*Explanatory notes*

1. The attention of importers is directed to the fact that this notice becomes operative on the date of publication, but its contents are not applicable to import permits issued in previous years. Import permits are valid for the calendar year indicated thereon but may be used for the Customs clearance of goods ordered up to 31 December of that year and shipped until 31 March of the following year.

2. Importers are reminded of the following:

(i) Goods shall not be shipped unless the importer is in possession of an appropriate valid import permit. Goods which arrive at ports in the Republic of South Africa and for which the importer cannot produce a valid import permit shall be deemed to have been imported in contravention of the Import Control Regulations.

(ii) Import permits may not be negotiated, sold or used to the benefit of any firm not named in the import permit, without the prior written approval and consent of the Director of Imports and Exports. Any import permit which appears to have been used in this manner will be cancelled and withdrawn forthwith.
