GENERALIZED SYSTEM OF PREFERENCES

Notification by Switzerland

Addendum

The following communication, dated 10 March 1988, has been received from the Swiss delegation and is circulated for the information of contracting parties.

In 1987, Switzerland imported goods of a value of Sw F 5,901 million from developing countries covered by the Swiss scheme of preferences (1986: Sw F 5,203 million). The share of developing countries in total imports was 7.8 per cent (1986: 6.8 per cent). Imports admissible under preferences reached a total value of Sw F 3,437 million (1986: Sw F 2,600 million). In 1987, the utilization rate was 37 per cent (1986: 45 per cent). Nevertheless, if one excludes precious stones and precious metals (Chapter 71) which are subject to very low duties and for which preferences are very rarely requested, the rate is 65 per cent. In this context, we would recall that the Swiss scheme of preferences does not provide for any quantitative limitation.

As regards the least-developed countries for which special advantages have been granted since 1 July 1982, their exports to Switzerland reached a total of Sw F 83 million in 1987 (1986: 80 million). Those eligible for preferences reached Sw F 42 million (1986: 35 million) and the utilization rate was 51 per cent (1986: 46 per cent).

As you know, the special and more favourable treatment granted to the least-developed countries comprises duty-free admission for all industrial products covered by the Swiss scheme of preferences, without any quantitative limitation. In addition, zero duty has been granted to them for forty-eight agricultural products.

The Federal Council has decided to add Kiribati, Tuvalu, Mauritania and Burma to the list of least-developed countries eligible for special treatment under the Swiss scheme of preferences.

The Federal Council has also adapted Annexes 1 and 2 of the Ordinance of 26 May establishing preferential customs duties in favour of developing countries to the Harmonized System.

In addition, the Swiss delegation has provided detailed statistical data on imports in 1986 from individual GSP beneficiaries according to different tariff treatments. These are available at the secretariat (tel. 39 51 40) for consultation by interested delegations.

Ordinance of 26 May 1982 establishing preferential customs duties in favour of developing countries

Annexes 1 and 2 shall read as follows:
