

**COLOMBIA AND UNITED STATES COOPERATION ON TRADE FACILITATION: CONTRIBUTION BY COLOMBIA AND THE UNITED STATES**

- We appreciate Colombia's presentation today on the Global Alliance project with INVIMA.
- The United States and Colombia have been close partners for many years working to improve trade and trade-related reforms, including through our bilateral free trade agreement.
- We are excited to see a number of TFA related projects in the pipeline for Colombia.
- We look forward to continuing to share progress and updates with the Committee in the future.
