Addendum

TERMINATION OF ACTION

The following communication, dated 28 September 1979, has been received from the Permanent Mission of Canada.

On 29 November 1976, the Government of Canada advised the CONTRACTING PARTIES that it had introduced temporary emergency global quotas pursuant to the requirements of Article XIX of the General Agreement (GATT document L/4453). I have now been instructed to inform you that this action was terminated on 31 December 1978. A previous global quota on men's and boys' shirts (GATT documents L/3613 and L/4143), which was subsumed in the global quotas on clothing, was consequently terminated on 29 November 1976.
