COMMUNICATION IN PURSUANCE OF PARAGRAPH 3 OF THE
UNDERSTANDING REGARDING NOTIFICATION, CONSULTATION,
DISPUTE SETTLEMENT AND SURVEILLANCE

Communication from Yugoslavia

The following communication, dated 13 March 1990, has been received from the Permanent Mission of the Socialist Federal Republic of Yugoslavia.

In November 1989 Yugoslavia introduced changes in the mechanism for fixing the amount of special charge payable on imports of certain agricultural and foodstuff products.

The relevant legal basis is the following:

- Law on Special Charge Payable on Imports of Agricultural and Foodstuff Products (Official Gazette of the SFRY No. 70/89) and
- The Decision Setting Agricultural and Foodstuff Products Subject to Special Charge (Official Gazette No. 75/89).

The amount of special charge represents the difference between the average domestic price and import price. The import price represents the customs value plus customs duties and other charges, except special charge. The average domestic price is the moving average of the prices of domestically produced products subject to special charge, and it is set up at least once a month in order to enable timely adjustment to changes between domestic and prices of imported products.

The list of products subject to special charge is enclosed.
