CONTRACTING PARTIES
Sixth Session

PREPARATION OF THE CONSOLIDATED SCHEDULES

Note by Working Party 2 on Schedules

The Working Party on Schedules agreed at its first meeting that, in view of the delay in the dispatch of several consolidated schedules, the date of 17 September which had originally been set for the submission of comments would not give delegations sufficient time to examine many of them. The Working Party recommends, therefore, an extension of time as follows:

- 1) Comments on the following schedules should be submitted not later than 1 October :

Australia	India
Austria	Indonesia
Benelux	Italy
Ceylon	New Zealand
Czechoslovakia	Norway
Denmark	Pakistan
Dominican Republic	Southern Rhodesia
Finland	Sweden
France	South Africa
Germany	United Kingdom
Haiti	

- 2) Comments on the following schedules should be submitted not later than 10 October.*:

Brazil	Greece
Canada	United States
Chile	Uruguay **
Cuba	

The Working Party realises that this period may be a little short for consideration of the United States list, but considers that unless these dates are adhered to it will not be possible for the final texts to be handed to the Secretariat ready for printing by the close of the session.

* These schedules were not received till after the opening of the Session

** Not yet received

Delegations are reminded that the final texts, both in English and in French, in a form suitable for photo offsetting, should be handed to the Secretariat before the close of the Session. So far, only Benelux, Southern Rhodesia, Germany, Dominican Republic, Sweden and Haiti have provided translations of their schedules into the non-authentic texts. Other delegations are urged to prepare these as soon as possible and if they require assistance, officials of the Brussels Bureau are at their service.
