CONTRACTING PARTIES
Sixth Session

WORKING PARTY 2 ON SCHEDULES

Agenda and Notes for the First Meeting

1. Procedure to give effect to the results of the negotiations between Germany and South Africa (GATT/CP.6/22).

The Working Party may wish to defer its consideration of this matter until the Working Party on Arrangements for Tariff Negotiations has completed its consideration of procedures for giving effect to the results of new negotiations between contracting parties.

2. Procedure to give effect to the changes to the French Schedule under Article XXVIII (GATT/CP.6/14).
3. Procedure to give effect to the changes in the Benelux, Danish, Italian and United States lists (GATT/CP.6/4/Add.1 Annex 2).
4. Procedure to give effect to the transposed United Kingdom Geneva and Annecy Schedules. The Working Party will recall that the United Kingdom has proposed that the transposed schedules be incorporated in a protocol of rectifications.
5. Sixth Protocol of Rectifications.
6. Status of the consolidated Schedules.

NOTES: 1) The Working Party should consider whether it would be advisable to incorporate the changes listed in items 2 and 3 above into the schedules by means of a formal protocol and, if so, whether in a protocol of rectifications, of modifications or a more general protocol that could include both rectifications and modifications.

2) Sixth Protocol of Rectifications

In addition to the rectifications listed in GATT/CP.6/4 and Add. 1 & 2, which have already been distributed to delegations, rectifications have been proposed to the Cuban and Indonesian Schedules. The Cuban rectifications are incorporated in their consolidated list and will be separately distributed in a few days and the Indonesian rectifications are being distributed as an annex to document CP.6/W/4.

A draft protocol will be prepared by the Secretariat for the consideration of the Working Party on the basis of whatever decision the Working Party takes on items 2, 3 and 4 of this agenda.

3) Status of the Consolidated Schedules

Consolidated Schedules have now been received by the Secretariat from all governments with the exception of Brazil and Uruguay. The consolidated Brazilian schedule is expected within the week. The Working Party may wish to set a time limit for the submission of comments on the Schedules. The original time limit was the opening date of the Sixth Session but in view of the fact that two schedules have not yet been received and several schedules were sent only within the last few days, delegations may wish to have longer time to consider them. Corrections have already been made to several schedules by various governments and a list follows of those of which the Secretariat has been informed.

In addition to setting a time limit for the submission of comments on the consolidated lists, the Working Party should decide on a date by which the final consolidated lists, in a form suitable for photo offsetting and in both English and French, should be submitted by each delegation to the Secretariat.
