ARTICLE XIX - ACTION BY CANADA

Double-knit Fabrics

Addendum

TERMINATION OF ACTION

The following communication dated 19 October 1979 has been received from the Permanent Mission of Canada.

My authorities have asked me to notify the GATT that Canada has lifted Article XIX action on double-knit fabrics effective 9 October 1979.

On 8 October 1976, the Government of Canada advised the CONTRACTING PARTIES that it had introduced a global quota on double-knit fabrics (document L/4450). I have now been instructed to inform you that this measure was terminated 9 October 1979.
