SERVICES CONNECTED WITH COMMERCIAL OPERATIONS  
MEASURES TAKEN BY THE IVORY COAST

List of Products Exempted from Supervision  
by the General Superintendence Company (S.G.S.)

The following document, dated 16 November 1979, has been received from the Mission of the Ivory Coast for circulation to the countries which participated in the Multilateral Trade Negotiations of the Tokyo Round.

LIST OF PRODUCTS EXEMPTED FROM SUPERVISION BY THE  
GENERAL SUPERINTENDENCE COMPANY (S.G.S.)

| <u>Tariff headings</u> | <u>Description of products</u>                                                                                      |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| 01.01 to 01.06         | Live animals                                                                                                        |
| 02.01 to 02.05         | Meat and edible offals, fresh, chilled or frozen                                                                    |
| 03.01                  | Fish, fresh (live or dead), chilled or frozen                                                                       |
| 03.03                  | Crustaceans and molluscs, whether in shell or not, fresh (live or dead), chilled or frozen                          |
| 04.01                  | Milk and cream, not concentrated or sweetened                                                                       |
| 04.03                  | Butter                                                                                                              |
| 06.01 to 06.04         | Live trees and other plants; bulbs, roots and the like; cut flowers and ornamental foliage                          |
| 07.01 to 07.06         | Edible vegetables and certain roots and tubers                                                                      |
| 08.01 to 08.13         | Edible fruit and nuts; peel of melons or citrus fruit                                                               |
| 10.06                  | Rice                                                                                                                |
| 16.01                  | Sausages and the like, of meat, meat offal or animal blood                                                          |
| 17.01                  | Beet sugar and cane sugar, solid                                                                                    |
| 23.01 to 23.07         | Residues and waste from the food industries; prepared animal fodder                                                 |
| 25.23.10               | Cement clinkers                                                                                                     |
| 27.09.00               | Petroleum oils and oils obtained from bituminous minerals, crude                                                    |
| 27.10 and 27.11        | Petroleum products, only if in bulk                                                                                 |
| 27.14                  | Petroleum bitumen, petroleum coke and other residues of petroleum oils or of oils obtained from bituminous minerals |
| 30.01 to 30.05         | Pharmaceutical products                                                                                             |

| <u>Tariff headings</u> | <u>Description of products</u>                                                                                                                                                                         |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 36.01 to 36.05         | Explosives; pyrotechnic products                                                                                                                                                                       |
| 37.06 and 37.07        | Cinematograph film, exposed and developed                                                                                                                                                              |
| 38.14.20               | Lubricating additives                                                                                                                                                                                  |
| 39.07.40               | Parts for motor vehicles made of the artificial resins and plastic materials of headings 39.01 to 39.06 inclusive                                                                                      |
| 40.10                  | Transmission conveyor or elevator belts or belting, of vulcanised rubber                                                                                                                               |
| 40.14.20               | Parts for motor vehicles, of unhardened vulcanised rubber                                                                                                                                              |
| 40.04.10               | Conveyor or transmission belts or belting, of leather or of composition leather                                                                                                                        |
| 49.01.10               | School books (for primary, secondary and technical education)                                                                                                                                          |
| 49.01.20               | Books of a scientific, professional and technical nature                                                                                                                                               |
| 49.01.30               | Books covering humanities, including law, political economy and religion                                                                                                                               |
| 49.01.40               | Books of general literature, including history and geography                                                                                                                                           |
| 49.02                  | Newspapers, journals and periodicals                                                                                                                                                                   |
| 49.07                  | Unused postage, revenue and similar stamps; stamp-impressed paper; bank notes, stock, share and bond certificates; cheque books                                                                        |
| 59.16.00               | Transmission, conveyor or elevator belts or belting, of textile material, whether or not strengthened with metal or other materials                                                                    |
| 68.14.00               | Friction material of a kind suitable for brakes, for clutches or the like, with a basis of asbestos, other mineral substances or of cellulose, whether or not combined with textile or other materials |

| <u>Tariff headings</u> | <u>Description of products</u>                                                                                          |
|------------------------|-------------------------------------------------------------------------------------------------------------------------|
| 70.08.10               | Safety glass consisting of toughened or laminated glass, shaped or not: motor-car windscreens and windows               |
| 70.01 to 71.16         | Pearls, precious stones and metals, jewellery, goldsmiths' and silversmiths' wares                                      |
| 72.01                  | Coin (gold, silver or other)                                                                                            |
| 73.03                  | Waste and scrap metal of iron or steel                                                                                  |
| 73.29.01               | Articulated link chain for cycles or motorcycles                                                                        |
| 73.29.09               | Articulated link chain for other motor vehicles                                                                         |
| 73.32.00               | Bolts and nuts, screws, rivets, and the like, of iron or steel                                                          |
| 73.35.10               | Springs and leaves for springs, for motor vehicles                                                                      |
| 73.35.90               | Other springs and leaves for springs                                                                                    |
| 73.40.20               | Other articles of iron or steel: reservoirs, tanks, vats and similar containers, of a capacity not exceeding 300 litres |
| 74.01.20               | Copper waste and scrap                                                                                                  |
| 74.15.00               | Bolts and nuts, screws, rivets, and the like, of copper                                                                 |
| 74.16.00               | Springs, of copper                                                                                                      |
| 75.01.20               | Nickel waste and scrap                                                                                                  |
| 76.01.20               | Aluminium waste and scrap                                                                                               |
| 77.01.20               | Magnesium waste and scrap                                                                                               |
| 78.01.20               | Lead waste and scrap                                                                                                    |
| 79.01.20               | Zinc waste and scrap                                                                                                    |

| <u>Tariff heading</u> | <u>Description of products</u>                                                                                                        |
|-----------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| 80.01.20              | Tin waste and scrap                                                                                                                   |
| 84.05.20              | Parts of reciprocating steam power units                                                                                              |
| 84.05.40              | Parts of steam turbines                                                                                                               |
| 84.06.72              | Parts for engines for propelling vehicles of Chapter 87                                                                               |
| 84.06.79              | Parts for other engines of the heading                                                                                                |
| 84.08.61              | Parts of reaction engines and turbo-propellers                                                                                        |
| 84.08.62              | Parts of gas turbines                                                                                                                 |
| 84.08.63              | Parts of wind engines (windmills)                                                                                                     |
| 84.08.69              | Parts of other engines and motors, not specified                                                                                      |
| 84.10.10              | Parts for pumps of sub-heading 84.10.05<br>(delivery pumps fitted with a measuring device)                                            |
| 84.10.20              | Parts for injection pumps for engines                                                                                                 |
| 84.10.31              | Parts for motorcycle engine pumps                                                                                                     |
| 84.10.32              | Parts for other motor vehicle engine pumps                                                                                            |
| 84.10.33              | Parts for pumps for other engines                                                                                                     |
| 84.10.50              | Parts for pumps with self-contained motor                                                                                             |
| 84.10.60              | Parts for pumps of sub-headings 84.10.55 (pumps weighing<br>less than 50 kgs.) and 84.10.50 (pumps weighing not<br>less than 50 kgs.) |

| <u>Tariff heading</u> | <u>Description of products</u>                                                                                                                             |
|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 84.10.75              | Parts for liquid elevators                                                                                                                                 |
| 84.11.40              | Parts of the goods falling within sub-headings 84.11.01, 84.11.09, 84.11.11, 84.11.12, 84.11.21, 84.11.29, 84.11.31 and 84.11.39 (= pumps and compressors) |
| 84.11.60              | Parts of free-piston generators                                                                                                                            |
| 84.11.80              | Parts of fans and blowers of sub-heading 84.11.70                                                                                                          |
| 84.14.40              | Parts of the furnaces and ovens of heading 84.14 (industrial and laboratory furnaces and ovens)                                                            |
| 84.17.72              | Parts of dryers, electrically heated                                                                                                                       |
| 84.17.79              | Parts of other machinery and plant of heading 84.17                                                                                                        |
| 84.18.10              | Parts of centrifuges                                                                                                                                       |
| 84.18.21              | Filters and purifiers for liquids for motorcycle engines                                                                                                   |
| 84.18.22              | Filters and purifiers for other liquids for other motor-vehicle engines                                                                                    |
| 84.18.29              | Filters and purifiers for liquids for other motor-vehicle engines                                                                                          |
| 84.18.51              | Filters and purifiers for gases for motorcycle engines                                                                                                     |
| 84.18.59              | Filters and purifiers for gases for other motor-vehicle engines                                                                                            |
| 84.18.71              | Parts of the machinery and apparatus for filtering and purifying liquids and gases for motorcycle engines                                                  |
| 84.18.79              | Parts of the machinery and apparatus for filtering and purifying liquids and gases for other motor-vehicle engines                                         |
| 84.18.90              | Parts of other machinery and apparatus for filtering and purifying liquids and gases                                                                       |
| 84.19.50              | Parts of the machinery falling within heading 84.19                                                                                                        |

| <u>Tariff headings</u> | <u>Description of products</u>                                                                                                         |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| 84.20.50               | Parts of weighing machinery and weighing machine weights of all kinds                                                                  |
| 84.21.61               | Parts for fire extinguishers and spray guns                                                                                            |
| 84.22.81               | Parts of machinery falling within heading 84.22 (lifting grabs, buckets and articulated grips)                                         |
| 84.22.89               | Parts of other machinery falling within heading 84.22 (for lifting, handling, winching, etc.)                                          |
| 84.23.90               | Parts of the machinery falling within heading 84.23 (mechanical shovels, bulldozers, etc.)                                             |
| 84.24.90               | Parts of the machinery falling within heading 84.24 (agricultural, horticultural, etc.)                                                |
| 84.25.90               | Parts of the machinery falling within heading 84.25 (harvesting, threshing, mowing, etc.)                                              |
| 84.29.90               | Parts of the machinery falling within heading 84.29 (bread-grain milling)                                                              |
| 84.30.90               | Parts of the machinery falling within heading 84.30 (bakery, sugar manufacture, brewing, etc.)                                         |
| 84.31.90               | Parts of the machinery falling within heading 84.31 (for making cellulosic pulp)                                                       |
| 84.32.90               | Parts of machinery falling within heading 84.32 (book-binding, book-sewing)                                                            |
| 84.33.90               | Parts of machines falling within heading 84.33 (for making up paper or paperboard)                                                     |
| 84.34.91               | Parts of machinery and apparatus falling within sub-headings 84.34.11, 84.34.12, 84.34.13 and 84.34.19 (type-founding or type-setting) |
| 84.34.99               | Parts of machinery and apparatus falling within other sub-headings of heading 84.34                                                    |
| 84.35.90               | Parts for machines for uses ancillary to printing                                                                                      |
| 84.38.90               | Parts and accessories for use with the machines of headings Nos. 84.36 and 84.37 and of sub-heading 84.38.10 (textile machines)        |
| 84.40.99               | Parts and accessories for the other machinery falling within heading 84.40                                                             |
| 84.41.90               | Parts for sewing machines including specially designed furniture                                                                       |

| <u>Tariff headings</u> | <u>Description of products</u>                                                               |
|------------------------|----------------------------------------------------------------------------------------------|
| 84.42.90               | Parts of the machinery falling within heading 84.42 (for hides, skins, leather, shoe-making) |
| 84.43.90               | Parts for casting machines, of a kind used in metallurgy and in metal foundries              |
| 84.44.90               | Parts of rolling mills, other than rolls                                                     |
| 84.48.10               | Chucks and work-holding plates, non-magnetic                                                 |
| 84.48.20               | Other work and tool holders                                                                  |
| 84.48.30               | Dividing heads and other appliances for machine-tools                                        |
| 84.48.41               | Other parts and accessories for use with the machine-tools of heading 84.45                  |
| 84.48.42               | Other parts and accessories for use with the machine-tools of heading 84.46                  |
| 84.48.49               | Other parts and accessories for use with the machine-tools of heading 84.47                  |
| 84.49.90               | Other parts and accessories for the machine-tools of heading 84.49                           |
| 84.55.30               | Other parts and accessories for automatic data-processing machines, etc.                     |
| 84.56.90               | Parts for machinery for sorting, screening, washing, etc.                                    |
| 84.57.90               | Parts for the machines falling within heading 84.57                                          |
| 84.59.09               | Parts for nuclear reactors                                                                   |
| 84.59.95               | Parts for presses falling within heading 84.59                                               |
| 84.59.99               | Other parts falling within heading 84.59                                                     |
| 84.61.91               | Parts for valves of sub-heading 84.61.10                                                     |
| 84.61.99               | Parts for other appliances of heading 84.61 (taps, cocks, valves, etc.)                      |

| <u>Tariff headings</u> | <u>Description of products</u>                                                                                            |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| 84.62.00               | Ball, roller or needle roller bearings                                                                                    |
| 84.63.01               | Transmission shafts and cranks for motor vehicles                                                                         |
| 84.63.09               | Other transmission shafts and cranks                                                                                      |
| 84.63.11               | Gear-boxes and other variable speed gears for motor vehicles                                                              |
| 84.63.19               | Other gear-boxes and variable speed gears                                                                                 |
| 84.63.21               | Clutches for motor vehicles                                                                                               |
| 84.63.29               | Other clutches                                                                                                            |
| 84.63.81               | Other equipment of heading 84.63 for motor vehicles                                                                       |
| 84.63.89               | Other equipment of heading 84.63 for other than motor vehicles                                                            |
| 84.63.90               | Parts for equipment falling within heading 84.63                                                                          |
| 84.64.10               | Gaskets and similar joints of composite materials or of laminated metal foil                                              |
| 84.64.20               | Sets or assortments of gaskets and similar joints, dissimilar in composition                                              |
| 84.65.90               | Other parts for machinery, mechanical appliances and apparatus, other, not falling within any other heading of Chapter 84 |
| 85.01.49               | Parts for generators, electric motors and rotary converters                                                               |
| 85.01.90               | Parts for transformers, static converters, rectifiers, etc.                                                               |
| 85.02.51               | Electro-magnetic clutches and couplings, etc., for motor vehicles                                                         |
| 85.02.59               | Other electro-magnetic clutches, etc.                                                                                     |
| 85.02.90               | Parts for the goods falling within heading 85.02 (electro-magnets, etc.)                                                  |

| <u>Tariff headings</u> | <u>Description of products</u>                                                   |
|------------------------|----------------------------------------------------------------------------------|
| 85.04.90               | Parts for electric accumulators                                                  |
| 85.08.01               | Ignition magnetos for aircraft                                                   |
| 85.08.02               | Ignition magnetos for motor cycles                                               |
| 85.08.03               | Ignition magnetos for other motor vehicles                                       |
| 85.08.09               | Other (ignition magnetos)                                                        |
| 85.08.11               | Starter motors for aircraft                                                      |
| 85.08.12               | Starter motors for motor cycles                                                  |
| 85.08.13               | Starter motors for other motor vehicles                                          |
| 85.08.19               | Other (starter motors)                                                           |
| 85.08.21               | Sparking plugs for aircraft                                                      |
| 85.08.81               | Other electrical starting and ignition equipment for aircraft                    |
| 85.08.82               | Other electrical starting and ignition equipment for motor cycles                |
| 85.08.83               | Other electrical starting and ignition equipment for other motor vehicles        |
| 85.08.89               | Other                                                                            |
| 85.08.90               | Parts not elsewhere specified for electrical starting and ignition equipment     |
| 85.11.90               | Parts for the goods falling within heading 85.11                                 |
| 85.13.90               | Parts for electrical line telephonic and telegraphic apparatus, etc.             |
| 85.15.91               | Parts for radio-broadcasting receivers                                           |
| 85.15.92               | Other parts for the goods falling within heading 85.15, for television receivers |
| 85.15.99               | Other parts for other goods falling within heading 85.15                         |

| <u>Tariff headings</u> | <u>Description of products</u>                                                                                 |
|------------------------|----------------------------------------------------------------------------------------------------------------|
| 85.19.90               | Parts for apparatus falling within heading 85.19                                                               |
| 85.21.40               | Diodes, transistors and semi-conductors                                                                        |
| 85.21.90               | Parts for the valves and tubes falling within heading 85.21                                                    |
| 85.24.90               | Other articles of carbon of a kind used for electrical purposes                                                |
| 85.28.00               | Electrical parts of machinery and apparatus, not being goods falling within any of the headings of Chapter 85  |
| 86.09.00               | Parts of railway and tramway locomotives and rolling-stock                                                     |
| 87.06.00               | Parts and accessories of the motor-vehicles falling within headings 87.01, 87.02 or 87.03                      |
| 87.06.10               | Parts of bodies and associated accessories                                                                     |
| 87.06.35               | Transmission parts and components                                                                              |
| 87.06.40               | Suspension parts and fittings                                                                                  |
| 87.06.45               | Wheels and parts thereof                                                                                       |
| 87.06.50               | Tracks and sets of wheels for tracked vehicles, including parts thereof                                        |
| 87.06.55               | Steering-gear parts and components                                                                             |
| 87-06.60               | Brake gear parts and components                                                                                |
| 87.06.65               | Water radiators and parts thereof                                                                              |
| 87.07.90               | Parts for the vehicles falling within heading 87.07 (vehicles of various types used for the handling of goods) |

| <u>Tariff headings</u> | <u>Description of products</u>                                 |
|------------------------|----------------------------------------------------------------|
| 87.12.30               | Parts and accessories for motorcycles                          |
| 87.14.11               | Axles for carts                                                |
| 87.14.80               | Parts for trailers and semi-trailers                           |
| 90.01.20               | Ophthalmic lenses                                              |
| 90.04.10               | Corrective spectacles                                          |
| 90.11.00               | Microscopes and diffraction apparatus, electronic and protonic |
