ARTICLE XIX - ACTION BY THE UNITED STATES

High-Carbon Ferrochromium

Addendum

EXTENSION OF TIME-LIMIT

The following communication, dated 31 July 1979, has been received from the Permanent Missions of Brazil and the United States.

GATT document L/4702/Add.4 dated 15 May 1979 contains a communication from the Government of the United States and Brazil agreeing to an extension of the ninety-day period set forth in Article XIX, paragraph 3(a), with respect to the consultations on United States Article XIX action on imports of high-carbon ferrochromium (GATT document L/4702/Add.1 dated 6 December 1978).

These consultations, however, could not be concluded within the period provided for in Article XIX. Therefore, the United States and Brazil have agreed that their reciprocal rights and obligations under the General Agreement will be maintained. For this purpose, the ninety-day period set forth in Article XIX, paragraph 3(a), shall be considered to expire 15 October 1979.
