- European Economic Community

17 December 1979

The acceptance was accompanied by the following declarations:

1. The European Economic Community considers that Canada's non-participation in the International Dairy Arrangement could impair the balance of the concessions exchanged between Canada and the European Economic Community in the Multilateral Trade Negotiations 1973/1979. Accordingly, it reserves the possibility of having recourse to the relevant GATT procedures to assert its rights in the event that an adverse situation for its trade in dairy products resulted from this non-participation by Canada.

2. The European Economic Community urges the Director-General of GATT to convene as soon as possible after the date of entry into force of the Arrangement a meeting of all the signatory countries and Canada in order to examine how that country's participation in the International Dairy Arrangement could be secured.
