ARTICLE XIX - ACTION BY THE UNITED STATES

High Carbon Ferrochromium

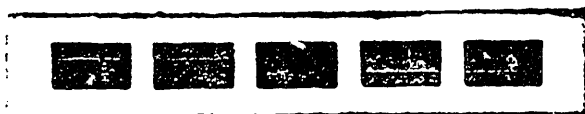

Addendum

EXTENSION OF TIME-LIMIT

The following communication, dated 24 April 1979, has been received from the Permanent Missions of Brazil and the United States.

GATT document L/4702/Add.2 dated 24 January 1979 contains a communication from the Government of the United States and Brazil agreeing to an extension of the ninety-day period set forth in Article XIX paragraph 3(a) with respect to the consultations on United States Article XIX action on imports of high carbon ferrochromium (GATT document L/4702/Add.1 dated 6 December 1978).

These consultations, however, could not be concluded within the period provided for in Article XIX. Therefore, the United States and Brazil have agreed that their reciprocal rights and obligations under the General Agreement will be maintained. For this purpose, the ninety-day period set forth in Article XIX paragraph 3(a) shall be considered to expire 15 July 1979.
