GENERALIZED SYSTEM OF PREFERENCES

Notification by Austria

Addendum

In a communication dated 4 July 1989 the Permanent Delegation of Austria has provided the following information on duty reductions for tropical products.

GSP Scheme of Austria

Notification on Duty Reductions for Tropical Products

With effect from 1 July 1989, Austrian duty rates for tropical products are further reduced. These measures which are taken in the context of the Uruguay Round also lead to a further improvement of the Austrian GSP scheme. Annex A to the Austrian scheme which contains a list of products in Chapters 1-24 of the Customs Tariff (Harmonized System) which are eligible for preferential tariff treatment and the rates of the preferential duties, is further enlarged in its product coverage, and a number of preferential duty rates is lowered, in many cases down to zero. In addition, a new Annex G is attached to the Austrian scheme. This Annex contains a list of products in the industrial sector, *i.e.* falling within Chapters 25-97 of the Customs Tariff, which are considered as tropical products. For these products, the preferential margin will be calculated in the following way:

- for textile and clothing groups, the preferential margin for preference-receiving countries in Group I is 50 per cent (instead of the normal preferential margin for these products of 35 per cent); for preference-receiving countries in Group II (least-developed countries), the preferential margin is 75 per cent (instead of the normal preferential margin for these products of 50 per cent);
- for other industrial products, the preferential margin for preference-receiving countries in Group I is 75 per cent (instead of the normal preferential margin of 50 per cent); for least-developed countries, these products are already duty free under GSP.

For information purposes, a list of products is also attached which contains those tropical products for which the *m.f.n.* rates of duty are reduced, for the time being on a temporary basis, in the context of the Uruguay Round.

ANNEX A

List of products in Chapters 1 to 24 of the Customs Tariff (Harmonized System)
which are eligible for preferential tariff treatment and the rate of the
preferential duties

No. 53.03..... | 18,3 % |

Annotations to Annexes A, B and C

The description of products follows the six-digit level of the Harmonized Commodity Description and Coding System (HS). In cases where the sequence of the subheading numbers corresponds to that of the HS, no further explanation is necessary. In cases, however, where only some of the HS-subheadings numbers are incorporated in the above annexes, the scope of the description "Other" needs further clarification. The same applies in cases where ex-positions are incorporated in the annexes which are formulated in accordance with the terminology of the Austrian Customs Tariff. With a view to facilitating the use of this notification, in particular where the description of products is limited to "Other", the following notes indicate the scope of the respective items.

| Tariff
Item No. | Description of products |
|--------------------|---|
| <u>Annex A</u> | |
| 0301 10 A 2 | - Other than: with a length of 20 cm or less |
| 0305 20 B 3 | - Other than: of eels (<i>Anguilla</i> spp.), in other than airtight containers |
