ACCESSION OF MOROCCO

The following communication, dated 14 June 1985, has been received from the Permanent Mission of the Kingdom of Morocco.

Pursuant to the decision of the GATT Council of Representatives, at its meeting of 30 April 1985, to establish a working party to examine the application of the Kingdom of Morocco to accede to the General Agreement, I have the honour to submit herewith a memorandum on the foreign-trade régime of the Kingdom of Morocco for examination by the Working Party and by other interested contracting parties.

Moreover, the Kingdom of Morocco wishes to announce that it is prepared to open tariff negotiations with interested contracting parties.

The Memorandum on Foreign Trade Régime submitted by the Kingdom of Morocco will be circulated as an Addendum to this document and contracting parties will be invited to communicate to the secretariat any questions they may wish to put concerning the matters dealt with in the Memorandum, for transmission to the delegation of Morocco.

Contracting parties wishing to enter into tariff negotiations with Morocco are invited to contact the Moroccan delegation in Geneva and inform the secretariat as soon as possible.
