Addendum

The following communication, dated 10 August 1982, has been received from the delegation of Canada.

The Government of Canada wishes to advise the CONTRACTING PARTIES of a technical adjustment that has been made to the quota on imports of non-leather footwear into Canada (document L/5263, 30 November 1981) on the basis of more detailed data obtained from Statistics Canada regarding imports of these products during the representative base period. The global quota for the period 1 December 1981 to 30 November 1982 is 34.1 million pairs. The quota will be increased to 35.1 and 36.2 million pairs in the subsequent respective twelve-month periods for which the restrictions are to remain in effect.
