

Covid-19 Vaccine Supply Chain and Regulatory Transparency Technical Symposium

Giulia del Brenna

Head of Unit for Strategy and Regulation: Single Market and Industrial Policy, Directorate General for Internal Market, Industry, Entrepreneurship and SMEs, (DG Grow) and European Commission Task Force for the Industrial Scale-up of COVID-19 vaccine production

Giulia del Brenna has had a long career at the European Commission, having previously held various portfolios, including head of the pharmaceutical, food and biotechnologies industries unit at the then Directorate-General of Enterprise and Industry and deputy head of the cabinet of former commissioner for research, science and innovation, Carlos Moedas. More recently, del Brenna took part in the Task Force for the Industrial Scale-up of COVID-19 vaccines, which aims to boost production capacity and establish a more strategic public-private partnership with European industries.
