

## Covid-19 Vaccine Supply Chain and Regulatory Transparency Technical Symposium

### **Rajiv Gandhi**

CEO & Managing Director, Hester Biosciences

Hester Biosciences was founded by Rajiv Gandhi. From releasing a single vaccine in 1997, he has led the company to become one of the largest animal vaccine producers in Asia. By diversifying the company's offerings and understanding the transformational business environment, he has managed to grow Hester at an exponential rate.

He was also awarded the Outstanding Entrepreneur of the Year from the Ahmedabad Management Association (AMA) in 2016. Beyond the workplace, Rajiv likes aviation and enjoys avid discussions about history and politics. He is also a proud advocate of Indian culture.
