EXPLANATORY NOTES

Column (1)

- (a) Sub-heading No. in the General Import Tariff.
- (b) The notation "(EX)" means that a specific tariff sub-heading will be established for the product covered by the concession.

Column (2)

- (a) Description of the product.
- (b) Any words in parentheses have been included to clarify the description.

Column (3)

- (a) Bound duty.
- (b) Where two duty rates are given, the concession comprises immediate binding of the first rate and its reduction to the level of the second rate.
- (c) The figure in parentheses indicates the number of years over which the duty reduction is to be staged.

Column (4)

- (a) Import permit.
- (b) The notation "LP" means that the product is subject to prior import permit. In some cases an import quota has been opened which will be applied in a non-discriminatory manner.
- (c) The notation "LI" means that the product is free of any prior import permit requirement, and that this situation is being bound forthwith.

- (d) The notation "LP/LI" followed by a figure in parentheses means that the product is at present subject to prior import permit, and that this requirement will be eliminated after the number of years indicated by the figure in parentheses.
