REPLIES TO QUESTIONNAIRE ON IMPORT LICENSING PROCEDURES

YUGOSLAVIA

The following notification has been received from the delegation of Yugoslavia in response to GATT/AIR/2149, dated 2 May 1985. This notification updates and replaces the information contained in document L/5146/Rev.1.

Subsequent to Yugoslavia's reply to the questionnaire on import licensing procedures (document L/5146/Rev.1), there have been no substantial changes in its import licensing procedures. The only change is that the administrative tax charged for licence application has been raised from 48 to 76 dinars (16 dinars are charged for the application and 60 dinars for the issuance of a licence).

However, the Decision concerning the determination of goods to be exported or imported on the basis of a licence and the conditions and procedure for the issuance of export and import licences, published in the "Official Gazette of the SFR of Yugoslavia" Nos. 8/84 and 22/84, supplements the list of products imported on the basis of a licence by products representing narcotic drugs and psycho-tropic substances.

Attached is an integral list of products subject to the licensing system to replace the Annex in document L/5146/Rev.1.
