TERMINATION OF ACTION

The following communication, dated 28 September 1979, has been received from the Permanent Mission of Canada.

On 1 July 1976, the Government of Canada advised the CONTRACTING PARTIES that it had introduced a temporary emergency global quota on work gloves below a certain price for a period of three years (GATT document L/4382). I have now been instructed to inform you that this measure was terminated on 31 December 1978.
