The Handbook on Notification Requirements does not constitute a legal interpretation of the notification obligations under the respective Agreement(s) or relevant legal provision(s). It has been prepared by the Secretariat to assist Members in complying with their notification obligations.
This section of the Handbook on Notification Requirements covers the notification obligations under the **AGREEMENT ON TRADE-RELATED ASPECTS OF INTELLECTUAL PROPERTY RIGHTS**. It consists of the following eight parts:

- **PART 1** Overview of Notification Requirements
- **PART 2** Listing of the Notification Obligations
- **PART 3** Relevant Document(s) Concerning Guidelines and Formats
- **PART 4** List of Notifications Since 1995
- **PART 5** Text of the Agreement
- **PART 6** Text of the Decision of the General Council of 30 August 2003
- **PART 7** Text of the Ministerial Decision
- **PART 8** Text of the Agreement Between WIPO and the WTO

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.
WHAT MUST BE NOTIFIED?

The TRIPS Agreement is an integral part of the WTO Agreement, and is binding on each Member of the WTO from the date the WTO Agreement becomes effective for that Member. The TRIPS Agreement establishes minimum standards of protection and enforcement for each of the main categories of intellectual property rights.

WHICH MEMBERS MUST NOTIFY?

All WTO Members are encouraged to submit TRIPS notifications, review materials and reports. Certain types of TRIPS submissions are mandatory, whereas others are optional in the case of Members using alternatives or flexibilities under the TRIPS Agreement. Notification obligations under the TRIPS Agreement do not apply to LDC Members entitled to avail themselves of the transitional period of Article 66.1 and subsequent decisions, except for obligations arising under Articles 3.1, 4(d) and paragraphs 2(a) and 2(c) of the Annex to Article 31bis of the TRIPS Agreement.

WHEN TO NOTIFY?

When to submit a notification depends on the type of notification, review material or report. In general, however, a Member should notify as soon as possible after an obligation under the TRIPS Agreement becomes effective. With respect to updates or amendments to IP law or policy frameworks, a Member should generally submit the relevant notification, review material or report as soon as possible after the update or amendment occurs. Detailed information on the timing requirements of TRIPS notifications, review materials and reports may be found in Part 2 below.

The TRIPS Agreement allowed Members certain transition periods before they were obliged to apply all its provisions. Developed country Members were given one year to ensure that their laws and practices conform to the TRIPS Agreement. Developing country Members and (under certain conditions) transition economies were given five years, until 2000. Least-developed country Members initially had 11 years: until 2006. The general transition period has since been extended to 1 July 2034 or until such a date on which they cease to be a least developed country Member, whichever date is earlier (document IP/C/88). There is an additional transition period related to patents and undisclosed information with respect to pharmaceutical products. The period for least-developed country Members to implement and enforce TRIPS provisions regarding patents and undisclosed information with respect to pharmaceutical products is until 1 January 2033 or until such date when they cease to be a least-developed country Member, whichever date is earlier (document IP/C/73). They are also exempted from the obligations to accept the filing of patent applications and to grant exclusive marketing rights during the transition period (document WT/L/971). A Member wishing to avail itself of any of the transition periods is not required to submit a notification to invoke the transition period.

The date of application of TRIPS Agreement provisions in acceding countries is governed by their respective protocols of accession.

HOW TO NOTIFY? 1

Members can and are encouraged to submit most notifications, reports and review materials using the e-TRIPS Submission System. The e-TRIPS Submission System is an optional online tool for the submission of TRIPS notifications, review materials and reports. On request to the Secretariat, each Member is given log-in credentials (username and password) for the e-TRIPS Submission System. The log-in credentials are not user-specific, and therefore can be shared among colleagues of the same Member.

1 All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in document WT/INF/25/Rev.2. Notifications may be submitted to CRN through online submission systems, such as the e-TRIPS Submission System, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
To use the e-TRIPS Submission System, send an email to e-TRIPS@wto.org to request log-in details.

Traditional methods of submitting TRIPS notifications, review materials and reports to the TRIPS Council remain available. For any questions regarding the submission of TRIPS notifications, review materials and reports and how to submit, please contact the Secretariat at e-TRIPS@wto.org.

Provisions of the TRIPS Agreement related to notification requirements

Provisions in the TRIPS Agreement under which review or reporting mechanisms involving submissions to the TRIPS Council have been established

**Article 24.2**: In the context of the review of the application of the provisions of the Section on geographical indications under Article 24.2 of the TRIPS Agreement, the Council, at its meetings in May and July 1998, invited those Members already under an obligation to apply the provisions in question to provide their responses to a Checklist of Questions (contained in document IP/C/13 and Add.1). Other Members could provide their responses on a voluntary basis.

**Article 273(b)**: At its meeting in December 1998, the Council agreed to initiate the review of the provisions of Article 273(b) through an information-gathering exercise (contained in documents IP/C/W/122 and IP/C/W/126). The Council invited Members that were already...
under an obligation to apply Article 27.3(b) to provide information on how the matters addressed in these provisions were presently treated in their national law. Other Members were invited to provide such information on a best-endeavors basis.

Article 66.2: The Decision of the Council for TRIPS of 19 February 2003 (document IP/C/28) established the mechanism for ensuring the monitoring and full implementation of developed country Members’ obligations in Article 66.2.

Article 67: The TRIPS Council agreed in 1996 that developed country Members would annually update information on their technical cooperation activities relevant to the implementation of the TRIPS Agreement (documents IP/C/M/6 and IP/C/M/7).

Provision of the Ministerial Decision on the TRIPS Agreement under which a communication to the Council is required

Paragraph 5 of Ministerial Decision on the TRIPS Agreement: The Ministerial Conference agreed in 2022 that for purposes of transparency, an eligible Member shall communicate to the Council for TRIPS any measure related to the implementation of the Decision, including the granting of an authorization, as soon as possible after its adoption.
