GENERALIZED SYSTEM OF PREFERENCES

Notification by Switzerland

Addendum

The following communication dated 31 May 1989 has been received from the Swiss delegation and is circulated for the information of contracting parties.

Annex 1 provides a comprehensive list of GSP items and rates as of 1 July 1989, incorporating the improvements made in the Swiss GSP scheme as a result of pre-Montreal negotiations on tropical products, Annex 2 the list of beneficiary developing countries and Annex 3 statistics on imports in 1988 by Switzerland from developing countries.

TARIFF MEASURES IN FAVOUR OF DEVELOPING COUNTRIES

Tariff Preferences

With effect from 1 July 1989, the Federal Council has decided to implement three trade measures bearing on the Swiss scheme of tariff preferences. In the first place, to give advance implementation to tariff reductions on certain tropical products resulting from the GATT ministerial meeting of December 1988. It should be noted that this measure is of a provisional character and will be reviewed at the end of the present round of negotiations. The reductions relate both to most-favoured-nation rates and to preferential rates. In the second place, Mozambique and Vanuatu have been added to the list of least-developed countries eligible for special and more favourable treatment under the Swiss scheme of tariff preferences. In the third place, tariff preferences are to be granted on imports of crude and crystallized sugar (headings 1701.1100, 1701.1200, ex 1701.990 crystallized sugar). This measure will allow developing countries to export sugar to the Swiss market free of duty.

In 1988, Switzerland imported goods of a value of Sw F 6,365 million from developing countries covered by the Swiss scheme of preferences (1987: Sw F 5,901 million). The share of developing countries in total imports was 7.7 per cent (1987: 7.8 per cent). Imports admissible under preferences reached a total value of Sw F 4,114 million (1987: Sw F 3,437 million). The utilization rate was 35 per cent (1987: 37 per cent). Nevertheless, if one excludes precious stones and precious metals (Chapter 71) which are subject to very low duties and for which preferences are very rarely requested, the rate is 65 per cent. In this context we would recall that the Swiss scheme of preferences does not provide for any quantitative limitation.

As regards the least-developed countries for which special advantages have been granted since 1 July 1982, their exports to Switzerland reached a total of Sw F 109 million in 1988 (1987: Sw F 83 million), i.e. an increase by 31 per cent over 1987. Those eligible for preferences reached Sw F 42 million (1987: Sw F 42 million) and the utilization rate was 56 per cent (1987: 51 per cent).

Ordinance fixing preferential customs duties in favour of developing countries

Amendment

The Swiss Federal Council hereby decrees as follows:

I

Annexes 1 and 2 to the Ordinance of 26 May 1982 fixing preferential customs duties in favour of developing countries is hereby amended to read as follows.

II

This amendment shall enter into force on 1 July 1989.

... February 1989

For the Swiss Federal Council:

The President of the Confederation, Delamuraz
The Chancellor of the Confederation, Buser
