IMPORT RESTRICTIONS OF THE REPUBLIC OF SOUTH AFRICA

Addendum

The following communication dated 7 January 1976 has been received from the Permanent Mission of South Africa.

With reference to paragraph 9 of document C/M/81 of 1 November 1972, I have the honour to enclose copies of a Press Statement issued by the Minister of Economic Affairs of South Africa announcing the Government's import control policy for 1976.

South Africa's up-dated import control measures for 1976 are published in Government Notice No. R.2372, contained in Government Gazette No. 4933 of 19 December 1975, copies of which are also enclosed.

It will be noted from the Minister's Press Statement that advance permit allocations of 40 per cent of the total permits issued to importers in 1975 will be granted to them in respect of the following commodity groups for which import facilities are determined from time-to-time in the form of global quotas:

- (i) consumer goods
- (ii) clothing
- (iii) confectionery
- (iv) alcoholic beverages, including whisky

This permit allocation is equivalent to the advance granted for 1975 and further issues of import permits for these commodities will be reviewed in May 1976.

PRESS STATEMENT ISSUED BY THE HONOURABLE J.C. HEUNIS,
MINISTER OF ECONOMIC AFFAIRS

Import Control

It is customary at this time of the year to give an indication of the import control policy which the Government intends to pursue in the ensuing year.

In the light of existing economic conditions in South Africa, I have decided that the import control policy for 1976 is to be maintained substantially along the lines which applied during 1975.

A Government Notice fully setting out the import control policy to be followed during 1976, will be gazetted soon.

Further, I have decided to grant importers an advance permit allocation of 40 per cent of the total permits issued to them in 1975 in respect of the commodity groups for which import facilities are determined from time-to-time in the form of global quotas:

- (i) consumer goods
- (ii) clothing
- (iii) confectionery
- (iv) alcoholic beverages, including whisky.

This permit allocation is equivalent to the advance granted for 1975 and further issues of import permits for the commodities in question will be reviewed during May, 1976.

In conclusion, I wish to state that the advance permit allocation upon which I have decided in respect of the aforementioned classes and kinds of goods, will not be issued to importers automatically. Importers who wish to avail themselves of this facility should apply in writing to the Director of Import and Export, Private Bag X192, Pretoria.
