The Way Forward

Looking ahead:

- Impact-focused projects for women entrepreneurs
- Support IPOs in their own gender mainstreaming efforts
- Launching new external partnerships
- Enhancing communications
- Further driving new research, analysis, and methodologies
- IP and Gender Integration Seminar for member states
IP and Gender Integration Seminar

Topics could include:

• The importance of and how to begin collecting gender-disaggregated data and developing indicators for measuring change;

• Legislative and policy initiatives and options for promoting and advancing women’s use of the IP system;

• How to implement gender and inclusivity initiatives and develop capacity within IP offices and other IP-related organizations;

• Examples of stakeholder initiatives to support women in IP;

• Models of capacity-building projects for women entrepreneurs;

• How to build collaborative regional networks to promote IP and gender efforts.
