Communication from Sweden

The following communication, dated 9 July 1987, has been received from the Permanent Mission of Sweden.

As of 26 May 1987 the Swedish import levy on aluminum cans for beverages imported under tariff heading 20.07 or 22.01-22.03 has been lowered from 44 to 43.5 öre per can. I would appreciate if you could bring this to the attention of contracting parties in accordance with Paragraph 3 of the 1979 Understanding Regarding Notifications and Surveillance (BISD 26S/210).
