Addendum

I. With the acceptances stated in documents L/5517 and Adds. 1-9,
the following legal instrument has been accepted on the date specified:

E. Agreement on Interpretation of Articles VI, XVI and XXIII of the
General Agreement on Tariffs and Trade

- EU

15 November 1984

acceptance was accompanied
the following communication:

Portuguese Government has already begun
process of revising its legislative system
administrative procedures in order to make
it consistent with the provisions of the
Agreement and with the practices enumerated in
annexes thereto.

Portugal's new fiscal régime which is to be
implemented is part of the above-mentioned
revision process. It comprises extensive
reforms, such as those necessary for the intro-
duction of value-added tax, and a transitional
period will be needed for adaptation of laws,
regulations and administrative procedures.

During this transitional period the Portuguese
Government will not apply any new export
incentive programmes not consistent with the
Agreement and will refrain from enlarging or
intensifying existing schemes that might not
be consistent with the Agreement.

By accepting the Agreement, the Portuguese
Government reserves its position in regard to
application of the provisions of
paragraph 5(a) of Article 19 to the extent that,

without prejudice to the rights and obligations of other signatories under the General Agreement or the present Agreement, it will take all necessary measures to ensure, within a reasonable period and not later than 31 December 1985, the conformity of its laws, regulations and administrative procedures with the provisions of the said Agreement.

II. The attached Annex shows an updated tabular presentation of the acceptances reflected in documents L/5517 and Adds. 1-10.
