufficient scientific evidence
- Definitions
- Methods - frameworks
- Relationships – 3 sisters/other orgs
- Information availability
Now:

• Concepts
  – Systems approaches/HACCP
  – Uncertainty
  – Rational relationship

• Disputes

• Methods – greater sophistication

• Regulatory housekeeping

• Information exchange
The future:

• Concepts
  – Continuum approach
  – Rational relationship
• Methods – modeling/economics
• Regulatory approaches
• Information quality/reliability
• Data integration
