Suspension of concessions by Canada

The following communication, dated 3 July 1984, has been received from the Permanent Mission of Canada.

With reference to GATT documents L/5524/Add.10 of 30 November 1983 and Add.19 of 6 February 1984 concerning notice of suspension of concessions by Canada with respect to United States action to increase tariffs on stainless steel sheet, strip and plate, I wish to inform you that effective 14 June 1984, Canada has revoked the suspension of concessions which was in the form of surtaxes applied to certain stainless steel flat-rolled materials imported from the United States. This action was taken in response to the provision by the United States of a satisfactory form of compensation for the original United States action.
