GENERALIZED SYSTEM OF PREFERENCES

Notification by Switzerland

Addendum

The following communication, dated 14 February 1983, has been received from the Swiss delegation and is circulated for the information of contracting parties.

1. The Federal Council has decided to amend the Ordinance of 26 May 1982 establishing preferential customs duties in favour of developing countries. In accordance with the progressive dismantlement of most-favoured-nation duty rates decided in the Tokyo Round, the fourth annual reduction took effect on 1 January 1983. As you know, the m.f.n. rates serve as the basis for calculating the preferential rates granted to developing countries (the latter rates being fixed as a percentage of the m.f.n. rates). The lowering of m.f.n. rates therefore requires a periodic adjustment of tariff preferences. This adjustment was made on 1 January 1983 and affects products which do not benefit from duty-free treatment (certain agricultural products, textiles, clothing, footwear, umbrellas, unworked aluminium and dry-cell batteries). (See Annex for the text of the Ordinance regarding these amendments.)

2. On the same date, the Federal Council also decided to amend the Ordinance of 1 July 1975 concerning rules of origin to govern the grant of tariff preferences to developing countries. The amendments are the following:

Annexes IV and V

The notes on the reverse side of the certificate of origin, Form A and Form APR have been amended in accordance with the recommendations made by the Working Party on Rules of Origin of the Special Committee on Preferences of the United Nations Conference on Trade and Development. This amendment took effect on 1 January 1983.

Annex VI

In agreement with the other preference-giving countries of EFTA, with effect from 1 October 1982 Switzerland has granted the regional cumulative system to the member States of ASEAN (Association of South-East Asian Nations).
